Mathematics and Multi-Ethnic Students Yvelyne Germain-McCarthy, 2017-05-25 Mathematics and Multi Ethnic Students provides detailed profiles of teachers across the nation who have implemented effective mathematics instruction for diverse student populations In this revised edition Yvelyne Germain McCarthy expands upon the popular case studies and adds two new chapters to highlight the latest educational research and practices that are reflected in the case studies A third new chapter introduces the concept of the Life Long Learning Laboratory where courageous questions on issues such as the impact of race on student learning are discussed Featuring useful framing tools including the Discussion with Colleagues and Commentary sections Mathematics and Multi Ethnic Students translates concrete instances of access and equity into generalized problem solving methods for promoting ethnic diversity across grade levels An important resource for pre service and in service educators researchers administrators and policy makers this volume highlights the work of teachers who have gone beyond mere awareness of reform recommendations in mathematics instruction By uniting the goals of multicultural education with those of the mathematics curriculum educators will learn to conceptualize and implement best practices for effective equitable teaching and learning of mathematics for their students **Mathematics Benchmarking Report**, 2001 **Elementary and Secondary Act Reauthorization** United States. Congress. House. Committee on Education and Labor, 2008 **Grassroots School Reform** K. Farnsworth, 2011-01-18 This book walks community activists through the rationale for assuming local responsibility for academic performance outlines steps needed to drive that change and suggests curricular direction and school policy requirements Public Gardens and Livable Cities Donald A. Rakow, Meghan Z. Gough, Sharon A. Lee, 2020-11-15 Public Gardens and Livable Cities changes the paradigm for how we conceive of the role of urban public gardens Donald A Rakow Meghan Z Gough and Sharon A Lee advocate for public gardens as community outreach agents that can and should partner with local organizations to support positive local agendas Safe neighborhoods quality science education access to fresh and healthy foods substantial training opportunities and environmental health are the key initiative areas the authors explore as they highlight model successes and instructive failures that can guide future practices Public Gardens and Livable Cities uses a prescriptive approach to synthesize a range of public private and nonprofit initiatives from municipalities throughout the country In doing so the authors examine the initiatives from a practical perspective to identify how they were implemented their sustainability the obstacles they encountered the impact of the initiatives on their populations and how they dealt with the communities underlying social problems By emphasizing the knowledge and skills that public gardens can bring to partnerships seeking to improve the quality of life in cities this book offers a deeper understanding of the urban public garden as a key resource for sustainable community development Macmillan/McGraw-Hill Math: Teacher ed., v. 1, 2004 **Community and Junior College Journal**, 1974 **Resources in Education**, 1991 Research in Education, 1973 *The Complete Learning Disabilities*
