Patriotic Correctness John K. Wilson,2006 Democracy in the Classroom Bruce Allen Kolesnick,1992 **Toward Cultural Democracy** Clarence Ollson Senior,William Spencer Bernard,1969 **Making Patriots** Walter Berns,2001-05-30

Although Samuel Johnson once remarked that patriotism is the last refuge of scoundrels over the course of the history of the United States we have seen our share of heroes patriots who have willingly put their lives at risk for this country and especially its principles And this is even more remarkable given that the United States is a country founded on the principles of equality and democracy that encourage individuality and autonomy far more readily than public spiritedness and self sacrifice Walter Berns s Making Patriots is a pithy and provocative essay on precisely this paradox How is patriotism inculcated in a system that some argue is founded on self interest Expertly and intelligibly guiding the reader through the history and philosophy of patriotism in a republic from the ancient Greeks through contemporary life Berns considers the unique nature of patriotism in the United States and its precarious state And he argues that while both public education and the influence of religion once helped to foster a public minded citizenry the very idea of patriotism is currently under attack Berns finds the best answers to his questions in the thought and words of Abraham Lincoln who understood perhaps better than anyone what the principles of democracy meant and what price adhering to them may exact The graves at Arlington and Gettysburg and Omaha Beach in Normandy bear witness to the fact that self interested individuals can become patriots and Making Patriots is a compelling exploration of how this was done and how it might be again **Patriotism Without a Country, We Are Nothing** Ramakant Dash,2022-02 How long a bird can fly without a land or tree to rest How long a human can survive without his or her society at its best A human cannot survive alone and he or she cannot survive as a small independent group They need a bigger entity But without bonding no entity can last long Country is that entity and patriotism is the binding force Is patriotism necessary in the age of globalization Yes If someone does not love self can he or she love others If someone doesn t love his or her family can he or she respect other families If some one does not love his or her own country can he or she love or respect other countries But this love for own country should not be the hate for other countries Patriotism can lead to world peace if followed in the right spirit There are several questions about the modern human and the human society A simple human life has become so much complex even after thousands of years of civilization This requires introspection reform design and action What happens to education when there is no employment opportunity What is the role of Media for the betterment of the society Should it be neutral Do you like democracy or you like to be ruled Who is the owner of a democratic country Do the political leaders need any skill to perform their roles and responsibilities Do you believe in gender equality Why does a person suicide Is suicide preventable Although things might not take quantum leap overnight but the journey should begin There are lot more things to discuss This book covers major social issues and solutions in detail
