Challenges and Objections Luteria Archambault.,2014-05-22 I felt I had been placed in the center of something that was alive pulsating with life I knew God had placed me there and that he was in control As I stood there sobbing I felt something the consistency of liquid being poured over my head again and again It ran down the entire length of my body My knees buckled and I fell to the floor from the weight of it With each pour I felt a love for my father that was so big and powerful that I actually felt my body would burst This was not a natural love it was far greater As this liquid was being poured upon me I became aware of a powerful presence in the room Then I heard the Lord say to me I had to anoint you so that you could feel just a little of the love I have for your father Surfing Places, Surfboard Makers Andrew Warren,Chris Gibson,2014-01-31

Over the last forty years surfing has emerged from its Pacific islands origins to become a global industry Since its beginnings more than a thousand years ago surfing s icon has been the surfboard its essential instrument the point of physical connection between human and nature body and wave To a surfer a board is more than a piece of equipment it is a symbol a physical emblem of cultural social and emotional meanings Based on research in three important surfing locations Hawai i southern California and southeastern Australia this is the first book to trace the surfboard from regional craft tradition to its key role in the billion dollar surfing business The surfboard workshops of Hawai i California and Australia are much more than sites of surfboard manufacturing They are hives of creativity where legacies of rich cultural heritage and the local environment combine to produce unique bold board designs customized to suit prevailing waves The globalization and corporatization of surfing have presented small independent board makers with many challenges stemming from the wide availability of cheap mass produced boards and the influx of new surfers The authors follow the story of board makers who have survived these challenges and stayed true to their calling by keeping the mythology and creativity of board making alive In addition they explore the heritage of the craft the secrets of custom board production the role of local geography in shaping board styles and the survival of hand crafting skills From the olo boards of ancient Hawaiian kahuna to the high tech designs that represent the current state of the industry Surfing Places Surfboard Makers offers an entr e into the world of surfboard making that will find an eager audience among researchers and students of Pacific culture history geography and economics as well as surfing enthusiasts **Unheimliche** Philip M.
