Passionate Enlightenment Miranda Shaw, 2021-06-08 The crowning cultural achievement of medieval India Tantric Buddhism is known in the West primarily for the sexual practices of its adherents who strive to transform erotic passion into spiritual ecstasy Historians of religion have long held that the enlightenment thus attempted was for men only and that women in the movement were at best marginal and subordinated and at worst degraded and exploited Miranda Shaw argues to the contrary presenting extensive new evidence of the outspoken and independent female founders of the Tantric movement and their creative role in shaping its distinctive vision of gender relations and sacred sexuality *Passionate Enlightenment* Miranda Shaw, 1996 Passionate Enlightenment Miranda Eberle Shaw, 1994 The crowning cultural achievement of medieval India Tantric Buddhism is known in the West primarily for the sexual practices of its adherents who strive to transform erotic passion into spiritual ecstasy Historians of religion have long held that the enlightenment thus attempted was for men only and that women in the movement were at best marginal and subordinate and at worst degraded and exploited Miranda Shaw argues to the contrary presenting extensive new evidence of the outspoken and independent female founders of the Tantric movement and their creative role in shaping its distinctive vision of gender relations and sacred sexuality Anyone who reads a Tantric text or enters a Tantric temple immediately encounters a pantheon of female Buddhas and a host of female enlighteners known as dakinis who dance and leap in joyous poses that communicate a sense of mastery and spiritual power This striking female imagery is fully compatible with Shaw's findings Drawing on interviews and archival research conducted during two years of fieldwork in India and Nepal including more than forty previously unnoticed works by women of the Pala period eighth through twelfth centuries C E she substantially reinterprets the history of Tantric Buddhism during its first four centuries In her view the Tantric theory of this period promotes an ideal of cooperative mutually liberative relationships between women and men while encouraging a sense of reliance on women as a source of spiritual insight and power Passionate Enlightenment Miranda Shaw, 2022-06-07 The now classic exploration of the role of women and the feminine in Buddhist Tantra The crowning cultural achievement of medieval India Tantric Buddhism is known in the West primarily for the sexual practices of its adherents who strive to transform erotic passion into spiritual bliss Historians of religion have long held that this attempted enlightenment was for men only and that women in the movement were at best marginal and subordinated and at worst degraded and exploited In *Passionate Enlightenment* Miranda Shaw argues to the contrary and presents extensive evidence of the outspoken and independent female founders of the Tantric movement and their creative role in shaping its distinctive vision of gender relations and sacred sexuality Including a new preface by the author this Princeton Classics edition makes an essential work available for new audiences Passionate Enlightenment Miranda Eberle Shaw, 1992 **The Passionate Intellect** Alister McGrath, 2014-04-07 2011 Christianity Today Book Award winner Alister McGrath one of the most prominent theologians and public intellectuals of our day explains

how Christian thinking can and must have a positive role in shaping nourishing and safeguarding the Christian vision of reality With this in our grasp we have the capacity for robust intellectual and cultural engagement confidently entering the public sphere of ideas where atheism postmodernism and science come into play This book explores how the great tradition of Christian theological reflection enriches faith It deepens our appreciation of the gospel's ability to engage with the complexities of the natural world on the one hand and human experience on the other The Passionate Intellect Norman Klassen, Jens Zimmermann, 2006-09-01 Too often Christian college students feel they must either downplay their faith or stick to a small circle of like minded friends and organizations Somewhere along the way assumptions have taken root that intellectual university life and Christian faith cannot be synthesized Klassen and Zimmermann assert that much is at stake for the young university student A worldview takes a lasting shape and faith is usually discovered deepened or discarded during a collegiate journey This new work is designed to give students parents and other interested readers a guide to the intellectual culture of the modern university and its contribution to society helping them to realize the power of the university's influence and discover how to connect Christian belief to cutting edge thinking **The Passionate Society** Lisa Hill, 2006-10-12 Adam Ferguson 1723-1816 was a major figure of the Scottish Enlightenment whose thought was in many respects original and distinctive This book is a study of his ideas and of the intellectual forces that shaped them Though somewhat overlooked in the nineteenth century Ferguson was rescued from obscurity in the first half of the twentieth century by scholars interested in the origins of sociology and early critiques of modernity Ferguson's interest in the mechanics of social life and especially social change led him to many groundbreaking insights In fact he is sometimes identified as the Father of Modern Sociology In addition to exploring whether or not he merits this title this study examines the whole of Ferguson's thought as a system and includes his moral and faculty psychology historiography theology politics and social science Ferguson is distinguished by his deep appreciation of the complexity of the human condition his study of society is based on the belief that it is not only reason but the unseen unplanned sub rational and visceral forces that keep the human universe in motion Ferguson's appreciation of this fact and his ability to make social science of it is his major achievement *Angels of Desire* Jay Johnston, 2016-04-08 The idea that the human body consists of subtle bodies psycho-spiritual essences can be found in a variety of esoteric traditions This radical form of selfhood challenges the dualisms at the heart of Western discourse mind body divine human matter spirit reason emotion I other *Angels of Desire* explores the aesthetics and ethics of subtle bodies What emerges is an understanding of embodiment not exclusively tied to materiality The book examines the use of subtle bodies across a range of traditions yogic tantric theosophical hermetic and sufi *Angels of Desire* shows the relevance of the subtle body for religion philosophy art history and contemporary feminist religious studies and theories of desire Radical Neo-Enlightenment Mark Manolopoulos, 2018-11-21 Radical Neo Enlightenment is a spirited response to the multiple and accelerating crises we face today The provocative and ambitious work contends that we

require a radical neo Enlightenment to counter these systemic crises The driving idea is that Reason must now be reclaimed as a powerful force for positive social change Along the way the book criticizes philosophy s failings and restores its noble compulsion to change the world Radical Neo Enlightenment then criticizes conventional religion and advances a reconstructed faith that would be an ally of socially transformative Reason It then marks out practical core steps that would lead to rational global transformation While the book is introductory and accessible in scope and style it confronts and develops the thought of some of the most important subversive thinkers of the past and present
