Facilitating Evaluation Michael Quinn Patton, 2017-10-23 Michael Quinn Patton's *Facilitating Evaluation Principles in Practice* is the first book of its kind to explain in depth and detail how to facilitate evaluation processes with stakeholders. Using the author's own stories of his experiences as an evaluation facilitator, the book illustrates the five evaluation facilitation principles that are the organizing framework for addressing how to work with stakeholders to generate evaluation questions, make decisions among methods, interpret findings, and participate in all aspects of evaluation. Ultimately, this book will help readers perform facilitation to enhance the relevance, credibility, meaningfulness, and utility of evaluations. A must-read for anyone considering a high impact evaluation. Margaret Lombe Boston College *AUDITORY-VERBAL PRACTICE* Ellen A. Rhoades, Jill Duncan, 2017-01-19 Since the first edition of this text, families across English speaking nations have become more diverse and complex. More early intervention practitioners have begun embracing the imperative for family centered early intervention, and increasingly more families and their young children with hearing loss have been requesting the services of auditory verbal practitioners. This second edition, designed to be more reader friendly, is a cross cultural collaboration of expert family centered practitioners that focus on how families and their infants and toddlers with hearing loss might best be served. Toward that end, the authors in this book examine the process toward certification in the field of auditory verbal practice and the empirical bases, as well as research outcomes pertaining to this global wide practice. The development of a systemic and positive perspective critical for practitioners who must evolve to serve more than just the parent child dyad is analyzed. Theoretical and practical bases of family based models and parent child interactions are explored. Issues related to diverse family structures and interactions are considered across chapters. The family decision making process and family centered strategies that can be effectively implemented by practitioners are discussed in detail. Implementing and evaluating routines based interventions within natural environments, as well as ways of engaging families with current technologies, are included in this comprehensive resource. This book provides early intervention service providers with thought provoking insights into the challenges and opportunities that affect 21st century auditory verbal practice. Social Work with Latinos Melvin Delgado, 2017 This book is specifically focused on preparing social workers for practice and research focused on Latinos in the United States. It provides readers with a multi faceted and updated perspective on this community, including dispersal patterns across the United States and tapping cultural assets for development of social interventions. **Guide du Routard Miami 2019/20** Collectif, 2018-10-17 Cet ebook est une version numérique du guide papier sans interactivité additionnelle.
