desire to admit that the problem is that no one in America not even the church has been following the principles of Dr King's dream. The Recovery explores what the church must do to be an effective watchman for the nation and lead America in the recovery process while also thoroughly delineating the special function that the Black church must effectively perform in order for the recovery of America to be successful and Dr King's dream a reality. This final volume presents an exposition of some vital things that all Americans must do to recover from the nightmare and maintain Dr King's dream and America's status as an exceptional nation. For the full dissection of Dr King's dream and how our failure to adhere to its principles has led to a nightmare, explore the other volumes in *Hijacked: How Dr King's Dream Became a Nightmare*. *No Dope: A Book of Enlightenment and Pathway to Love* Colbert Cobene, 2006-02. When it comes to the world of Addiction, we find some people sabotaging their chance at a new life recovery just so they can again experience the drug and its effect. Whether this action is carried out because of an outside influence or it is purely an act originated by the person, will become part of the diagnosis once the process to recovery begins. At the moment of relapse, it then becomes a deadly game and if the using does not stop, they may go insane or even die from drug overdose. All people agree the addict must recover, but there must be a genuine recovery process outlined in order to do that. In addition, we cannot become someone who has closed his or her eyes to the world and call ourselves recovered. The recovery world itself calls for an adjustment to be made in the person's overall life; their standards and principles must change if need be. Life is a gift and we are placed within it to experience a demonstration. This demonstration will begin to show us secrets about ourselves and especially if he/she is of Black descent and have a connection with the slave holocaust here in America. Why? Because of who and what you are and where you came from and what you carry with you into the process of recovery. The process of recovery, the spirituality has many variances and can easily cause confusion if you do not become equipped with a guide. All of the research on recovery has been done, including the History that surrounds Black people of America. In this outlined text, you will see there is more to you and your recovery than what meets the eye and your heritage connects to deep spiritual roots which make it virtually impossible to live without consciousness on a higher level. Welcome to the world of *No Dope: A Book Of Enlightenment And Pathway To Love*.

The Quest Lyman C.D. Kulathungam,2012-04-25 The human spirit seems incapable of being stagnant ever pushing the boundaries of knowledge and experience We try to understand life through questions regarding our own existence the nature of the universe and the nature of God The question of our collective heart is the external manifestation of an internal longing a quest if you will This thirst to understand reality can be seen in superstructures that are scientific social political and especially religious When considering the doctrines institutions and rituals of religions we observe certain core aspirations expressed by the people of these communities These aspirations generate from an underlying quest which seeks a way out of our perceived predicament a salvific quest Regardless of whether we view ourselves as religious pre religious post religious or non religious we find ourselves involved in such a quest it seems to be an integral part of our human personhood Using a unique framework of analysis this book explores Christ s relevance to the quest expressed by the communities of eight major living religions a relevance that neither degrades Christ nor demeans other saviors Christ is not part of the human quest but is well equipped to satisfy that quest
