Party Systems And Country Governance:

Party Systems and Country Governance Kenneth Janda, Jin-Young Kwak, 2015-11-17 Party Systems and Country Governance focuses on the variety of party systems across the world and their effects on country governance and the conceptualisation and measurement of country governance International aid agencies have spent millions of dollars believing that the presence of stable party systems contributes to better country governance This study largely supports the assumptions of the aid agencies To measure governance the authors used the existing World Bank Governance Indicators for 2007 on 212 countries They collected parliamentary party data for 189 countries The authors identified fifteen additional countries that did not hold elections for parliamentary parties and eight countries that held non partisan elections seating no deputies by party Together these 212 countries account for virtually all the variations in party systems across the world

Party Systems and Country Governance Kenneth Janda, Jin-Young Kwak, 2015-11-17 Party Systems and Country Governance focuses on the variety of party systems across the world and their effects on country governance and the conceptualisation and measurement of country governance International aid agencies have spent millions of dollars believing that the presence of stable party systems contributes to better country governance This study largely supports the assumptions of the aid agencies To measure governance the authors used the existing World Bank Governance Indicators for 2007 on 212 countries They collected parliamentary party data for 189 countries The authors identified fifteen additional countries that did not hold elections for parliamentary parties and eight countries that held non partisan elections seating no deputies by party Together these 212 countries account for virtually all the variations in party systems across the world

Democracy and Party Systems in Developing Countries Clemens Spiess, 2008-11-27 This book examines and compares the emergence development and impact of the party systems in post colonial India and post apartheid South Africa It will be of interest to academics working in the field of democracy and development Global Governance Beizhan Liu, 2016-09-29 The mainly related topics of this book are political election the pre requirements for the candidates of election political party management discipline management policy portfolio global governance global governance structure the development of the country form of the United Nations the relationships between the United Nations and other international entities management main body law judgment legislation basic human rights and the constitution law Bentham theory news media standardized business valuation framework city planning and so on In this serial book the innovative concepts I proposed include the development of the country form of the United Nations Beizhan global governance thought Beizhan global governance structure the United Nations migration management agency military migration administration department the global migration wish expression system the UN migration management tax system WTO merged with the United Nations WTO based UN global tariff management system unified constituency administration center international country management policy portfolio system revised Bentham theory country management main body and self management

main body and so on Such concepts are very meaningful for managing our world more efficiently and changing our world more scientifically *Poverty and Governance in South Asia* Syeda Parnini, 2014-11-20 Across South Asia in the last two decades there has been widespread emphasis on governance reforms aiming to reduce poverty through Millennium Development Goals MDGs The recent development agenda has had great impact over the region and this book finds that it largely widens the gap between the rich and poor which combined with rising inflation contributes to political instability The book analyses the discourses of development agenda and governance crisis and provides a survey of the region by not only focusing on India Pakistan and Bangladesh but also on the smaller countries in the region such as Bhutan Explaining three components of the development agenda as criteria for economic development poverty reduction governance reforms and civil society participation through liberal democracy this book explores the consequences of the neo liberal democracy and recent development agenda coupled with governance reforms This work argues that the political economy of South Asia is largely derived from experiences of historical colonialism and recent changes driven by contemporary rise of India as a global power after the triumph of new liberal democracy and market capitalism in the post cold war era It proposes a strengthening of the instruments of endogenous governance and people s participation in South Asian countries to reduce poverty through MDGs and other development goals in combination with top down and bottom up approaches Offering an understanding of governance and development in the context of the South Asia this book will be of interest to academics in the fields of Political Economics International Development Studies Political Science and Governance Studies as well as policy makers

Parties and Party Systems Richard Johnston, Campbell Sharman, 2015-11-15 Party systems Party organization For too long scholars researching in these two areas have worked in isolation This book bridges the divide by bringing together leading political scientists from both traditions to examine the intersection of rules society and the organization of parties within party systems Blending theory and case studies Parties and Party Systems builds upon the pioneering work of R Kenneth Carty whose ideas about brokerage politics have influenced a generation of scholars The contributors explore four thematic pathways How does brokerage work across lines of division in society How do partisan teams hold together in the face of the centrifugal pressures that necessitate brokerage How can parties withstand the complicated principal agent relations that inevitably arise And how does the institutional context constrain a multitude of competing interests when it itself is quite fragile By providing new perspectives on parties as organizations that exist within political systems and by raising key questions about the sustainability of brokerage politics this volume will provoke theoretical reconsideration prompt further integrative thinking and inspire future research at the political organization system nexus Political Process in India Mr. Rohit Manglik, 2023-07-23 In this book we will study about the subject of Political Process in India exploring its key themes developments and importance in the broader context of the discipline The book offers foundational and in depth understanding tailored to build academic insight and critical thought *The Republican Evolution* Kenneth

Janda, 2022-11-29 The Republican Party was founded in 1854 to oppose slavery and its spread to new territories and states. Today, under the sway of Donald Trump, it is hardly recognizable as the party of Lincoln or even the party of Eisenhower. How and why has the Republican Party changed so drastically? Kenneth Janda sheds new light on the Republican Party's transformations, drawing on a wide range of quantitative and qualitative evidence. He examines nearly three thousand planks from every Republican platform since 1856, as well as candidate statements and historical sources, tracing the evolution of the party's positions on topics such as states' rights, trade, taxation, regulation, law, and order, immigration, environmental protection, and voting rights. Janda argues that the GOP has gone through three main phases over the course of its history, transforming from a party committed to governance to one vehemently opposed to government. In its first several decades, the Republican Party emphasized national authority and economic development. By the late 1920s, Republicans had begun downplaying the role of government in favor of a new philosophy steeped in free markets. The nomination of Barry Goldwater in 1964 marked a key turning point. Since then, the party has endorsed states' rights, opposed civil rights, and become increasingly ethnocentric. Richly documented with scores of figures and tables, *The Republican Evolution* offers a new perspective on how the GOP became an antigovernment party and whether it can step back from the brink of authoritarianism.

Understanding Governance in South Asia Adluri Subramanyam Raju, 2020-09-30 The concept of good governance in South Asia poses a challenge at the implementation level, mainly due to ethnocentricity, regional disparities, division between poor and rich, and rural and urban division among the people. Concepts such as decentralization, citizen engagement, lean public service, privatization, autonomy, public-private partnership may work well in developed countries but may not produce the same results in the region where the majority of poor people expect their government to fulfill their basic needs. Governance in South Asia needs to be reformed to ensure that poverty can be reduced, if not completely eradicated. Poor governance and the various means by which governance has fallen short have led to lack of development and continuance of poverty in South Asian societies. South Asian countries have more or less similar objectives, structures, value systems, cultures, and standards of governance, despite different forms of government. The colonial legacy of the British administrative system had its impact on centralization. Secrecy, elitism, rigidity, and social isolation are common to all South Asian countries. The post-colonial administrative system is built upon pre-colonial administrative traditions throughout the region. These countries can learn from each other's experiences. They need to develop an indigenous model to find pragmatic solutions to the challenges of good governance. This book argues that countries in South Asia can achieve good results through good governance if they develop and adopt an indigenous model rather than simply borrowing models and ideas from the West. Please note: This title is co-published with Manohar Publishers, New Delhi. Taylor & Francis does not sell or distribute the hardback in India, Pakistan, Nepal, Bhutan, Bangladesh, and Sri Lanka.

Introduction to Niue Gilad James, PhD, Niue is a small Pacific island nation located 2,400 kilometers northeast of New Zealand. The island, with a population of

approximately 1 600 people has a rich history and culture that is reflected in its unique language traditional crafts and dance Niueans are Polynesians with their culture religion and way of life intertwined with the environment The island is known for its crystal clear waters and coral reefs making it a popular destination for tourists seeking adventure and relaxation The island has been inhabited for over 1 000 years and was discovered by Captain James Cook in 1774 Niue gained independence in 1974 from New Zealand but still maintains a special relationship with it The island is self governed but is supported by New Zealand in areas such as defense and foreign affairs Niue s economy is primarily driven by tourism selling of postage stamps and the use of its internet domain name nu The small island has faced challenges such as cyclones and economic struggles but its unique culture and strong community continue to thrive Overall Niue is a fascinating and unique destination with a rich cultural history that is intertwined with its breathtaking natural environment

Local Government in Europe

Lackowska, Marta, Szmigiel-Rawska, Katarzyna, 2021-09-08 Drawing on classical and emerging research perspectives this comprehensive book provides an up to date review of local government in Europe Featuring an impressive range of contributors from both eastern and western Europe the book addresses three main topics territorial reforms democratic empowerment of citizens and the role of local leadership as well as new trends in local finances Acknowledging their inherent diversity the book examines the ways that local governments have responded to shared challenges such as climate change increasing populism and democratic deficit in order to identify both the variety and communalities between the country specific features In doing so it provides a rich picture of the latest trends in local government as well as pointing the way for future developments

Party System in India Ajay K Mehra, India s party system has been under flux transformation and reconfiguration since the end of the 1980s By the time the sun set on the twentieth century the party system in India had developed a plurality of national and regional levels and following several experiences in fits and starts coalition making among the parties too stabilized at the national level The dawn of twenty first century thus witnessed a federalized party system in place where coalition making and cohabitation amongst the parties stabilized at both national and regional levels As a result since 1999 India has had two completing governments completing their full term at the national level the third UPA II has completed four years and despite hiccups is likely to complete its full term till mid 2013 However the party system in the country has turned competitive and several trajectories of alternation are being attempted by parties and leaders making the emerging political situation fluid The volume attempts to capture the emerging trajectories of the party system in India in the second decade of the twenty first century with seventeen essays written specially for this volume by scholars who met several times to discuss and formulate questions and critique each other s drafts Overall the volume provides an incisive and comprehensive analysis of the far reaching changes that India s political parties and party system are undergoing It looks into the institutional dimensions processes and agenda federal manifestations transitions including generational change and extraneous influences brought in by globalization Indian Diaspora and the impact of new media

technology Constituting an important contribution to the on going debate on the Indian party system this volume will attract the attention of students of Indian politics political science democracy party systems and comparative politics **The Palgrave Handbook of Indicators in Global Governance** Debora Valentina Malito,Gaby Umbach,Nehal Bhuta,2017-11-27 This volume brings together both academic and institutional perspectives to examine the production use and contestation of indicators in global governance It provides a unique and comprehensive guide to the latest research in the study of indicators and their use in global governance and policy making The editors provide a guide to the recent vast body of literature and practice on measuring governance and measurement as governance at the global level and present a state of the art analysis of social science research on indicators at both the transnational and the global level The Handbook brings together scholars from a variety of disciplines and perspectives as well as policy makers from international organisations and non government organisations working in the field This volume will be a valuable resource for students and academics in the fields of public policy administration and management international relations political science law and globalisation as well as policy makers and practitioners *Post-Communist Party Systems* Herbert Kitschelt,1999-08-13 Examines democratic party competition in four post communist polities in the 1990s The work illustrates developments regarding different voter appeal of parties patterns of voter representation and dispositions to join other parties in alliances Wider groups of countries are also compared **The national government.- The state governments.- v.2. The party system.- Public opinion.- Illustrations and reflections.- Social institutions** James Bryce Bryce (Viscount),1893 Introduction to Nepal Gilad James, PhD,2011-03 Nepal is a landlocked country in South Asia that is situated between India and China It has a population of almost 30 million and is known for its stunning natural beauty and unique cultural traditions The country is home to some of the world s highest mountains including Mount Everest which attracts thousands of trekkers and climbers every year Nepal s geography is also marked by deep river valleys dense forests and a variety of wildlife Despite being one of the poorest countries in the world Nepal has a rich cultural heritage that is reflected in its festivals music and art The country s religion is predominantly Hinduism although there is also a sizeable Buddhist minority Visitors to Nepal can explore ancient temples palaces and shrines as well as enjoy a variety of outdoor activities such as trekking rafting and paragliding Nepal is also home to over a hundred different ethnic groups each with their own distinct language and customs making it a truly vibrant and diverse country Global Marketing Management Masaaki (Mike) Kotabe,Kristiaan Helsen,2020-01-09 Global Marketing Management 8th Edition combines academic rigor contemporary relevance and student friendly readability to review how marketing managers can succeed in the increasingly competitive international business environment This in depth yet accessible textbook helps students understand state of the art global marketing practices and recognize how marketing managers work across business functions to achieve overall corporate goals The author provides relevant historical background and offers logical explanations of current trends based on information from marketing executives and

academic researchers around the world Designed for students majoring in business this thoroughly updated eighth edition both describes today's multilateral realities and explores the future of marketing in a global context Building upon four main themes the text discusses marketing management in light of the drastic changes the global economy has undergone the explosive growth of information technology and e-commerce the economic and political forces of globalization and the various consequences of corporate action such as environmental pollution substandard food safety and unsafe work environments Each chapter contains review and discussion questions to encourage classroom participation and strengthen student learning

Dictionary of Contemporary Chinese Economics Hong Yinxing, 2025-05-26 This Dictionary provides the theoretical summary and conceptual framework around the milestones obtained through Chinese reform and development and highlights the research achievements of Chinese economics over the past 40 years It also presents Chinese economics to the world featuring the Belt and Road Initiative and the Chinese theory and Chinese system to be known and shared internationally with a Chinese intellectual foundation It sets out to frame the theoretical achievements of extraction and summary of practice experience from Chinese reform and development The choice of entries in the Dictionary seeks to embody the very Chinese characteristics of economics and the combination of theory and practice is illuminated Furthermore the dictionary explores examples of scientific achievements that traditional economics has brought forward and how they fit and unify within both a Chinese as well as an international context
