are critical to the company's success. That's why I created the three step system described in this book. The system has been tested with hundreds of companies of all sizes in a variety of industries. It's the same system I use every day with my own clients.

From Edison to iPod Frederick Mostert, 2007-02-19 This book democratizes intellectual property and makes it accessible for all of us to understand. Nelson Mandela: Designers need to know how best to protect their creations. This book tells you how. Stella McCartney: It covers issues such as trademarks, rights of publicity, copyrights, patents, and intellectual property rights. Weighty topics indeed. But the book is written with simple language and humor, making it enjoyable and understandable even to the casual reader. BookPage: Clear, concise, and accessible, this practical guide will give readers an unprecedented introduction to the fascinating world of Intellectual Property, one of the hottest and most misunderstood topics among business owners, inventors, and anyone with an idea. Frederick Mostert and Larry Apolzon: International and US intellectual property experts will help readers understand how, why, and when to protect their ideas and inventions. Demystifies rules that protect creations including trademarks, copyright, and patents. Includes key facts and a checklist to help assess the value of intellectual property. Covers how, why, and when to establish and defend your intellectual property rights. Covers both US and international laws.
