Maier,2023-05-16 Charles Maier offers a new narrative of the long twentieth century focused on institutions that shaped politics and societies project states driven by democratic or authoritarian ideologies capital and advocates of apolitical values such as health human rights and international law In this we discern the unfolding of our own troubled time **Revolutionary Changes in Understanding Man and Society**

Johann Götschl,2012-12-06 JOHANN GOTSCHL Over the last decades social philosophers economists sociologists utility and game theorists biologists mathematicians moral philosophers and philosophers have created totally new concepts and methods of understanding the function and role of humans in their modern societies The years between 1953 and 1990 brought drastic changes in the scientific foundations and dynamic of today s society A burst of entirely new revolutionary ideas similar to those which heralded the beginning of the twentieth century in physics dominates the picture This book also discusses the ongoing refutation of old concepts in the social sciences Some of them are the traditional concepts of rationality for example based on maximization of interests the linearity of axiomatic methods methodological individualism and the concept of a static society Today the revolutionary change from a static view of our society to an evolutionary one reverberates through all social sciences and will dominate the twenty first century In an uncertain and risky world where cooperation and teamwork is getting more and more important one cannot any longer call the maximization of one s own expectations of utility or interests rational **Distinctive Curriculum Materials in K-6 Social Studies** Jere E.

Brophy,1991 **From Financial Crisis to Social Change** Torsten Geelan,Marcos González Hernando,Peter William Walsh,2018-03-16 This edited collection critically engages with a range of contemporary issues in the aftermath of the North Atlantic financial crisis that began in 2007 From challenging the erosion of academic authority to the myth that parliamentary democracy is not worth engaging with it addresses three interrelated questions facing young people today how to reclaim our universities how to revitalise our democracy and how to recast politics in the 21st century This book emphasises the crucial importance of generational experience as a wellspring for progressive social change For it is the young generations who have come of age in a world marred by crises that are at the forefront of challenging the status quo With insight into new social movements and protests in the UK Canada Greece and Ukraine this stimulating collection of works will be invaluable for those teaching studying and campaigning for alternatives It will also be of relevance to scholars in social movement studies the sociology and anthropology of economic life the sociology of education social and political theory and political sociology **Masquerades in African Society** Walter E. A. Van Beek,Harrie M. Leyten,2023 What is the meaning of masks and masquerades in African traditions and how can we understand their role in rituals and performances Why do we find masks in some African regions and not in others and what does this mask habitat say about the general dynamics of masquerades in Africa Though masks are among the most famous art icons of Africa exploration of their uses

and the way in which they articulate social characteristics of African societies has been underexamined This book takes an anthropological perspective on the phenomenon of masquerades on the African continent to show how mask rituals are an integral part of African indigenous religions and societies and are informed by and linked to specific types of social and ecological conditions Having established the commonalities of mask rituals and a mask typology the authors look at the varieties of mask performances and the types of rituals in which masks function in rites of passage and in rituals of gender power and identity
