**Art and Revolution in Latin America, 1910-1990** David Craven, 2006-01-01 In this uniquely wide ranging book David Craven investigates the extraordinary impact of three Latin American revolutions on the visual arts and on cultural policy The three great upheavals in Mexico 1910 40 in Cuba 1959 89 and in Nicaragua 1979 90 were defining moments in twentieth century life in the Americas Craven discusses the structural logic of each movement s artistic project by whom how and for whom artworks were produced and assesses their legacies In each case he demonstrates how the consequences of the revolution reverberated in the arts and cultures far beyond national borders The book not only examines specific artworks originating from each revolution s attempt to deal with the challenge of socializing the arts but also the engagement of the working classes in Mexico Cuba and Nicaragua with a tradition of the fine arts made newly accessible through social transformation Craven considers how each revolution dealt with the pressing problem of creating a dialogical art one that reconfigures the existing artistic resource rather than one that

just reproduces a populist art to keep things as they were In addition the author charts the impact on the revolutionary processes of theories of art and education articulated by such thinkers as John Dewey and Paulo Freire The book provides a fascinating new view of the Latin American revolutionaries from artists to political leaders who defined art as a fundamental force for the transformation of society and who bequeathed new ways of thinking about the relations among art ideology and class within a revolutionary process Mexican muralist, international Marxist Curtis Swope,2024-10-29 David Alfaro Siqueiros was perhaps the most important communist painter of the twentieth century This book the first sustained engagement with Siqueiros s work in the English language focuses on the artist s late murals which are both aesthetically innovative and politically provocative It places Siqueiros in an international context revealing that the dogmatism he has been charged with was in reality a complex phenomenon It provided a foundation for rather than an obstacle to his efforts to create an art embedded in the day to day concerns and theoretical debates of the world wide mass movement he saw himself as a part of **Mexican Muralism** Alejandro Anreus,Leonard Folgarait,Robin Adèle Greeley,2012-09-08 In this comprehensive collection of essays three generations of international scholars examines Mexican muralism in its broad artistic and historical contexts from its iconic figures to their successors in Mexico the United States and across Latin America *Mexican Painters* MacKinley Helm,2012-03-13 Definitive introduction to art and artists of Mexico during great artistic movements of the 20s and 30s Discussion of Rivera Orozco Siqueiros Galvan Cant Meza many others History tradition social movements etc 95 illustrations *Three Mexican Painters* ,1948\* *Mexican Mural Art* Roberto Cantú,2020-11-24 This volume collects the work of prominent art critics art historians and literary critics who study the art lives and times of the leading Mexican muralists Jos Clemente Orozco Diego Rivera and among other artists David Alfaro Siqueiros Written exclusively for this book in English or in Spanish and with a full length introduction in English the selected essays respond to a surging interest in Mexican mural art bringing forth new interpretations and perspectives from the standpoint of the 21st century The volume s innovative and varied critical approaches will be of interest to a wide readership including professors and students of Mexican muralism as well as the speculative reader public libraries and art galleries around the world
