Ziff, 1974 Paul Delaroche Norman D. Ziff, Paul Delaroche, 1977 **Paul Delaroche** Patricia Smyth, 2022-06-15 Paul Delaroche Painting and Popular Spectacle explores the connections between painting and an emergent popular visual culture in the early nineteenth century which included new forms of optical entertainment such as Panoramas and Dioramas and innovation in fields such as illustration art reproduction and stage decor Delaroche's paintings caused a sensation at the Paris Salon with critics comparing the emotional response they elicited to that of popular melodrama Yet his appeal to a certain type of spectator lay behind the increasingly hostile criticism to which his works were subjected and has in our own time led to his uncertain status in the art historical canon This book focuses on Delaroche's popularity with a newly expanded audience Lacking in specialist knowledge but nevertheless keen to engage with and deeply affected by art the behaviour of this new public prompted lively discussions about who has the right to judge art and on what grounds Working across disciplinary boundaries this book proposes a new reading both of Delaroche and of the connections between the arts in this period The artist emerges as a figure at the cutting edge of an emergent trans medial popular visual culture in which we see the formation of modern spectatorship *What Was History Painting and What Is It Now?* Mark Salber Phillips, Jordan Bear, 2019-10-10 The dominant visual language of European painting from the Renaissance to the nineteenth century history paintings were formidable in their monumental scale ambitious moral lessons and intricate narratives With the rise of modernist avant gardes the genre receded from the forefront of artistic production into the realm of nostalgia Yet history painting cast a shadow that would subtly colour even the works that sought to displace it Exploring the resilience of this distinctive mode of visual representation *What Was History Painting and What Is It Now* brings together an internationally distinguished group of scholars to trace the endurance adaptation and mutation of history painting These studies offer a

reexamination of the fortunes of the genre from North America to Europe and Africa Organized around illuminating themes the book explores the creation of an audience attuned to the genre s didactic aims the entry of history painting into the marketplace of commercial art and attractions and the reimagination of the mode in response to the edicts of modern and contemporary art Spanning the full range and diversity of history painting this collection is a broad reconsideration of the tradition and the vibrant ways in which it resonates through the art of the present Dictionary of Artists' Models Jill Berk Jimenez,2013-10-15 The first reference work devoted to their lives and roles this book provides information on some 200 artists models from the Renaissance to the present day Most entries are illustrated and consist of a brief biography selected works in which the model appears with location a list of further reading This will prove an invaluable reference work for art historians librarians museum and gallery curators as well as students and researchers Narrative painting in nineteenth-century Europe Nina Lübbren,2023-05-23 This ground breaking book presents a critical study of pictorial narrative in nineteenth century European painting Covering works from France Germany Britain Italy and elsewhere it traces the ways in which immensely popular artists like Jean Le Rond Goussier Karl von Piloty and William Quiller Orchardson used unique visual strategies to tell thrilling and engaging stories Regardless of genre content or national context these paintings share a fundamental modern narrative mode Unlike traditional art they do not rely on textual sources nor do they tell stories through the human body alone Instead they experiment with objects spaces cause and effect relations and open ended ambiguity prompting viewers and reviewers to read for clues in order to weave their own elaborate tales **Representing the Past in the Art of the Long Nineteenth Century** Matthew C. **Painting Texas History to 1900** Sam DeShong Ratcliffe, 2014-11-06 Certificate of Commendation American Association for State and Local History 1994 T R Fehrenbach Book Award Texas Historical Commission 1992 San Antonio Conservation Society Citation 1993 Dramatic historical events have frequently provided subject matter for artists particularly in pre twentieth century Texas where works portraying historical often legendary events and individuals predominated Until now however these paintings of Texas history have never received the kind of study given to historical fictional and film versions of the same events Painting Texas History to 1900 fills this gap with an interdisciplinary approach that explores these paintings both as works of art and as historical documents The author examines the works of more than forty artists including Henry McArdle Theodore Gentilz Robert Onderdonk William Huddle Frederic Remington Friedrich Richard Petri Arthur T Lee Seth Eastman Sarah Hardinge Frank Reaugh W G M Samuel Carl G von Iwonski and Julius Stockfleth He places each work within its historical and cultural context to show why such subject matter was chosen why it was depicted in a particular way and why such a depiction gained popular acceptance For example paintings of heroic events of the Texas Revolution were especially popular in the years following the Civil War when in Ratcliffe s view Texans needed such images to assuage the loss of the war and the humiliation of Reconstruction Though the paintings cut across traditional art history categories from the pictographs of early historic Indians to European inspired oil paintings they are bound together by their artists intent for them to function as historically evocative documents With their visual narratives of events that characterized all of America s westward expansion Indian encounters military battles farming ranching surveying and the closing of the frontier these works add an important chapter to the story of the American West
