Milady's Aesthetician Series Common Skin Diseases A Handbook For The Aesthetician:

Common Skin Diseases Pamela Hill, 2007-04-01 Common Diseases of the Skin A Handbook for the Aesthetician is designed to offer the aesthetician with the tools needed to work with clients who present with unfamiliar or unusual skin lesions. This book addresses the common and not so common diseases and disorders that are seen on the skin, what they look like, and what to do about them. With the aid of photographs, descriptions, and illustrations, this book will help the clinician to know what they are looking at and what recommended action should be taken. It offers advice on how to avoid giving medical advice and medical diagnosis and aides in understanding the common course of a disease, what to expect treatment of the disease, and client prognosis. In addition, this handbook outlines the common course of a disease, what to expect treatment of the disease, and client prognosis. Benefits: Aides the reader in understanding the difference between types of diseases: infection, viral, fungal, systemic. Provides many photographs and illustrations for visual learning. Offers information on how to avoid giving medical advice and medical diagnosis. Provides general knowledge of common and not so common skin diseases. Guides the reader on the common course of disease, what to expect treatment and diagnosis. *American Book Publishing Record*, 2007 *National Library of Medicine Current Catalog* National Library of Medicine (U.S.), 1993 *Milady's Aesthetician Series: Treating Diverse Pigmentation* Aliesh Pierce, 2012-01-12 Any successful business has to keep an ear to the ground and remain one step ahead of competitors. Savvy professionals recognize an expanding market and develop the products and services to tap into it. For the aesthetician, that expanding market segment is the multi-ethnic clientele, and the tool to help achieve success in this segment is Milady's Aesthetician Series Treating Diverse Pigmentation. Building a successful career in aesthetics hinges on the ability to identify and treat the skin concerns of this diverse population. Treating Diverse Pigmentation teaches treatments for skin of color that include the causes of aging and how it affects each race's unique facial anatomy; a guide through several different skin analysis classification systems; review studies analyzing the racial differences in the anatomy, physiology, and histology of pigmented skin; and case-by-case studies that help the reader recognize skin diseases and disorders common to people of color. The text was created for licensed aestheticians and other professionals working in skincare, including RNs and dermatologists, as well as students. Considering that the majority of the world's population is ethnically diverse, the aesthetic professional with an eye on the future will not hesitate to take advantage of Treating Diverse Pigmentation. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. [Common Drugs and Side Effects](#) Pamela Hill, 2008 This guide is designed to act as a quick drug reference for the aesthetician who requires information on drugs, their purpose, drug interactions, and potential effects and side effects, especially as they pertain to skin conditions. This unique resource highlights drugs that will impact the skin and, as such, the ability to treat the skin with traditional topical or clinical treatments familiar in the spa or medical spa. Designed to increase knowledge in specific categories that are beneficial to patient care, the guide

is organized to include coverage of common drugs for women drugs used in the aging process drugs used for autoimmune diseases drugs for bacterial infections viral infections and fungal infections drugs that affect the skin drugs used for skin therapies illegal drugs and over the counter drugs Special features of this reference guide include charts and illustrations for visual learning and a dictionary of drugs their purpose and possible reactions
