Hesselgrave, 2002-01-08 Christians are being called upon increasingly to care counsel and cure across cultural boundaries writes the author Of course foreign missionaries counsel people from other cultures but so do many pastors particularly those in urban settings Because Christian counseling theory presupposes that counselor and counselee share the same culture the insights of this discipline must be brought together meaningfully with the cross cultural perspectives of missiology Counseling Cross Culturally pioneers this new field After surveying approaches to counseling in the West and those in the non Western world the author develops a theory of Christian cross cultural counseling The final part consistent with the author's broad view of counseling discusses counseling concerned with the well being of people Christian conversion spiritual growth and development of a Christian life style and Christian service Numerous case studies drawn from a variety of cultures provide realistic examples of the questions that counselors will encounter A psychologist who trains Christian workers for cross cultural service describes this book as a helpful thoughtful study of complex issues surrounding counseling It is extremely valuable to expose any missionary candidate to this type of book It broadens awareness to cross cultural issues and touches on common problems of missionary counselors Counseling Cross Culturally is an admirable attempt to integrate a conservative evangelical theology with the complexities of culture and life **Conflict Mediation Across Cultures** David W. Augsburger, 1992-01-01 Believing not only that conflict is inevitable in human life but that it is essential and can be quite constructive Augsburger proposes a shift to an international approach in resolving conflict Augsburger focuses on interpersonal and group conflicts and provides a comparison of conflict patterns within and among various cultures

Christian Theology in Practice Bonnie J. Miller-McLemore, 2012-02-02 For the past fifty years scholars in both pastoral and practical theology have attempted to recapture human religious experience and practice as essential sites for theological engagement redefining in the process what theology is how it is done and who does it In this book Bonnie J Miller McLemore shows how this trend in scholarship has led to an expanded subject matter alternative ways of knowing and richer terms for analysis in doing Christian theology Tracing more than two decades of her own search for a more inclusive discipline one that truly grapples with theology in the midst of life *Christian Theology in Practice* shows not only where Miller McLemore herself has traveled in the field but also how pastoral and practical theology has developed during this time Looking forward Miller McLemore calls on the academy and Christian congregations to disrupt conventional theological boundaries and to acknowledge the multiplicity of shapes and places in which the wisdom of God appears

Pentecostal Exorcism Opoku Onyinah, 2019-05-21 Witchcraft and exorcism have long been dominant features of life in African cultures This unique book provides a thorough field research based description and analysis of a specifically Pentecostal Christian response to these phenomena within the Akan culture of Ghana Anthropological studies generally claim that the ultimate goal of exorcism is modernisation Using interdisciplinary studies with a theological focus the author takes a different view arguing that it is divinatory consultation or an inquiry into the sacred and the search for meaning that underlies the current deliverance ministry where the focus is to identify and break down the so called demonic forces by the power of God and to deliver people from their torment The deliverance ministry is one attempt to contextualise the gospel for African people However preoccupation with demonisation and exorcistic practices is found to bring Christianity into tension with the Akan culture family ties and other religions In order to develop a properly safeguarded ministry of exorcism in an African context the author examines contextualisation and suggests the integration into African Christianity of divinatory consultation which has strong resonances with the biblical concept of prayer

the first century New Testament era and enrich their understanding of the whole Bible Readers will uncover a new way of looking at Scripture which will lead them to a more complete perspective on the culture in which Jesus Christ was born lived died buried and rose again Study to show thyself approved unto God a workman that needeth not to be ashamed rightly dividing the word of truth II Timothy 2 15 **Spiritual Care in our Multifaith World** Daniel S. Schipani, 2024-07-16

Across the helping professions and as a compassionate response to human suffering spiritual care is a special process of companioning Furthermore all forms of spiritual care always consist in connecting diverse wisdom traditions with care receivers spiritual resources longings and struggles in socio cultural and contextually pertinent ways This book thoroughly explicates such understanding with interdisciplinary lenses Its main purpose is to offer a comprehensive response to the new challenges and opportunities for excellent care presented by increasing cultural and religious spiritual pluralization Practical guidelines and case studies are connected with models of spirituality spiritual toxicity and injury communication strategies for engaging difference patterns of caregiving work and profiles of professional competence In addition to offering an overarching orientation to the field the contents of this book invite further reflection dialogue and collaboration among clinical pastoral education and psychospiritual therapy students and supervisors chaplains pastors and other religious caregivers counselors psychotherapists and others interested in spiritual care in our multifaith world It thus reflects the shared hope and indeed the expectation that spiritual care theory and practice across traditions and disciplines will continue to be enhanced in the days ahead *The Motives of Self-Sacrifice in Korean American Culture, Family, and Marriage* Chul Woo Son, 2014-01-24 The concept of self sacrifice is highly important to Korean Americans With hierarchy of age social status and gender defined roles taking primacy over equality and justice self sacrifice becomes instrumental in maintaining family and social relationships Unfortunately in family relationships sacrifice has more to do with submission and endurance than it does with sacrificial service that is redemptive and mutually beneficial When self sacrifice carries hidden motives coercive responsibility obligation shame guilt or one s reputation that self sacrifice is not self giving neither serving nor being of mutual benefit In this context it is important to explore the attitudes and motives of self sacrifice in Korean American families In unlocking and exploring the dynamics of the theology and practice of self sacrifice for Korean Americans this book explores cultural virtues marital relationships gender inequality domestic violence and their theological implications The author introduces a new approach and model with a proposal for a healthier and a more judicious understanding of self sacrifice for Korean American family relationships The element of equal regard as pertaining to self sacrifice offers Korean Americans a refreshing hope in the perspective of familial relationships and a liberating casting off of culturally and religiously imposed burdens The Korean American family ought to be grounded on a love ethic of equal regard and place its value on mutuality self sacrifice and individual fulfillment When this is done sacrificial love can be understood as justly appropriated for both husbands and wives males and females and parents and children Thus Christian teaching and theology

may deliver a more transparent message of true agape and its liberating effects for the marginalized especially women and children

Building the Resilient Community M. Jan Holton, 2011-01-01 How do some communities around the world that suffer outrageous violence and trauma manage with few outside resources not only to survive but to thrive September 11 the devastation of hurricane Katrina school shootings and other events of community violence and trauma have taught us as a nation and a church about the fundamental importance of building a caring community that fosters resilience and hope Building the Resilient Community takes a refreshing turn of perspective by giving priority not only to the formally educated voices of the West but to those among the most marginalized and invisible in the world refugees Based on ethnographic research in Kakuma Refugee Camp and remote villages of southern Sudan Holton presents a communal case study of a group of devoutly Christian refugees known as the Lost Boys of Sudan and asks the question Might they have

something to teach us about being a resilient community As Holton investigates their deeply embedded cultural and religious beliefs that nurture a profound sense of responsibility toward others we find a communal relationship that reflects a unique sense of care and obligation This deep frame for communal care breaks through as the root of a remarkable faith narrative that serves to help mitigate symptoms of trauma and to undergird resilience and may do the same for us *The Encyclopedia of Christianity* Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Containing more than 300 articles covering the alphabetical entries P Sh this book also includes articles on significant topics ranging from Paul political theology and the Qur an to religious liberty salvation history and scholasticism
