Paul And Union With Christ An Exegetical And Theological Study:

Paul and Union with Christ Constantine R. Campbell, 2015-05-05 Paul and Union with Christ fills the gap for biblical scholars theologians and pastors pondering and debating the meaning of union with Christ Following a selective survey of the scholarly work on union with Christ through the twentieth century to the present day Greek scholar Constantine Campbell carefully examines every occurrence of the phrases in Christ with Christ through Christ into Christ and other related expressions exegeting each passage in context and taking into account the unique lexical contribution of each Greek preposition Campbell then builds a holistic portrayal of Paul's thinking and engages contemporary theological discussions about union with Christ by employing his evidence based understanding of the theme This volume combines high level scholarship and a concern for practical application of a topic currently debated in the academy and the church More than a monograph this book is a helpful reference tool for students scholars and pastors to consult its treatment of any particular instance of any phrase or metaphor that relates to union with Christ in the Pauline corpus [Paul and the Hope of Glory](#)

Constantine R. Campbell, 2020-11-24 A Unique Study of Pauline Eschatology that Is Both Exegetical and Theological One of the trajectories coming out of Constantine Campbell's award winning book Paul and Union with Christ is the significance of eschatology for the apostle Along with union with Christ eschatology is a feature of Paul's thinking that affects virtually everything else While union with Christ is the webbing that joins Paul's thought together eschatology provides the shape of his thought and thus gives shape to his teaching about justification resurrection the cross ethics and so forth There is considerable debate however about Paul's eschatology asking whether he is a covenant or an apocalyptic theologian In Paul and the Hope of Glory Campbell conducts a thorough exegetical study of the relevant elements of Paul's eschatological language metaphors and images including parousia the last day inheritance hope and others He examines each passage in context aiming to build inductively an overall sense of Paul's thinking The results of this exegetical study then feed into a theological study that demonstrates the integration of Paul's eschatological thought into his overall theological framework The study is comprised of three parts The first part introduces the key issues both exegetical and theological and sets the parameters and methodology of the book It also offers an historical survey of the scholarly work produced on Paul's eschatology through the twentieth century to the present day The second part contains the detailed exegetical analysis with chapters on each important Pauline phrase metaphor and image related to eschatology The third part turns its attention to theological synthesis It recapitulates relevant conclusions from the evidence adduced in part two and launches into theological discussion engaging current issues and debates This volume combines high level scholarship and a concern for practical application of a topic currently debated in the academy and the church More than a monograph this book is a helpful reference tool for students scholars and pastors to consult its treatment of any particular instance of any phrase or metaphor that relates to eschatology in Paul's thinking **Union with Christ** Sung Rual Choi, 2023-11-13 Understanding

union with Christ as a frame of thought as a motif or theme is important for accessing Calvin's theology. While the union with Christ doctrine arises when Calvin explains the doctrine itself directly especially in light of soteriology, the strong presence of this motif, union with Christ, union with the Triune God, indicates its pervasiveness when other doctrines or theological themes are explained as well. This book suggests that we approach the notion of union of Christ as a theological frame of thought that touches on most of the doctrines and theological themes of Calvin's theology. This book deals with union with Christ as a motif or theme rather than as a doctrine. Union with Christ and the Life of Faith (Soteriology and Doxology) Fred

Sanders, 2025-08-19 In this volume a top scholar in the world of evangelical theology addresses the key soteriological theme of union with Christ. The book provides substantive engagement with the doctrine of participatory union, including sections on the creeds, Scripture, the history of the doctrine, constructive dogmatics, and Christian praxis. Its biblical point of access is Paul's theology of life in Christ, understood as an invitation to a theological reading of the four gospels. Special attention is given to the trinitarian structure of union with Christ. This book shows students how to integrate theology into the life of faith and demonstrates how the practices of Christian worship influence theological thinking. A devotional interlude directing readers to a classic hymn, poem, or liturgy follows each chapter. The Soteriology and Doxology series consists of introductory textbooks that cover key topics in soteriology, providing substantive treatments of doctrine while pointing to the setting of theology in doxology. Series editors are Kent Eilers and Kyle C. Strobel. **Union with Christ in the New Testament** Grant

Macaskill, 2013-11-07 This book is a study of the union between God and those he has redeemed as it is represented in the New Testament. In conversation with historical and systematic theology, Grant Macaskill argues that the union between God and his people is consistently represented by the New Testament authors as covenantal, with the participation of believers in the life of God specifically mediated by Jesus, the covenant Messiah; hence it involves union with Christ. Christ's mediation of divine presence is grounded in the ontology of the Incarnation, the real divinity and real humanity of his person, and by the full divine personhood of the Holy Spirit who unites believers to him in faith. His personal narrative of death and resurrection is understood in relation to the covenant by which God's dealings with humanity are ordered. In their union with him, believers are transformed both morally and noetically so that the union has an epistemic dimension, strongly affirmed by the theological tradition but sometimes confused by scholars with Platonism. This account is developed in close engagement with the New Testament texts, read against Jewish backgrounds and allowed to inform one another as context. As a participatory understanding of New Testament soteriology, it is advanced in distinction to other participatory approaches that are here considered to be deficient, particularly the so-called apocalyptic approach that is popular in Pauline scholarship and those attempts to read New Testament soteriology in terms of theosis, elements of which are nevertheless affirmed. **Paul and**

Participation in Christ Mark J. Goodwin, 2020-11-09 Since the 1970s and E. P. Sanders, Paul and Palestinian Judaism, Pauline scholars have become increasingly aware of the significance of participation, formerly Pauline mysticism, in Paul's letters. In

them he employed a diversity of participatory expressions e g speaking of believers being in Christ baptized into Christ being crucified with Christ etc While Paul makes frequent references to participation he never explained what it was thus leaving modern interpreters with an enigma and an impasse This book seeks to redress this neglected question of Pauline participation through an examination of the Greek speaking eastern Fathers a suggestion of scholar Richard Hays To this end this book explores four select patristic texts from Irenaeus Origen Athanasius and Cyril of Alexandria paying close attention to how each may shed potential new light on the enigma Pauline participation Themelios, Volume 38, Issue 2 D. Triune God Eduard Borysov,2019-02-20 The complex nature of Christian communion with a personal God requires a nuanced expression Since its inception the early church affirmed God s unknowable nature and also participation in God through Christ The church fathers employed the language of theosis in talking about union with God and human transformation in the likeness of God However the term theosis or deification is a broad category and requires precise explanation to avoid human dissolution in the divine in the mystical union This book addresses the conundrum of imparticipable divine nature and personal union between human and the Trinity If God is Trinity then we are created and restored in the image of tripersonal God **Biblical Theology** Andreas J. The Letter to the Romans Stanley E. Porter, Francis G. H. 2 Corinthians, Volume 8 David E. Garland, 2025-03-04 Theologians have not often mined 2 Corinthians for its theological gemstones but careful reading uncovers significant doctrinal insights It is not just an occasional letter that battles those inside and outside of the congregation who have belittled Paul for lacking power and glory He writes as a pastor dousing the flames of dissension disgruntlement toxic leadership and deviant theology Therefore what he says can be meaningful to ministers today who may face the same kinds of problems and seek to live a cruciform ministry The letter has relevance for the church universal and Paul's responses to the various issues are grounded in a well developed theological substructure The letter offers profound insights into the Trinity atonement reconciliation being in Christ cruciform ministry and the hope of the resurrection
