**Hidden In Plain Sight: A Study of the Revelation to John** Uchenna Mezue, 2015-10-03 The Revelation to John has been with us for about 2000 years and has been the subject of diverse attempts at interpretation The Revelation as given is a vision of the end time work of the Son of Man and the sole purpose is to prepare humanity for that mission and offer them the chance to recognise the last Envoy of God when He does come It is only with this understanding in view that the Revelation can be appreciated All the promised messages for the end time are now available to us and I believe we are in a better position to understand the message of The Revelation Indeed I believe that we urgently need to understand its message The urge and pressure amongst all striving human spirits to unravel the mysteries of The Revelation represents this need This study is not a substitute for The Revelation but may be regarded as a call for a deeper study and hopefully an awakening to the need to experience the times in a more alert manner The work is offered in the recognition that the Revelation is being fulfilled in this epoch and as such is a must read for all striving human spirits

The Cosmic Code (Book VI) Zecharia Sitchin, 2002-03-01 Reveals Zecharia Sitchin s groundbreaking research into the code left behind by the creators of humanity Explains how the Anunnaki were not merely the mythical gods of the

Sumerians but rather the founders of human life on Earth Using Biblical and ancient Sumerian sources explains how to decode these messages our star ancestors left behind Daring to challenge our long held beliefs about the origins of man Zecharia Sitchin suggests that humans are not the children of God but rather the children of the Anunnaki an ancient race from the planet Nibiru His revolutionary theories are supported by his intense scrutiny of not only ancient Sumerian texts but also stone structures all over the world The similarities and astrological significance of these formations suggests that rather than looking for guidance from leaders here on Earth humanity should instead look to the sky for answers The Earth Chronicles deal with the history and prehistory of Earth and humankind Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East For the first time the entire Earth Chronicles series is now available in a hardcover collector s edition
