Pantone's Guide to Communicating with Color Leatrice Eiseman, 2000 Over 80 000 copies sold Features proven color principles designers need to create effective designs Employs Pantone's universal color system to make color selections easy This authoritative guide presents hundreds of color combinations and color principles needed to create effective designs Every lesson is demonstrated by example enabling designers of all specialties and levels of experience to make the best color choices for every type of design The Complete Color Harmony, Pantone Edition Leatrice Eiseman, 2017-09-01 The Complete Color Harmony Pantone Edition is the latest in Rockport Publishers best selling color series Completely revised from start to finish this new edition is written by Leatrice Eiseman executive director of the Pantone Color Institute And the color moods that she writes about in each chapter are based and matched with Pantone colors The book expands on previous editions for the most comprehensive color reference to date This edition includes information on creating special effects as well as an entirely new section devoted to the psychology of color Eiseman helps readers determine their best color choices and suggests why some colors may inspire their creativity while others don't The book includes new color palette sections along with expanded and updated color trends The Complete Color Harmony, Pantone Edition Leatrice Eiseman, 2017-10-24 The only color guide a designer will ever need Completely updated with Pantone colors and new text by Leatrice Eiseman America's Color Guru **The Complete Guide to the NEXTSTEP™ User Environment** Michael B. Shebanek, 1993-09-17 This book is about the advanced object oriented NEXTSTEP™ user environment for NeXT and Intel based computers It is intended for those who already own a computer running NEXTSTEP and want to quickly learn what it can do and how to get the most out of it with the least effort It's also for those who are considering the purchase of NEXTSTEP but want to learn more about how it works before making an investment Why a book on NEXTSTEP When I set out to learn how to use NEXT STEP several years ago I found it extremely difficult to find information from the usual sources such as books magazines user groups and authorized dealers NEXTSTEP users were scarce and finding a computer store that sold NeXT related products was even more rare There were also only a handful of NeXT user groups in existence and those that did exist met so far away that joining one of them was impractical The manuals I received from NeXT were helpful but I had the feeling there must be something more to it than what was written in the User's Reference It didn't describe many of the shortcuts that experienced users had found or the public domain and shareware utilities that were popular and how I could use them to make my work even easier and more fun The Color Answer Book Leatrice Eiseman, 2005-07 From home decor and gardening to fashion and health color expert and bestselling author Eiseman answers more than 150 commonly asked questions in this beautiful guide to the influence of color **A Guide to Graphic Print Production** Kaj Johansson, Peter Lundberg, Robert Ryberg, 2012-02-23 The fully revised edition of the most comprehensive and up to date reference on print production All graphic designers and illustrators must be familiar with the steps involved in preparing
