Biskind, 2011-12-13 In 1969 a low budget biker movie Easy Rider shocked Hollywood with its stunning success An unabashed celebration of sex drugs and rock n roll onscreen and off Easy Rider heralded a heady decade in which a rebellious wave of talented young filmmakers invigorated the movie industry In Easy Riders Raging Bulls Peter Biskind takes us on the wild ride that was Hollywood in the 70s an era that produced such modern classics as The Godfather Chinatown Shampoo Nashville Taxi Driver and Jaws Easy Riders Raging Bulls vividly chronicles the exuberance and excess of the times the startling success of Easy Rider and the equally alarming circumstances under which it was made with drugs booze and violent rivalry between costars Dennis Hopper and Peter Fonda dominating the set how a small production company named BBS became the guiding spirit of the youth rebellion in Hollywood and how along the way some of its executives helped smuggle Huey Newton out of the country how director Hal Ashby was busted for drugs and thrown in jail in Toronto why Martin Scorsese attended the Academy Awards with an FBI escort when Taxi Driver was nominated how George Lucas gripped by anxiety compulsively cut off his own hair while writing Star Wars how a modest house on Nicholas Beach occupied by actresses Margot Kidder and Jennifer Salt became the unofficial headquarters for the New Hollywood how Billy Friedkin tried to humiliate Paramount boss Barry Diller and how screenwriter director Paul Schrader played Russian roulette in his hot tub It was a time when anything goes experimentation prevailed both on the screen and off After the success of Easy Rider young film school graduates suddenly found themselves in demand and directors such as Francis Coppola Peter Bogdanovich George Lucas and Martin Scorsese became powerful figures Even the new generation of film stars Nicholson De Niro Hoffman Pacino and Dunaway seemed a breed apart from the traditional Hollywood actors Ironically the renaissance would come to an end with Jaws and Star Wars hugely successful films that would create a blockbuster mentality and crush innovation Based on hundreds of interviews with the directors themselves producers stars agents writers studio executives spouses and ex spouses this is the full candid story of Hollywood s last golden age Never before have so many celebrities talked so frankly about one another and about the drugs sex and money that made so many of them crash and burn By turns hilarious and shocking Easy Riders Raging Bulls is the ultimate behind the scenes account of Hollywood at work and play

**Adaptation in Visual Culture** Julie Grossman, R. Barton Palmer, 2017-12-06 This book gathers together essays written by leading scholars of adaptation studies to explore the full range of practices and issues currently of concern in the field The chapters demonstrate how content and messaging are shared across an increasing number of platforms whose interrelationships have become as intriguing as they are complex Recognizing that a signature feature of contemporary culture is the convergence of different forms of media the contributors of this book argue that adaptation studies has emerged as a key discipline that unlike traditional literary and art criticism is capable of identifying and analyzing the relations between source texts and adaptations created from them Adaptation scholars have come to understand that these relations not only play out in individual case histories but are also institutional and this collection shows how adaptation plays a key role in the functioning

of cinema television art and print media The volume is essential reading for all those interested both in adaptation studies and also in the complex forms of intermediality that define contemporary culture in the 21st century     *Shades of Noir* Joan Copjec,1993-11-17 These essays examine film noir in the light of contemporary social and political concerns attempting to move beyond the views of the early French critics Topics range from the re emergence of noir in films such as *Bladerunner* to the relations between the sexes and the role of women     **Film Genre Reader III** Barry Keith Grant,2003-12-01 More than 30 essays by some of film s most distinguished critics are included in this volume which presents the latest developments in genre study including teen films genre hybridity neo noir genre in the age of globalization an up to date bibliography

**Other Hollywood Renaissance** Dominic Lennard,2020-09-09 In the late 1960s the collapse of the classic Hollywood studio system led in part and for less than a decade to a production trend heavily influenced by the international art cinema Reflecting a new self consciousness in the US about the national film patrimony this period is known as the Hollywood Renaissance However critical study of the period is generally associated with its so called principal auteurs slighting a number of established and emerging directors who were responsible for many of the era s most innovative and artistically successful releases With contributions from leading film scholars this book provides a revisionist account of this creative resurgence by discussing and memorializing twenty four directors of note who have not yet been given a proper place in the larger history of the period Including filmmakers such as Hal Ashby John Frankenheimer Mike Nichols and Joan Micklin Silver this more expansive approach to the auteurism of the late 1960s and 1970s seems not only appropriate but pressing a necessary element of the re evaluation of Hollywood with which cinema studies has been preoccupied under the challenges posed by the emergence and flourishing of new media
