Past Event And Present Salvation The Christian Idea Of Atonement:

Past Event and Present Salvation Paul S. Fiddes, 1989-01-01 How can an event that has taken place in the past have an effect upon the human experience of salvation in the present In examining one of the essential questions of the Christian faith Paul S Fiddes explores the limits as well as the gains to be made in speaking about crucifixion as a historical event and considers the relationship of the crucifixion to the continuing process of God's saving activity He considers the relevance of a past act of atonement to such areas of practical experience as forgiveness liberation and suffering **The Nature of Christian Doctrine** Alister E. McGrath, 2024 Alister E McGrath provides a fresh and engaging account of the origins development and abiding importance of Christian doctrine The book explores why Christianity developed doctrines in the first place and why doctrines continue to be vital to the present and future of Christian communities *Theology in Service of the Church* Charles A. Wiley, Sheldon W. Sorge, Barry A. Ensign-George, 2008-01-01 A surprise festchrift for the retiring theologian former director of the Office of Theology and Worship for the Presbyterian Church USA **The Continuum Companion to Hume** Alan Bailey, Dan O'Brien, 2012-03-08 With chapters written by internationally renowned experts in their field this is an authoritative reference guide to the work thought and influence of David Hume **Crucicentric, Congregational, and Catholic** David R. Peel, 2019-03-04 This book presents a synthesis of Alan Sell's theology drawn from his voluminous publications As Sell's doctrinal views are explored and interpreted his indebtedness to P T Forsyth becomes clear What emerges is a theology rooted in and flowing from the Cross Resurrection event Standing in the Separatist Dissenting and Nonconformist traditions Sell advocates a wholehearted commitment to a Congregational ecclesiology which he maintains carries the potential to break through the log jams holding up the establishment of full ecumenical relationships across the churches Saddened by Christianity's many sectarianisms Sell's intentions are thoroughly catholic while his faithfulness to the Christian tradition handed on to him is matched by a willingness to receive insights from beyond it The result is a generous if eclectic expression of Christian orthodoxy The critical phase of the book turns upon the question whether Sell's generous orthodoxy is generous enough Do his theological conclusions actually do justice to the life and ministry of Jesus And secondly are they credible in the contemporary world For all Sell's commitment to apologetics does his theology actually speak to contemporary hearers Biblical Boundaries of Forgiveness Vee Chandler, 2021-11-23 In this well researched and ethical study Vee Chandler combines insight gathered from the writings of scholars and Christian philosophers with personal observations and biblical perspectives to examine the nature and value of forgiveness and help those struggling with the concepts of repentance forgiveness and reconciliation Chandler begins by exploring key questions such as When does God forgive and not forgive and What is God's wrath and mercy and then attempts to answer these questions by first defining terms according to their scriptural usage She then examines the relationship between repentance forgiveness and reconciliation according to the biblical model In the second section Chandler exegetically scrutinizes

scriptural texts related to interpersonal forgiveness as well as passages concerning how God's people should relate to their enemies and to evil persons Finally Chandler examines the ethics of forgiveness from a moral and philosophical point of view and ultimately establishes a model for forgiveness and reconciliation based on the biblical pattern and defended from a logical and ethical perspective Biblical Boundaries of Forgiveness embraces the contribution of Christian philosophers while examining the nature and value of forgiveness from spiritual and moral viewpoints

The Mystery and the Passion David G. Buttrick, 2002-09-06 resurrection and death in order to connect modern preaching with the excitement of a changed world Although we may be jaded by sermons that chase Bible verses tediously for twenty minutes or more original listeners heard the gospel as a huge excitement The apostles announced a changed world The human world they claimed had begun all over again we are living now in a new creation They invited startled listeners to join God's new humanity From the Introduction Buttrick's treatment is no romanticizing of early Christianity The church then was as dismaying as it is now Instead this book focuses on the early Christian sense that they had passed from death to new life a reversal that began with Jesus resurrection then explored his passion and finally his ministry and life This book carefully examines the Gospel traditions so that this great reversal can be captured in Christian theology and proclamation

SCM Studyguide: Theology in the Contemporary World Ben Pugh, 2017-10-30 No sooner have they mastered the basics than students of theology can quickly find themselves in over their heads They are bombarded with claim and counter claim as soon as they want to tackle anything topical The contentious subjects tend to be the historical Jesus gender and sexuality or the atonement Other subjects might be less contentious but attract an astonishing excess of literature Take the vast literature tackling the subject of the Church for instance or the bloated body of tomes on various aspects of Pneumatology This book tries to provide the bewildered and intimidated student with a primer that is at once introductory and incisive approachable and informative It will help those training for ministry to recover their fascination for the subject of theology and how it could apply to their future ministry

The Radical Evangelical Nigel G. Wright, 2016-08-31 The gospel we profess is the most radical power on earth reaching to the depths of our personal social and political existence It needs a radical people to embody and proclaim it This book examines the nature of evangelical theology dealing with areas of persistent disagreement and controversy such as the status of the Bible the nature of Christ's achievement on the cross and the meaning of hell It offers a new way forward that remains committed to the fundamentals of faith while retaining a flexible response to the challenges of the future

James Baldwin and the Short Story Benedict Ushedo, 2018-03-21 This book examines the range of issues that echo in James Baldwin's short stories It articulates and defends the claim that the stories in the collection *Going to Meet the Man* are driven by the autobiographical memory of the author To support this line of thought and the related proposition that the stories feed into themes relevant to self knowledge vicarious suffering love and forgiveness their effectiveness as transformative and revelatory texts is highlighted By drawing on contemporary studies and challenging the view that short stories are no more

than miniature pieces merely echoing major works of their authors this book demonstrates that the short story genre can be profoundly forceful and effective in the articulation of complex human issues This study shows also that the humanistic import of the Baldwin stories is amplified by their ability to accumulate moral tension as they elicit the participation of the reader in an imaginative quest for a better world **Jesus Christ for Contemporary Life** Don Schweitzer,2012-02-13

Jesus Christ for Contemporary Life is an understanding of Jesus as the Word of God grounded in what can be known historically of Jesus and informed by subsequent reflection upon him which hopes to help shape a Christian identity characterized by bounded openness Don Schweitzer moves from the historical Jesus to the present in three parts In the first part Schweitzer develops an understanding of Jesus as the Word of God who became incarnate to give the goodness and beauty of God further expression in time and space Second he explores how various atonement theories articulate ways in which Jesus empowers people to further express this beauty and goodness in their own lives And finally Schweitzer explores how Jesus relates to people in the church to the events and movements in history to other religions and to Christians in their dialogue with God in prayer **A Pauline Theology of Justification** James B. Prothro,2023-02-21 Paul s teaching about

justification is always important for understanding the apostle and for Christian theology And for that same reason it is always debated James B Prothro s book looks at the apostle s words about righteousness faith the Mosaic law and life in Christ to connect the dots of Paul s thought and to bring Paul into dialogue with major theological traditions He offers an account of justification that is both forensic and thoroughly participatory God s gift of forgiveness friendship and new life in Christ through the Spirit **Redemption** Nicholas Roumas,2025-08-05 A bold trailblazing investigation into soteriology approached by way of Girardian mimetic theory and Eastern Orthodox theological reflection Redemption A Mimetic Soteriology brings French literary critic Ren Girard s mimetic theory of human behavior together with a breadth of Christian approaches to redemption through the Cross Girard s mimetic understanding of sacrifice is drawn upon to illuminate biblical narratives about redemption as well as the theologies of Anselm of Canterbury Peter Abelard and Gregory of Nyssa Nicholas Roumas shows by these readings that redemption can be understood as a reconfiguration of symbolic values with profound consequences for human relations and social organization Redemption thus serves theologians as a basis for a new practical dogmatics This exploration is a breath of fresh air in Orthodox theology utilizing patristic and scriptural sources outside the framework of the predominant neo Patristic synthesis and introducing an entirely new modern paradigm onto the Orthodox scene For theologians of other traditions Redemption contributes to the library of Girardian theologies its first Eastern Orthodox installment For Girardians it provides critique and refinement of many of Girard s most nuanced views and gives due attention to overlooked and controversial aspects of his thought For the lay reader the book provides an accessible entry into the spirituality of the Cross through a lens that is both modern and traditional Redemption provides a revitalizing infusion into contemporary Orthodox theological discourse Its ideas will impact theology in the Orthodox Church and beyond

for decades to come and are the basis for a paradigm shift in our understanding of redemption and its practical consequences. The lay reader and professional theologian alike will find novelty and utility in its ideas. Providence Made Flesh Terry J. Wright, 2009-11-01 Traditional discussions of the Christian doctrine of providence often center on the relation between divine agency and human freedom seeking to offer an account of the extent to which a person is free before God the first cause of all things. Terry J. Wright argues that such riddles of causation cannot determine the content of providence and suggests a unique and alternative framework that depicts God's activity in terms of divine faithfulness to that which God has made. Providence is not God as first cause acting through creaturely secondary causation; rather, providence is God's sovereign mediation of the divine presence across the whole world achieved through creaturely faithfulness made possible and guaranteed by his own faithful action in Jesus Christ. The Routledge Companion to Religion and Film John Lyden, 2009 The Routledge Companion to Religion and Film brings together a lively and experienced team of contributors to introduce students to the key topics in religion and film and to investigate the ways in which the exciting subject of religion and film is developing for more experienced scholars. Divided into four parts, the Companion analyzes the history of the interaction of religion and film through periods of censorship as well as appreciation of the medium; studies religion in film, examining how the world's major religions as well as Postcolonial Japanese and New Religions are depicted by and within films; uses diverse methodologies to explore religion and film such as psychoanalytical, theological, and feminist approaches; and audience reception analyzes religious themes in film including Redemption, the Demonic Jesus or Christ Figures, Heroes, and Superheroes. It considers films as diverse as The Passion of the Christ, The Matrix, Star Wars, and Groundhog Day. This definitive book provides an accessible resource to this emerging field and is an indispensable guide to religion and film for students of Religion Film Studies and beyond. Tracks and Traces Paul S. Fiddes, 2007-09-01 This is a comprehensive yet unusual book on the faith and life of Baptist Christians. It explores a Baptist understanding of the church, ministry, sacraments, and mission from a thoroughly theological perspective. In a series of interlinked essays, the author relates Baptist identity to a theology of covenant and to participation in the communion of the triune God. The book thus surveys the tracks of heritage, giving a solid historical background to each of the major themes while at the same time offering traces of possible paths for the future based on a tracing out of a vision of God. Paul on the Cross David A. Brondos, Even as theologians and others have become more critical of classic theories of atonement, Brondos maintains, biblical scholars have continued to understand Paul's soteriology based on the language and categories of a thousand years later. In this vital volume, he draws the theological consequences of the new perspective on Paul for our understanding of the meaning and efficacy of Jesus' death. Paul, says Brondos, understood Jesus' death primarily as the consequence of his mission of serving as God's instrument to bring about the awaited redemption of Israel, in which Gentiles throughout the world would also be included. For Paul, Jesus' death is salvific not because it satisfies some necessary condition for human salvation as most

doctrines of the atonement have traditionally maintained not because it effects some change in the situation of human beings or the world in general but because God responded to Jesus' faithfulness unto death by raising him, ensuring that all the divine promises of salvation would be fulfilled through him. Jesus' death forms part of an overarching story culminating in the redemption of Israel and the world. It is this story and in particular what precedes and follows Jesus' death on the cross which makes that death redemptive for Paul.

Arius on Carillon Avenue Peter Carnley, 2023-11-09 In this book and its companion volume *The Subordinate Substitute* Peter Carnley unpicks logical knots and entanglements of argument found today in contemporary expressions of belief in the eternal functional submissiveness of the Son to the Father. Trinitarian subordinationism and complementarianism is characteristically found along with associated conservative evangelical beliefs in the subordination of women to men and the theology of redemption known as the penal substitutionary theory of the atonement. This theological package is energetically promoted amongst conservative evangelical Christians, most notably members of the Southern Baptist Church and Presbyterians of the Westminster Tradition in the United States and Britain and very significantly amongst conservatively minded Anglicans of the Diocese of Sydney and elsewhere across Australia. All the while the argument of this book is driven by the question of whether this popular phenomenon of contemporary evangelical Christianity is fairly and legitimately categorized as a modern form of the ancient heresy of Arianism.

The Justifying Judgement of God Justyn Terry, 2008-02-01 This monograph argues that the doctrine of atonement may be presented more coherently by recognizing judgement as the principle metaphor of the reconciling work of Christ. Judgement understood not only as condemnation but as the whole process of bringing about justice provides the pattern to which victory, redemption and sacrifice may be compared and to which they should be related. The first section is a study of twentieth century British atonement theology to understand the assumptions that give rise to the difficulties in proclaiming the atonement. The second section examines Karl Barth's account of reconciliation in terms of the judgement of Jesus Christ and its relationship to victory, redemption and sacrifice. The proposal is made that judgement is the paradigmatic metaphor of the doctrine of atonement. The implications of this claim are then considered for the response to the work of Christ and how repentance, baptism, Eucharist and holiness are related to judgement.

Within the Love of God Anthony Clarke, Andrew Moore, 2014-11-27 The doctrine of God is central to theology for it determines the way in which other regions of Christian doctrine are articulated yet work on this topic in its own right has been occluded recently by treatments of the Trinity or divine passibility. This collection of specially commissioned essays presents major treatments of key themes in the doctrine of God motivated by but not restricted to the work of Professor Paul S Fiddes to whom it is offered as a *Festschrift*. It includes invigorating discussions of the biblical and non-biblical sources for the doctrine of God and the section on Metaphysics and the Doctrine of God examines some of the most important conceptual questions arising in contemporary theological debate about the being and nature of God and God's relations to the world. The final section of the book on God and Humanity will be

highly relevant to scholars working in the fields of theological anthropology moral and political theology on inter faith relations on theology and literature or who are interested in the impact of contemporary science on the doctrine of God The introduction relates the essays in the book to the work of Professor Fiddes and to wider debates in Christian doctrine This volume brings together a team of internationally distinguished scholars from a wide range of theological philosophical and religious perspectives and it will stimulate fresh thinking and new debate about this most central of topics in Christian theology
