Conducta sexual del adolescente murciano José Hernández Martínez, 1985 [Cómo fracasar en el amor](#) Andrés Burgos Bohórquez, 2022-11-16 Este breve manual para parejas típicas explora el concepto del amor romántico cuyas raíces pueden rastrearse incluso hasta la mitología griega Con el devenir histórico nuestra forma de amar ha sido alimentada por miles de fuentes de información desde la Escolástica medieval y el amor cortés de las novelas de caballería pasando por el ascenso del capitalismo y sus relatos modernos de posesión hasta terminar con las influencias contemporáneas de Disney el porno la música e incluso las telenovelas latinoamericanas Toda esta mezcla nos ha llevado a comprender el amor actual como una manifestación distorsionada de unos roles de género enfermizamente definidos que de manera inconsciente determinan nuestra forma de amar El autor de esta obra nos presenta este recorrido histórico y cultural desde la ironía y el humor invitándonos a deconstruir todos estos aprendizajes típicos para que podamos amar mejor

universitaria. Así pues, el lunes 6 de junio de 2016 durante toda una jornada el alumnado presentó sus trabajos a través de distintas comunicaciones en formato texto y o póster sobre los que se reflexionó y discutió. Como colofón a la jornada se contó con la presencia del Catedrático de Didáctica y Organización Escolar de la Universidad de Granada Juan Bautista Martínez quien disertó sobre las repercusiones de la investigación científica desarrollada en la Universidad en el marco de una sociedad democrática. Este Comité considera que el EIDA ha sido una actividad que ha permitido atender a los objetivos y responsabilidades de las Universidades públicas, es decir, compartir el conocimiento generado por los y las estudiantes en sus procesos formativos, hacerlo público y dar cuenta a la comunidad universitaria y a la sociedad en general del trabajo realizado. En este sentido, este Comité ha alcanzado dichos objetivos que se propusiera al por diciembre de 2015 al atender a las inquietudes manifestadas por nuestro alumnado de la necesidad de crear un foro de intercambio de experiencias investigadoras y que se materializara en el EIDA y en la publicación que aquí presentamos. Sin duda, esta publicación muestra una de las exigencias propias de cualquier proceso de investigación que es el de difundir el conocimiento a la comunidad científica y a la sociedad.

La prisión y las instituciones punitivas en la investigación histórica Pedro Oliver Olmo, Jesús Carlos Urda Lozano, 2014-09-23. La Historia Social de las Instituciones Punitivas está necesitada en España de encuentro y debate de confrontación y colaboración entre investigadores e investigadoras. Solo así lograr hacerse visible e inteligible como tendencia historiográfica y sobre todo como apuesta teórica metodológica porque de hecho ya es más que creíble como práctica historiográfica. Aquí, en este libro, junto a los logros también se perfilan las carencias y los retos más acuciantes. Lejos de buscar una autonomía extemporánea, la Historia Social de las Instituciones Punitivas quiere buscar su propia viabilidad a base de intersecciones y buenas mezclas. Esos objetivos se planteaba el Grupo de Estudio sobre la Historia de la Prisión y las Instituciones Punitivas GEHPIP, un equipo interuniversitario y con sede en la Universidad de Castilla-La Mancha (UCLM) al organizar lo que de forma homónima decidió titular I Congreso Internacional sobre Historia de la Prisión y las Instituciones Punitivas celebrado en Ciudad Real entre el 10 y el 12 de abril de 2013. El libro electrónico que aquí se presenta es una buena

muestra de lo que all se comunic y discuti Social History of Punitive Institutions in Spain needs meetings and discussions comparison and collaboration between researchers Only then it will become visible and intelligible as a historiographical trend and above all as a theoretical methodological hope because in fact now it is more than conceivable as a historiographical practice Here in this book are outlined along with the achievements the shortcomings and the most pressing challenges Far from seeking an extemporaneous autonomy Social History of Punitive Institutions wants to try to find its own feasibility based on intersections and good mixings Those objectives were considered by the Study Group about History of Prison and Punitive Institutions Grupo de Estudio sobre la Historia de la Prisi n y las Instituciones Punitivas GEHPIP an interuniversity team and with central office at Universidad de Castilla La Mancha UCLM when organising what it decided to name in an homonymous way 1st International Congress on History of Prison and Punitive Institutions I Congreso Internacional sobre Historia de la Prisi n y las Instituciones Punitivas held in Ciudad Real Spain from 10 to 12 April 2013 The electronic book here presented is a good example of what it was told and discussed there
