Passionate Uprisings Irans Sexual Revolution:

Passionate Uprisings Pardis Mahdavi, 2019-10-08 There is perhaps no place in the world today where the stakes of partying and having sex are higher than in present day Iran Drinking and dancing can lead to arrest by the morality police and a punishment of up to 70 lashes Consequences for sex outside of marriage can be even more severe up to 84 lashes or even public execution But even under the threat of such harsh punishment a sexual revolution is taking place Iranian youth continually risk personal safety to meet friends date and ultimately to have sex In the absence of any option for overt political dissent young people have become part of a self proclaimed revolution in which they are using their bodies to make social and political statements Sex has become both a source of freedom and an act of political rebellion With unprecedented access inside turn of the century Iran Pardis Mahdavi offers a firsthand look at the daily lives of Iranian youth They are given a voice as she tells the stories of their intertwined quests for sexual freedom political reform and a better future but not a future without risk The sexual revolution is also leading to increased levels of abortion HIV AIDS sexually transmitted diseases and ongoing emotional troubles and mental illnesses with worrying implications for Iranian youth and Iranian society at large **Passionate Uprisings** is a fascinating ground breaking and personal look into a society that is poorly understood if it is understood at all by the majority of Westerners today Mahdavi s narrative provides not only an invaluable insight into the real lives of much of Iran s population but shows how sexual politics and the youth culture could even destabilize the current regime and change the course of Iranian politics

Passionate Uprisings Pardis Mahdavi, 2009 Investigates the emerging new sexual culture of Iranian youth in which sexuality represents freedom and engaging in sex can be considered political activism **Female Bodies and Sexuality in Iran and the Search for Defiance** Nafiseh

Sharifi, 2018-01-22 This book uses storytelling as an analytical tool for following wider social attitude changes towards sex and female sexuality in Iran Women born in 1950s Iran grew up during the peak of secularization and modernization whereas those born in the 1980s were raised under the much stricter rules of the Islamic Republic Using extensive ethnographic research the author juxtaposes narratives of body and sexuality shared by these different generations of women showing the intricate ways in which women construct and convey meanings and communicate their emotions about the unspoken aspects of their lives

The Middle East Ellen M. Lust, 2022 In the newly updated Sixteenth Edition of *The Middle East* Ellen Lust and contributors comprehensively examine regional trends and offer in depth country profiles to illuminate this vital region

Love and Marriage Serena Nanda, 2018-12-10 Cultural anthropologist Serena Nanda mines a wide range of ethnographic research to examine the patterns of love marriage sexuality and family unique to eight cultures around the world After reviewing changing patterns in the United States readers are taken to China India Brazil Iran Indonesia Nigeria the South Pacific and Nepal to explore traditions and transformations and the intertwining dynamics of kinship class politics religion and gender roles in love and marriage An additional chapter traces the diversity of LGBTQ relationships with contemporary

examples drawn from the US Indonesia and India A valuable summary chapter features a brief analysis of similar and different cultural configurations Nanda's ethnographically rich examples and fresh perspective will challenge readers to understand that their own culture is not natural or superior but rather just one of many possibilities adapted to specific environments and subject to changes

Woman, Man, and God in Modern Islam Theodore Friend, 2012 Award winning historian Theodore Friend recently set out alone across Asia and the Middle East on a quest to understand firsthand the life situations of women in Indonesia Pakistan Saudi Arabia Iran and Turkey Woman Man and God in Modern Islam recounts Friend's remarkable journey and relates hundreds of encounters and conversations with people he met along the way Commingling a deep respect for Islam and his faith in the potential of women to change their worlds Friend presents an open exploratory outsider's perspective on women in five very different Islamic cultures timely fare for all who wish to broaden their world horizons

Gay Life Stories Jón Ingvar Kjarnar, 2019-03-27 Drawing on ethnographic encounters with self identified gay men in Iran this book explores the construction enactment and veiling and unveiling of gay identity and same sex desire in the capital city of Tehran The research draws on diverse interpretive historical online and empirical sources in order to present critical and nuanced insights into the politics of recognition and representation and the constitution of same sex desire under the specific conditions of Iranian modernity As it engages with accounts of the persecuted Iranian gay male subject as a victim of the barbarism of the Islamic Republic of Iran the book addresses interpretive questions of sexuality governance in transnational contexts and attends to issues of human rights frameworks in weighing social justice and political claims made by and on behalf of sexual and gender minorities The book thus combines empirical data with a critical consideration of the politics of same sex desire for Iranian gay men

Paths Made by Walking Amina Tawasil, 2024-09-03 What can women's scholastic pursuits tell us about what building an Islamic state looks like for women who are loyal to its project And what can an ethnographic study of women who are using Islamic education to transform their conditions in Iran teach us about our own humanity Paths Made by Walking provides insight into these questions by examining how Iranian women have participated in Islamic education since the 1979 revolution This groundbreaking ethnography on Iranian howzevi seminarian women reveals how ideologies of womanhood institutions and Islamic practices have played a pivotal role in religiously conservative women's mobility in the Middle East Applying over a year of ethnographic fieldwork Amina Tawasil analyzes how the Islamic education of seminarian women has propelled some of them into powerful positions in Iran from close ties with the state's supreme leader and chief justice to membership in the Basij voluntary military organization At the same time these women often choose to remain hidden or to otherwise follow practices that seem inscrutable or illogical from a framework of politicized resistance By centering the howzevi women's senses of self and revealing their complex interpretations of their beliefs Tawasil offers a fresh perspective on forms of feminine identity that do not always mirror supposedly universal desires for recognition autonomy leadership or authority Taking readers into the classrooms living

rooms and compounds where howzevi women participate in intellectual discourse Paths Made by Walking invites readers to reconsider their conceptualizations of the women who support the Islamic Republic of Iran **The Middle East** Ellen Lust, 2019-08-06 Written by a group of well known experts and researchers who have diligently worked and updated the book since its first edition to include the most important features of State Polity and Governance in Middle East and North Africa This book is equally useful for instructors and students Jalil Roshandel East Carolina University In the more succinct Fifteenth Edition of The Middle East editor Ellen Lust brings important new coverage to this comprehensive balanced and superbly researched text In clear prose Lust and her contributors explain the many complex changes taking place across the region All country profile chapters now address domestic and regional conflict more explicitly and all tables figures boxes and maps have been fully updated with the most recent data and information This best selling text not only helps readers comprehend more fully the world around them but it also enables readers to recognize and formulate policies that can more successfully engage the Middle East Give your students the SAGE edge SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning Waithood Marcia C. Inhorn, Nancy J. Smith-Hefner, 2020-12-09 The concept of Waithood was developed by political scientist Diane Singerman to describe the expanding period of time between adolescence and full adulthood as young people wait to secure steady employment and marry The contributors to this volume employ the waithood concept as a frame for richly detailed ethnographic studies of youth in waiting from a variety of world areas including the Middle East Africa Asia Europe Latin America and the U S revealing that whether voluntary or involuntary the phenomenon of youth waithood necessitates a recognition of new gender and family roles Afterlives of Revolution Alice Wilson, 2023-05-23 The Dhufar Revolution was fought between 1965 1976 in an attempt to depose Oman s British backed Sultan and advance social ideals of egalitarianism and gender equality Dhufar the southernmost governorate in today s Sultanate captured global attention for its revolutionaries and their liberation movement s Marxist inspired social change But following counterinsurgency victory Oman s government expunged the revolution from sanctioned historical narratives Afterlives of Revolution offers a groundbreaking study of the legacies of officially silenced revolutionaries How do their underlying convictions survive and inspire platforms for progressive politics in the wake of disappointment defeat and repression Alice Wilson considers the social afterlives of revolutionary values and networks Veteran militants have used kinship and daily socializing to reproduce networks of social egalitarianism and commemorate the revolution in unofficial ways These afterlives revise conventional wartime and postwar histories They highlight lasting engagement with revolutionary values the agency of former militants in postwar modernization and the limitations of government patronage for eliciting conformity Recognizing that those typically depicted as coopted can still reproduce counterhegemonic values this book considers a condition all too common across Southwest Asia and North Africa

America's War against Global Jihad William R. Nester, 2018-03-06 A specter haunts America the specter of Global Jihad Islamic Holy War This specter was never more horrific than on September 11 2001 when nineteen fanatics hijacked four jetliners and used them as guided missiles to destroy the twin World Trade Towers damage the Pentagon murder nearly 3 000 people and cause as much as several hundred billion dollars worth of direct and indirect damage to New York City and the national economy But Jihadists have periodically attacked Americans ever since November 1979 when mobs shouting death to America overran the American embassy in Tehran and held 52 officials hostage for 444 days President George W Bush responded to the September 11 atrocities by declaring a global war on terror Now in its second decade that war has cost the United States thousands of lives and trillions of dollars Americans are haunted by horrific televised images from across a swath of the Muslim world of bomb blasted cities hundreds of slaughtered bodies thousands of refugees huddled in squalid camps and American journalists in orange jump suits kneeling in the desert before the black robed and masked men who will behead them Americans increasingly question whether the global war on terror has been worth those costs for their own nation and the lands where it is fought This book analyzes America's crusade against Jihadism The key related questions it addresses are these Looking back what were the successes and failures of Washington's counter Jihadist strategy before and after September 11 Looking ahead should Americans stay the course or cut their losses in Iraq Afghanistan and elsewhere Was the catastrophic September 11 attack a one time event or could its equivalent or worse in death and destruction happen again Renowned Harvard professor Samuel Huntington asserted that The underlying problem for the West is not Islamic fundamentalism it is Islam a different civilization whose people are convinced of the superiority of their culture and are obsessed with the inferiority of their power Is that true Just what of Muhammad's words and deeds if any justifies the barbarism of al Qaeda Islamic State and other Jihadists Finally just how corporeal is that specter of global Jihad to the United States A startling surprise awaits the reader in the final chapter as

acclaimed expert William Nester weighs the specter of global Jihad against an array of other national security threats Sex in the Middle East and North Africa L. L. Wynn, Angel M. Foster, 2022-08-31 Sex in the Middle East and North Africa examines the sexual practices politics and complexities of the modern Arab world Short chapters feature a variety of experts in anthropology sociology health science and cultural studies Many of the chapters are based on original ethnographic and interview work with subjects involved in these practices and include their voices The book is organized into three sections Single and Dating Engaged and Married and It s Complicated The allusion to categories of relationship status on social media is at once a nod to the compulsion to categorize recognition of the many ways that categorization is rarely straightforward and acknowledgment that much of the intimate lives described by the contributors is mediated by online technologies

Family, Ties and Care Hans Bertram, Nancy Ehlert, 2011-11-29 Families international the new milestone How may care be secured particularly in ageing societies how may families relatives and friends support each other and live together beyond market reasons How can social welfare be secured How do different countries and different cultures solve the problems they may or may not now or in days to come share with other countries and cultures Families as is found in this publication by internationally renowned experts are the base and well of society s fortune in a humane paradigm Furthermore it is the very backbone of lifelong solidarity in inter generational relations and the very place where the readiness of taking on care and responsibility are experienced and learned The publication s underlying idea opens up two perspectives on the one hand differences and similarities in family life forms are chiselled out on the base of an international cooperation Simultaneously the international authors are called upon to express their ideas about their own country s future more distinctly and clearly thus distinctions and similarities of the respective paths of development are rather easily perceived **Precarious Lives**

Shahram Khosravi, 2017-01-25 In *Precarious Lives* Shahram Khosravi attempts to reconcile the paradoxes of Iranians everyday life in the first decade of the twenty first century On the one hand multiple circumstances of precarity give rise to a sense of hopelessness shared visions of a futureless tomorrow widespread homelessness intense individualism and a growth of incivilities On the other daydreaming and hope as well as civility and solidarity in political protests street carnivals and social movements continue to persist Young Iranians describe themselves as being stuck in purposelessness and forced to endure endless waiting and they are also aware that they are perceived as unproductive and a burden on their society Despite the aspirations and inspiration they possess they find themselves forced into petrifying social and spatial immobility Uncertainty in the present a seemingly futureless tomorrow these are the circumstances that Khosravi explores in *Precarious Lives* Creating an intricate and moving portrait of contemporary Iranian life Khosravi weaves together individual stories government reports statistics and cultural analysis of art and literature to depict how Iranians react to the experience of precarity and the possibility of hope Drawing on extensive ethnographic engagement with youth in Tehran and Isfahan as well as with migrant workers in rural areas Khosravi examines the complexities and contradictions of everyday life in Iran

Precarious Lives is a vital work of contemporary anthropology that serves as a testament to the shared hardship and hope of the Iranian people

Homosexualities, Muslim Cultures and Modernity M. Rahman, 2014-01-30 This book addresses the increasing role of queer politics within forms of Islamophobia both by exploring the framing of lesbian gay bisexual and transgender LGBT issues as a key marker of western superiority and by identifying the ways in which Muslim homophobia contributes to this dialectic

Muslim Rap, Halal Soaps, and Revolutionary Theater Karin van Nieuwkerk, 2011-12-15 From green pop and clean cinema to halal songs Islamic soaps Muslim rap Islamist fantasy serials and Suficized music the performing arts have become popular and potent avenues for Islamic piety movements politically engaged Islamists Islamic states and moderate believers to propagate their religious ethical beliefs Muslim Rap Halal Soaps and Revolutionary Theater is the first book that explores this vital intersection between artistic production and Islamic discourse in the Muslim world The contributors to this volume investigate the historical and structural conditions that impede or facilitate the emergence of a post Islamist cultural sphere They discuss the development of religious sensibilities among audiences which increasingly include the well to do and the educated young as well as the emergence of a local and global religious market At the heart of these essays is an examination of the intersection between cultural politics performing art and religion addressing such questions as where how and why pop culture and performing arts have been turned into a religious mission and whether it is possible to develop a new Islamic aesthetic that is balanced with religious sensibilities As we read about young Muslims and their quest for a cool Islam in music their struggle to quell their stigmatized status or the collision of morals and the marketplace in the arts a vivid varied new perspective on Muslim culture emerges
