Building Sanctuary Jessica Squires, 2013-09-20 Canada enjoys a reputation as a peaceable kingdom and a refuge from militarism Yet Canadians during the Vietnam War era met American war resisters not with open arms but with political obstacles and public resistance and the border remained closed to what were then called draft dodgers and deserters Between 1965 and 1973 a small but active cadre of Canadian antiwar groups and peace activists launched campaigns to open the border Jessica Squires tells their story often in their own words Interviews and government documents reveal that although these groups ultimately met with success in the process shaping Canadian identity and Canada's relationship with the United States they had to overcome state surveillance and resistance from police politicians and bureaucrats **Building Sanctuary** not only brings to light overlooked links between the anti draft movement and Canadian immigration policy it challenges cherished notions about Canadian identity and Canada in the 1960s *Runways & Racers* Terry O'Neil, 2011 *Runways and Racers* focuses on sports car races held at military installations throughout America in the early 1950s It was a marriage of convenience for the Sports Car Club of America and the Strategic Air Command with both parties gaining advantages from the arrangement The thorn in the side turned out to be a Congressman whose own aspirations exceeded his standing but who found himself in a position to be able to influence the outcome of events *MGF and TF Restoration Manual* Roger Parker, 2013-03-01 *MGF and TF Restoration Manual* provides the MGF or TF owner with a complete workshop guide to mechanical and body restoration for the cars With the MGF in production between 1995 and 2001 and the MG TF until 2011 many of the cars have survived in a structurally and mechanically sound state without the huge costs and complications of needing a complete body restoration that is so often the case with pre 1980 MGs Topics covered include Model overview and parts supply Workshop safety information Bodywork external and subframes Trim including hood problems and replacement All mechanical components including head gasket replacement Electrical systems including security systems Modification cosmetic mechanical and engine An essential and practical workshop guide for all owners of these attractive sports cars Gives instructions on minor repair and maintenance procedures and covers a full engine strip and rebuild Covers workshop safety information bodywork trim all mechanical components and much much more Features a number of different project cars Superbly illustrated with approximately 1000 colour step by step photographs Roger Parker is an acknowledged MGF and TS expert with years of restoration experience *Water-resources Investigations Report*, 1999

Geological Survey Professional Paper ,1984 StarBriefs 2001 ,2012-12-06 This compilation probably looks like one of the craziest things a human being could spend his or her time on Yet nobody would wonder at someone taking a short walk every day after twenty five years that person would have covered a surprisingly long distance This is exactly the story behind this list which appeared first as a few pages within the directory StarGuides or whatever name it had at that time and as a distinct sister publication since 1990 The idea behind this dictionary is to offer astronomers and related space scientists practical assistance in decoding the numerous abbreviations acronyms contractions and symbols which they might encounter in all aspects of the vast range of their professional activities including traveling Perhaps it is a bit paradoxical but if scientists quickly grasp the meaning of an acronym solely in their own specific discipline they will probably encounter more difficulties when dealing with adjacent fields It is for this purpose that this dictionary might be most often used Scientists might also refer to this compilation in order to avoid identifying a project by an acronym which already has too many meanings or confused definitions
