Navigating the Patent System James Yang,2017-11-05 Attention Inventors and startups Is the patent system confusing to you Navigating the Patent System will give you more clarity regarding your potential next steps and increase your confidence as you make your patenting decisions 7 Core Patent Concepts Drafting the Patent Application and FAQs during patent process are explained *Cracking the Patent Code* Steve Sponseller,2020-09-08 If you want to learn how to identify and protect the critical inventions developed in your business you re in the right place If you are confused about the patent application process and don t understand which inventions are worthy of patent protection this book sheds light on those issues You invest significant time money and effort developing new products and services That means lots of late nights and missed family activities to perfect these inventions You and your team are doing important work Your inventions can make vehicles safer get vaccines to patients faster and provide improved teaching systems for kids You want to protect those inventions just like you would any other valuable business asset Patents provide a way to protect the inventions in your new products and services Patents covering critical inventions in your industry provide a competitive edge during the life of the patent In my experience many companies do not understand the patent process and fail to properly protect inventions that

are critical to the company's success. That's why I created the three step system described in this book. The system has been tested with hundreds of companies of all sizes in a variety of industries. It's the same system I use every day with my own clients.

From Edison to iPod Frederick Mostert, 2007-02-19 This book democratizes intellectual property and makes it accessible for all of us to understand. Nelson Mandela: Designers need to know how best to protect their creations. This book tells you how. Stella McCartney: It covers issues such as trademarks, rights of publicity, copyrights, patents, and intellectual property rights. Weighty topics indeed. But the book is written with simple language and humor, making it enjoyable and understandable even to the casual reader. BookPage: Clear, concise, and accessible, this practical guide will give readers an unprecedented introduction to the fascinating world of Intellectual Property, one of the hottest and most misunderstood topics among business owners, inventors, and anyone with an idea. Frederick Mostert and Larry Apolzon: International and US intellectual property experts will help readers understand how, why, and when to protect their ideas and inventions. Demystifies rules that protect creations including trademarks, copyright, and patents. Includes key facts and a checklist to help assess the value of intellectual property. Covers how, why, and when to establish and defend your intellectual property rights. Covers both US and international laws.
