Bowman Jr., 2012-01-05 A most accessible but thoroughly practical primer on apologetics *Light from the Gentiles: Hellenistic Philosophy and Early Christianity* Abraham J. Malherbe, 2013-10-10 Rather than viewing the Graeco Roman world as the background against which early Christian texts should be read Abraham J Malherbe saw the ancient Mediterranean world as a rich ecology of diverse intellectual traditions that interacted within specific social contexts These essays spanning over fifty years illustrate Malherbe s appreciation of the complexities of this ecology and what is required to explore philological and conceptual connections between early Christian writers especially Paul and Athenagoras and their literary counterparts who participated in the religious and philosophical discourse of the wider culture Malherbe s essays laid the groundwork for his magisterial commentary on the Thessalonian correspondence and launched the contemporary study of Hellenistic moral philosophy and early Christianity The Apologists and Paul Todd D. Still, David E. Wilhite, 2024-06-13 This volume examines the use of Paul s writing within the work of ante Nicene apologetic writers It takes apologetics as a broad genre in which many early Christian writers participated offering rhetorical defenses for emerging aspects of doctrine rooted in understanding of the scriptures and often specifically the writings of Paul The volume interacts with the writings of many significant apologetic writers including Melito of Sardis Clement of Alexandria Tatian Tertullian Hippolytus and Cyprian The chapters examine how these early Christian writers used the letters of Paul to develop their own philosophical ideas and defenses of aspects of the emerging Christian faith The internationally renowned contributors have all been specially commissioned for this volume and an afterword by Todd D Still considers the question of whether or not Paul was an apologist himself *Acts: An Exegetical Commentary : Volume 1* Craig S. Towns, Alex McFarland, 2014-03-01 Ten of the most common yet challenging questions about praying to God are responded to by Christian apologist Alex McFarland and noted academic Elmer Towns **Christian Mission** Stanley E. Porter, Cynthia Long Westfall, 2010-09-01 How did a first generation Jewish messianic movement develop the momentum to become a dominant religious force in the Western world The essays here first investigate the roots of God s mission and the mission of his people in the Old Testament and Second Temple Judaism specifically in the Psalms Isaiah and Daniel The contributions then discuss

the mission of Jesus and how it continued into the mission of the Twelve other Jewish believers in the Gospels General Epistles and Revelation and finally into Paul s ministry to the Gentiles documented in the book of Acts and his epistles These essays reach backward into the background of what was to become the Christian mission and forward through the New Testament to the continuing Christian mission and missions today **Christianity** Donald W. Ekstrand,2008-04 In this broad comprehensive introduction to Christianity Dr Ekstrand explores science philosophy Scripture the teachings of Jesus Christ the message of the apostles and the essence of orthodox Christianity as represented by both Catholic and Protestant traditions Christian The Journal of Religion ,1924 Includes section Book reviews The Writings of Luke and the Jewish Roots of the Christian Way J. Andrew Cowan,2019-02-21 J Andrew Cowan challenges the popular theory that Luke sought to boost the cultural status of the early Christian movement by emphasising its Jewish roots associating the new church with an ancient and therefore respected heritage Cowan instead argues that Luke draws upon the traditions of the Old Testament and its supporting texts as a reassurance to Christians promising that Jesus life his works and the church that follow legitimately provide fulfilment of God s salvific plan Cowan s argument compares Luke s writings to two near contemporaries Dionysius of Halicarnassus and T Flavius Josephus both of whom emphasized the ancient heritage of a people with cultural or political aims in view exploring how the writings of Luke do not reflect the same cultural values or pursue the same ends Challenging assumptions on Luke s supposed attempts to assuage political concerns capitalize on antiquity and present Christianity as an inner Jewish sect Cowan counters with arguments for Luke being critical of over valuing tradition and defining the Jewish people as resistant to God and His messages Cowan concludes with the argument that the apostle does not strive for legitimisation of the new church by previous cultural standards but instead provides theological reassurance to Christians that God s plan has been fulfilled with implications for broader debate **The Union Seminary Review** ,1926
