Mindfulness And Learning Mindfulness And Learning:

Mindfulness in the Classroom Thomas Armstrong, 2019-07-18 In today's schools students and teachers feel unprecedented even alarming levels of stress How can we create calmer classrooms in which students concentrate better and feel more positive about themselves and others Author Thomas Armstrong offers a compelling answer in the form of mindfulness a secular practice he defines as the intentional focus of one's attention on the present moment in a nonjudgmental way In *Mindfulness in the Classroom* Armstrong Explains how mindfulness affects the structure and function of the brain Provides an overview of mindfulness as both a personal practice and a classroom methodology that aligns with such educational models as Social and Emotional Learning SEL Positive Behavioral Intervention and Supports PBIS and Universal Design for Learning UDL Shares and explains the extensive research that shows the positive effects of mindfulness practices in the classroom Describes how to adapt mindfulness for different grade levels integrate it into regular school subjects and implement it schoolwide Offers guidelines for teaching mindfulness responsibly without religious overtones Dozens of observations from teachers students researchers and practitioners provide striking evidence of the power of mindfulness and offer hope to anyone who wants to make classrooms more productive places of learning *Learning to Breathe* Patricia C. Broderick, 2013-06-01 Disruptive behavior in the classroom poor academic performance out of control emotions if you work with adolescents you are well aware of the challenges this age group presents What if there was a way to calm these students down and arm them with the mindfulness skills needed to really excel in school and life Written by mindfulness expert and licensed clinical psychologist Patricia C Broderick *Learning to Breathe* is a secular program that tailors the teaching of mindfulness to the developmental needs of adolescents to help them understand their thoughts and feelings and manage distressing emotions Students will be empowered by learning important mindfulness meditation skills that help them improve emotion regulation reduce stress improve overall performance and perhaps most importantly develop their attention The book also includes a website link with student handouts and homework assignments making it an ideal classroom tool The book integrates certain themes of mindfulness based stress reduction MBSR developed by Jon Kabat Zinn into a program that is shorter more accessible to students and compatible with school curricula Students will learn to pay attention in the moment manage emotions as they are perceived and gain greater control over their own feelings and actions These mindfulness practices offer the opportunity to develop hardiness in the face of uncomfortable feelings that otherwise might provoke a response that could be harmful e g acting out by taking drugs displaying violent behavior or acting in by becoming more depressed This easy to use manual is designed to be used by teachers but can also be used by any mental health provider teaching adolescents emotion regulation stress reduction and mindfulness skills The author is a graduate of the MBSR advanced practicum at the Center for Mindfulness in Massachusetts led by Jon Kabat Zinn She is also a clinical psychologist and a certified school psychologist and counselor for grades K 12 In the book Broderick calls on her years of

experience working with adolescents to outline the best strategies for dealing with disruption in the classroom and emotions that are out of hand The book is structured around six themes built upon the acronym BREATHE and each theme has a core message The program allows for themes to be delivered in 6 longer or 18 shorter sessions depending upon time and needs of students The 6 core lessons are Body Reflection Emotions Attention Tenderness and Healthy Mind Habits Learning to Breathe is the perfect tool for empowering students as they grapple with the psychological tasks of adolescence *Teach, Breathe, Learn* Meena Srinivasan, 2014-08-10 In *Teach Breathe Learn* Meena Srinivasan highlights how mindfulness can be an effective tool in the classroom What makes this book truly unique is her perspective as a classroom teacher wrestling daily with the conditions about which she writes *Teach Breathe Learn* provides accessible practical application of mindfulness to overcome challenges faced during the school day Testimonials from students and colleagues are woven throughout the book *Teach Breathe Learn* is designed for educators at all levels parents interested in sharing mindfulness with their children and anyone curious about how to cultivate their own mindfulness practice and eventually teach mindfulness to others Part 1 helps teachers develop compassion and shift from reacting to responding to demands Part 2 offers techniques for cultivating loving kindness gratitude and seeing students colleagues and parents as oneself The last section of the book introduces a curriculum teachers can use to incorporate mindfulness into their classroom replete with lesson plans handouts and homework assignments Mindfulness and Learning Terry Hyland, 2011-08-21 In recent decades education at all levels has been seriously impoverished by a growing obsession with standards targets skills and competences According to this model only a circumscribed range of basic cognitive skills and competences are the business of education whose main role is to provide employability credentials for people competing for jobs in the global economy The result is a one dimensional economistic and bleakly utilitarian conception of the educational task In *Mindfulness and Learning Celebrating the Affective Dimension of Education* Terry Hyland advances the thesis that education stands in need of a rejuvenation of its affective function the impact it has on the emotional social moral and personal development of learners Drawing on the Buddhist conception of mindfulness he advances a powerful argument for redressing this imbalance by enhancing the affective domain of learning *Mindfulness and Learning Celebrating the Affective Dimension of Education* shows how the concept and practice of mindfulness non judgmental present moment awareness and experience can enrich learning at all levels Mindfulness thus contributes to the enhanced achievement of general educational goals and helps remedy the gross deficiency of the affective emotional aspects of contemporary theory and practice The author outlines a mindfulness based affective education MBAE programme and shows how it might be introduced into educational provision from the early years to adult education with a view to harmonising the cognitive affective balance across the system Handbook of Mindfulness in Education Kimberly A.
