Past Questions And Answers For Nigerian Army:

Directory of Nigerian Book Development Vincent Chukwuemeka Ike,1998 **Mohammed Chris Alli's The Federal Republic of Nigerian Army** Dukor, Maduabuchi,2018-07-14 Mohammed Chris Alli is a retired Nigerian Army Major General who served as Chief of Army Staff from 1993 to 1994 under General Sanni Abacha's regime and was military governor of Plateau State Nigeria from August 1985 to 1986 during the military regime of General Ibrahim Babangida. Many years later he was appointed interim administrator of the state during a 2004 crisis in the state following ethno religious killings in Shendam Yelwa Local Government. In this anthology organized as a symposium on Mohammed Christopher Alli's work he is identified as one of those critical and rational thinkers philosophers albeit a General in the Nigerian Army whose work finds a befitting logical space in the contemporary African philosophical tapestry. The book also captures the elements of military misrule in Nigeria and its undue influence on the body polity; it is a critical survey of past military misadventures and a satire against false federalism; it is a firm warning against future corruption and impunity in the military. The Trial of Biafra's Leaders Nelson Ottah,1980 Military Integration after Civil Wars Florence Gaub,2010-09-13 This book examines the role of multiethnic armies in post conflict reconstruction and demonstrates how they can promote peacebuilding efforts. The author challenges the assumption that multiethnic composition leads to weakness of the military and shows how a multiethnic army is frequently the impetus for peacemaking in multiethnic societies. Three case studies: Nigeria, Lebanon and Bosnia Herzegovina determine that rather than external factors it is the internal structures that make or break the military institution in a socially challenging environment. The book finds that where the political will is present the multiethnic military can become a symbol of reconciliation and coexistence. Furthermore it shows that the military as a professional identity can supersede ethnic considerations and thus facilitates cooperation within the armed forces despite a hostile post conflict setting. In this the book challenges widespread theories about ethnic identities and puts professional identities on an equal footing with them. The book will be of great interest to students of military studies, ethnic conflict studies and peacebuilding and IR in general. Florence Gaub is a Researcher and Lecturer at the NATO Defence College in Rome. She holds a PhD in International Politics from Humboldt University Berlin. **The Federal Republic of Nigerian Army** Mohammed Chris Alli,2001 A former general in the Nigerian army, defence attache to Zimbabwe and member of the Abacha caucus chronicles the role played by the army in Nigerian history from the first military coup in 1966 to Obasanjo's accession to power in 1998. He describes his own experiences in the army at home and abroad including a section on his personal interactions with Abacha and the caucus. The author writes in anger at the domination of political hegemony and the subsequent intervention of the military into politics, the perceived dichotomy between people and state and its implications for issues of development and human rights. He states: This book is not an indictment of the military of which I am a part. It is my perception of the conduct of my generation and the multifarious forces at work amongst and about them. It is not a verdict.

on society rather it is an articulation of the ecstasy the fears the constrictions of a nation in turmoil a nation pulling itself apart Military Past, Civilian Present Paul Taylor, Emma Murray, Katherine Albertson, 2019-11-17 This edited book presents a synthesis of current international knowledge on the topic of military veteran transition to civilian life Understanding the transition of individuals from military institutions to civilian life is of great importance The essential elements of transition support are currently widely debated in order to assess current practice and potential shortcomings in the intention to improve health welfare and social outcomes for military veterans This text links original research and critical commentary to public policy and practice in the area of veteran transition Doing so through a collection of international perspectives assists in locating continuity and difference between strategies agendas and the realities of what is actually known of the veteran's experience Chapters in this text examine the subject of transition along lines of enquiry that focus in on themes such as social justice veteran identity and developments in transition agendas Globally many veterans face complex social issues such as low income barriers to employment and problems of health and welfare Chapters take stock of the real world issues affecting veterans and at the same time casts a critical eye over the limitations in accessing or denial of access to opportunities support and remedy The veteran identity is an important dimension of enquiry here This book looks at the relational factors between the veteran and the public the creation of a master status and the challenges faced by veterans in transitioning into a cultural context that is saturated with imagery of what a veteran is Chapters also seek to pose recommendations as to how the policy and practice agenda that surrounds veterans and the bridging of the gap between military and civilian life may be developed Here authors point towards the value of knowledge research and analysis that is underpinned by participatory strategies with veterans themselves For example seeking to establish lines of enquiry that value the voice of veterans as an ongoing and iterative dimension of developing understanding **Nigeria** Alfred Obiora Uzokwe, 2015-08-22 This book is a collection of Alfred Obiora Uzokwe's critical commentaries about Nigeria's triumphs woes and the way forward It brings his writings into one volume as a reference material for those conducting research about the country It will also serve as another tool for Nigeria's policy makers in their everyday quest for better decision making The subjects of the commentaries are diverse including politics aviation infrastructure health welfare and economy Nigerians are resilient and ingenious but the country continues to flounder plagued by poor transportation infrastructure corruption unemployment inflation insecurity and poor standard of education The problems of Africa's most populous nation can be traced to rudderless and selfish leaders that have continued to preside over a unidimensional economy With plummeting oil prices the nation is now in dire straits more than ever before Yearning for a change in leadership and direction Nigerians recently voted in a new government at the center headed by a former military leader who has vowed to institute change The world is keenly watching to see if the soldier turned politician would make a positive difference In spite of the difficulties of the present time Nigeria still has the potential of becoming a great economy Social media where citizens freely vent their

thoughts about their leadership is slowly gaining the attention of leaders Furthermore the sometimes scathing commentaries about Nigerias leaders by the media and commentators like Alfred Obiora Uzokwe can no longer be ignored by the leaders because of their reach in this internet age Nigerian leaders are slowly being forced to listen to and pay heed to the yearnings and aspirations of the masses and that is a step in the right direction *Translations on Sub-Saharan Africa* United States. have used textiles as a means to express their religious positions on these concerns Home first to the early indigo trade and later to a thriving textile industry northern Nigeria has been a center for Islamic practice as well as a place where everything from women s hijabs to turbans buttons zippers short pants and military uniforms offers a statement on Islam Elisha P Renne argues that awareness of material distinctions religious ideology and the political and economic contexts from which successive Islamic reform groups have emerged is important for understanding how people in northern Nigeria continue to seek a proper Islamic way of being in the world and how they imagine their futures spiritually economically politically and environmentally

African Frontiers John Idriss Lahai,Tanya Lyons,2016-03-23 Through a multidisciplinary approach African Frontiers counters the superficial Eurocentric and gender insensitive dominant discursive representation of Africa within the discourse of war and conflict management and security and peace nation building The chapters historicize and theorize the realities in postcolonial African states and the ramifications on the continents future Situating the study within the context of the prevailing cultural and geo political realities in the postcolonial African states the chapters illustrate the complex ways in which events and processes are experienced at the local level and how these local realities in turn impact and shape the patterns of political and military engagement in Africa and beyond Organized along three major themes Insurgency governance and peacebuilding expert researchers from around the world contribute chapters on Rebel and insurgent formations such as the RUF the LRA and Boko Haram state governance and corruption terrorism and counter terrorism security and peacebuilding focussing on the tensions and challenges facing post conflict societies such as Sierra Leone Rwanda and the newest nation state on the continent South Sudan This highly significant and topical study problematizes the impact of wars on African nations as well as the epistemological framing of the local realities and fallouts of armed conflict on post colonial states

Conspiracy of Silence Azukaoma Uche Osakwe,2022-08-28 Nigeria is rife with divisions particularly between Christians and Muslims Both groups aim at converting others and so they are in direct conflict with each other The bitterness came to a head when Goodluck Jonathan a Christian succeeded his former boss Musa Yar Adua upon his death Jonathan would serve as president from 2010 to 2015 The northern oligarchy was infuriated because they depended on rent and patronage which they knew would not be feasible under a Christian president They employed every tactic they could to destabilize his regime and in 2015 he lost the presidential election to the former military head of state Gen Muhammadu Buhari In this book the author lays out how politics in Nigeria is no longer based on what politicians can do for the community Rather the focus is on what they can do for themselves There is no more catching fish for God The religion they follow is based on stealing from the people Buhari was presented as an agent of change but his seven years in charge have only brought pain bloodshed anarchy and more turmoil Something must be done to move Nigeria away from the precipice Praise for Conspiracy of Silence Azukaoma Uche Osakwe s book is another in a growing list of sad narratives on the failure of leadership in Nigeria under the leadership of Muhammadu Buhari s Administration The book painstakingly combs

through the many ills of Nigerian society under Buhari and the collapse of such institutions as the police army electoral body government officials and the various ethnic nationalities He accuses these people of conspiring to stay mum amid terrible governance The author charges the citizenry as well as the Igbo Nation which he says are marginalized to buckle up and take what remains of their destiny in their own hands Jude Atupulazi editor in chief Fides Newspaper Awka Nigeria Conspiracy of Silence this book must necessarily take a long title It would indeed be difficult to capture the Muhammadu Buhari era as president of Nigeria with an elegantly titled book The simple reason is that the Buhari tenure was devoid of neither elegance nor finesse Conspiracy of Silence encapsulates this rather dark epoch in fine detail warts and all It s a racy report of Africa s giant caught in the vice grips of mediocrity and mendacity in equal measures It s stranger than fiction Steven Osuji columnist and former member of the editorial board The Nation Nigeria **May 15, 16, June 5, 6, 7, and 8, 1967** United States.

Clips ,1984-07 **The Biafra Story** Frederick Forsyth,2015-03-21 A fearless act of journalism in 1960s Nigeria and the true story behind the international bestselling novel The Dogs of War The Nigerian civil war of the late 1960s was one of the first occasions when Western consciences were awakened and deeply affronted by the level of suffering and the scale of atrocity being played out in the African continent This was thanks not just to advances in communication technology but to the courage and journalistic skills of foreign correspondents like Frederick Forsyth who had already earned an enviable reputation for tenacity and accuracy working for Reuters and the BBC In The Biafra Story Forsyth reveals the depth of the British Government s active involvement in the conflict information which many in power would have preferred to remain

secret General Gowon's genocide of the Biafran people was facilitated by a ready supply of British arms and advice. Still tragically relevant in its depiction of global affairs, this powerful book also launched Frederick Forsyth to literary stardom by providing him with the background material for *The Dogs of War*. The dramatic events and shocking political exposures all delivered with Forsyth's bold and perceptive style makes *The Biafra Story* a compelling lesson in courage.

Creating New States Aleksandar Pavkovic, Peter Radan, 2016-05-13 Secession is the creation of a new independent state out of an existing state. This key volume examines the political, social, and legal processes of the practice of secession. Following an analysis of secessionist movements and their role in attempts at secession, eight case studies are explored to illustrate peaceful, violent, sequential, and recursive secessions. This is followed by a look at the theoretical approaches and a discussion that focuses on the economic causes. Normative theories of secession are discussed as well as the status of secession in legal theory and practice. The book systematizes our present knowledge of secessions in an accessible way to readers not familiar with the phenomenon and its consequences. It is ideal as a supplementary text to courses on contemporary political and social movements, applied ethics and political philosophy, international relations, and international law, state sovereignty, and state formation.
