Mind Gone Awry A Bipolar Recovery:

Mind Gone Awry Donald Kern, 2007-12 **Secrets in the Open** Finn Dualmann, 2016-01-29 Something was wrong Author Finn Dualmann could feel it Ever since childhood he was different from others but he had no idea why His moods quickly swung from happy to sad from compassionate to aggressive alienating people along the way He spent most of his time alone with only his sometimes outlandish and never ending thoughts to keep him company In Dualmann's mid fifties he was diagnosed with Bipolar II Disorder with rapid cycling By then everything near and dear to him was gone In Secrets in the Open he shares stories of his life and reflects on how his bipolar disorder has changed and affected his interactions with the world He recalls his childhood his teenage years and each decade of his adulthood including tales of his military career and later work his family and eventual divorce and his struggle with various addictions A collection of hypomanic episodes that make up the story of Dualmann's life as he recalls it Secrets in the Open narrates what it's been like for him as a bipolar man and how it has affected his relationships and the experiences he s had along the way Mad, Bad, and Sad: A History of Women and the Mind Doctors Lisa Appignanesi, 2009-08-31 A work of wit wisdom and richness A grand tour of derangement from matricide to anorexia John Leonard Harper's This fascinating history of mind doctors and their patients probes the ways in which madness badness and sadness have been understood over the last two centuries Lisa Appignanesi charts a story from the days when the mad were considered possessed to our own century when the official psychiatric manual lists some 350 mental disorders Women play a key role here both as patients among them Virginia Woolf Sylvia Plath and Marilyn Monroe and as therapists Controversially Appignanesi argues that women have significantly changed the nature of mind doctoring but in the process they have also inadvertently highlighted new patterns of illness **Bipolar Disorder** Stephen Strakowski, 2014-07-17 Bipolar disorder is one of the most common and disabling conditions affecting humankind It is a leading cause of disability and mortality worldwide affecting millions of people The illness is complex and dynamic so that many individuals are misdiagnosed for years and clinicians struggle with identifying the most appropriate and successful treatment Because it is complex and common people suffering from bipolar disorder seek help from clinicians of all types from psychiatrists family doctors gynecologists and internists to psychologists social workers and other therapists For clinicians without significant experience with bipolar disorder how to manage the condition can be mystifying Even experienced psychiatrists will frequently find themselves uncertain of the best approach to a given individual with bipolar illness This pocket sized guide was specifically written with this diverse group of clinicians in mind It provides a concise practical and current overview of bipolar disorder including making a correct diagnosis identifying important medical and psychiatric comorbidities and describing our current understanding of the epidemiology genetics and neurobiology of the condition In addition to these topics to provide context the majority of the book is focused on a programmatic approach toward managing bipolar disorder including discussions of specific subpopulations such as children or women who are

pregnant The book may also be of interest for people with bipolar disorder and their families to help guide treatment seeking and provide education about this sometimes mystifying condition The author is an internationally recognized and trusted expert in the study and treatment of bipolar disorder annually named a Best Doctor and recognized by US News and World Report as a Top 1% Psychiatrist whose own extensive clinical experience working with people with bipolar disorder guides this book Anxiety Disorders Sourcebook, 2nd Ed. James Chambers, 2020-10-01 Consumer health information about the ways people encounter anxiety and its various types including general anxiety disorder obsessive compulsive disorder post traumatic stress disorder PTSD and panic disorder Anxiety and Depression Information for Teens, 1st Ed.
