Clayton McReynolds,2024-07-19 Reading Words into Worlds asks how it is that reading a novel can feel in some ways like being in a world The book explores how novels give themselves to readers in ways that mimetically resemble our phenomenological reception of given beings in reality McReynolds refers to this process as phenomenological mimesis of givenness and he draws on the phenomenological philosophy of Husserl Heidegger and Jean Luc Marion to explore how masterful novels can make reading ink marks on a page feel like seeing things feeling things and meeting even loving others McReynolds blends rigorous phenomenological study with a personable style first laying out his theory in detail and then applying that theory through close studies of his reading experiences of four British realist masterpieces Defoe s Robinson Crusoe Austen s Northanger Abbey Eliot s Middlemarch and Hardy s Jude the Obscure Ultimately this book offers a grounded phenomenology of novel reading illuminating what gives novels such power to not only thrill readers but to change them *Catalog of Copyright Entries.
