Microadventures Local Discoveries For Great Escapes:

Microadventures: Local Discoveries for Great Escapes Alastair Humphreys, 2014-06-05 Enthusiastic pleasingly madcap Geographical Adventure something that's new and exhilarating outside your comfort zone Adventures change you and how you see the world and all you need is an open mind bags of enthusiasm and boundless curiosity Recommended for viewing on a colour tablet

The ^AHappy Traveler Jaime Kurtz, 2017-05-01 Travel serves as a canvas onto which we project our deepest desires and needs escape relaxation meaning connection edification cultural education and more Author Jaime L Kurtz's fifteen years of scientific research offers tremendous insight into how we might better extract happy grateful moments from both everyday life and from more extraordinary experiences like travel In *The Happy Traveler* she will explore little known strategies to make better travel decisions and ultimately better life decisions brought to life through the stories she has collected and analyzed from hundreds of research participants

Adventure and Society Simon Beames, Chris Mackie, Matthew Atencio, 2018-12-28 This undergraduate textbook provides a broad overview of the ways in which adventurous practices influence and are influenced by the world around them The concept of adventure is one that is too often tackled within subject silos of philosophy education tourism or leisure While much of the analysis is strong there is little cross pollination between disciplines *Adventure Society* pulls together the threads of these discourses into one coherent treatment of the term adventure and the role that it plays in human social life of the 21st century It explores how these practices can be considered more deeply through theoretical discourses of capitalism identity construction technology and social media risk taking personal development equalities and sustainability As such the book speaks to a broad audience of undergraduate and postgraduate students across diverse subject areas and aims to be an accessible starting point for deeper inquiry

The Secret World of Weather Tristan Gooley, 2023-02-28 Learn to see the forecast in the hidden weather signs all around you from the New York Times bestselling author of *How to Read a Tree* and *The Lost Art of Reading Nature's Signs* In *The Secret World of Weather* bestselling author Tristan Gooley turns his gaze up to the sky bringing his signature brand of close observation and eye opening deduction to the fascinating world of weather Every cloud every change in temperature every raindrop every sunbeam every breeze reveals something about our weather if you know what to look for Before you know it you'll be able to forecast impending storms sunny days and everything in between all without needing to consult your smartphone But *The Secret World of Weather* goes far beyond mere weather prediction changing the very way we think about weather itself Weather is not something that blankets an area rather it changes constantly as you walk through woods or turn down a street The weather is never identical on two sides of a tree or even beneath it Take for example Gooley's remarkable discovery that breezes accelerate beneath a tree To Gooley this is weather a tiny microclimate that explains why people sit beneath a tree to cool down not only for the shade but subconsciously for cooler breeze And so Gooley shows us not only what the weather will be like five days from now but also what to expect about the weather around

every corner By carefully observing the subtle interplay of wind cloud fog temperature rain and many other phenomena we not only form a deeper understanding of weather patterns but also unlock secrets about our environment Weather forms our landscape and landscape forms our weather Everything we see in the sky reflects where we are When we learn to read weather's signs Gooley shows us the weather becomes our map revealing to us how it has made our towns cities woods and hills what they are You'll never see your surroundings the same way again **Microtravel** Charles Forsdick,Zoë

Kinsley,Kate Walchester,2024-06-04 The 2020 COVID 19 pandemic imposed immobility on large sectors of the world's population with confinement becoming an everyday reality The lives of those who previously enjoyed the privileges of being fast castes ground to a halt while at the same time the displacement of more vulnerable populations along well established migration corridors has been radically reduced The result has been a recalibration of the scale of journeying with travellers slowing down their journeys and readjusting their relationship to the proximate and nearby This situation has provided an opportunity for those who study travel and travel writing to rethink their objects of study and approaches to them This volume explores and historicizes the phenomenon of microtravel designating slower journeys within a limited radius which allow and sometimes necessitate new forms of experiencing the world Time and How to Spend It James

Wallman,2019-04-04 A Financial Times Book of the Year Genius I couldn't put it down I read it from cover to cover CHRIS EVANS If the most precious thing we have is time the most highly prized expertise should be knowing how to spend it well Yet busier than ever do we really understand which experiences bring us joy and success and which don't After all we've learned how to spot the difference between junk foods and superfoods When you discover the equivalent rules for time it'll change how you live your life In his first book since the era defining Stuffocation cultural commentator and bestselling author James Wallman investigates the persistent problem of wasted unfulfilling time and finds a powerful answer a revolutionary approach to life based on the latest scientific discoveries At its heart is the inspiring revelation that when you play by the new rules you can actively choose better experiences Bursting with original stories fresh takes on tales you thought you knew and insights from psychology economics and culture Time and How to Spend It reveals a seven point checklist that'll help you avoid empty experiences and fill your free hours with exciting and enriching ones instead This life enhancing book will show you how to be the hero or heroine of your own story You'll learn how to avoid WMDs weapons of mass distraction and discover the roads that lead to flow You'll get more out of every minute and every day your weekends will fizz and your holidays will be deeply nourishing You'll not only be living the good life but building a truly great life **Smart Girls Screw**
