Alan Wallace,2014-09-02 By establishing a dialogue in which the meditative practices of Buddhism and Christianity speak to the theories of modern philosophy and science B Alan Wallace reveals the theoretical similarities underlying these disparate disciplines and their unified approach to making sense of the objective world Wallace begins by exploring the relationship between Christian and Buddhist meditative practices He outlines a sequence of meditations the reader can undertake showing that though Buddhism and Christianity differ in their belief systems their methods of cognitive inquiry provide similar insight into the nature and origins of consciousness From this convergence Wallace then connects the approaches of contemporary cognitive science quantum mechanics and the philosophy of the mind He links Buddhist and Christian views to the provocative philosophical theories of Hilary Putnam Charles Taylor and Bas van Fraassen and he seamlessly incorporates the work of such physicists as Anton Zeilinger John Wheeler and Stephen Hawking Combining a concrete analysis of

conceptions of consciousness with a guide to cultivating mindfulness and profound contemplative practice Wallace takes the scientific and intellectual mapping of the mind in exciting new directions **Under the Bodhi Tree**

The Spirit of Dialogue Aaron T. Wolf, 2017-09-14 Over more than twenty years as a mediator Aaron T Wolf has learned that successful conflict resolution is shaped by complicated dynamics from how comfortable the meeting room is to the participants deepest senses of self Bridging seemingly intractable issues means addressing multiple layers of needs Wolf s approach may be surprising to Westerners who are accustomed to separating rationality from spirituality and science from religion The Spirit of Dialogue draws lessons from a diversity of faith traditions to transform conflict from identifying the root cause of anger to aligning with an energy beyond oneself what Christians call grace to the true listening practiced by Buddhist monks Whether atheist or fundamentalist Muslim or Jewish Quaker or Hindu any reader involved in difficult dialogue will find concrete steps towards a meeting of souls
