exemplified by the passing verses that became what Young calls refrigerator poems the ones you tear out and affix to the fridge to read again and again over months and years Our love for that singular Billy Collins or Ada Lim n poem or lines by a new writer you ve never heard of but will hear much more from in the future is what has made The New Yorker a great organ for poetry a mouthpiece for our changing culture and way of life even a mirror of our collective soul Speaking with George Oppen Richard Swigg,2014-01-10 Seventeen interviews with George and Mary Oppen conducted between 1968 and 1987 are here brought together for the first time Two are fresh discoveries while re audited recordings of other interviews have given a new authoritative accuracy to the text These conversations provide a unique account of a major American poet s evolution through the Depression war exile and a return to poetry after two decades of silence They span Oppen s early years as an Objectivist his assessments of such as Ezra Pound and William Carlos Williams and his views on the merits of his later contemporaries Allen Ginsberg Jerome Rothenburg and others Above all it is Oppen s detailed commentary on his own writing and his explanations of how individual poems unfold which gives special importance to these new collected interviews

Translating Jazz Into Poetry Erik Redling,2017-02-20 The study develops a new theoretical approach to the relationship between two media jazz music and writing and demonstrates its explanatory power with the help of a rich sampling of jazz poems Currently the mimetic approach to intermediality e g the notion that jazz poetry imitates jazz music still dominates the field of criticism This book challenges that interpretive approach It demonstrates that a mimetic view of jazz poetry hinders readers from perceiving the metaphoric ways poets rendered music in writing Drawing on and extending recent cognitive metaphor theories Lakoff Johnson Turner Fauconnier it promotes a conceptual metaphor model that allows readers to discover the innovative ways poets translate melody dynamics tempo mood and other musical elements into literal and figurative expressions that invite readers to imagine the music in their mind s eye i e their mind s ear **Collected Poems** Federico García Lorca,2002-08 Poems by Modernist writer Federico Garc ia Lorca **Teaching the Art of Poetry** Baron Wormser,1999-12 Written w classroom teachers in mind this bk is a guide to the art of poetry a focused approach to how to teach poetry It focuses on two main issues how poetry is defined perceived taught how it can become more integrated into students live *The Forms of Youth* Stephanie Burt,2007-09-04 Early in the twentieth century Americans and other English speaking nations began to regard adolescence as a separate phase of life Associated with uncertainty inwardness instability and sexual energy adolescence acquired its own tastes habits subcultures slang economic interests and art forms This new idea of adolescence became the driving force behind some of the modern era s most original poetry Stephen Burt demonstrates how adolescence supplied the inspiration and at times the formal principles on which many twentieth century poets founded their works William Carlos Williams and his contemporaries fashioned their American verse in response to the idealization of new kinds of youth in the 1910s and 1920s W H Auden s early work Philip Larkin s verse Thom Gunn s transatlantic poetry and Basil Bunting s late modernist masterpiece Briggflatts all track the development of adolescence in

Britain as it moved from the private space of elite schools to the urban public space of sixties subcultures The diversity of American poetry from the Second World War to the end of the sixties illuminates poets reactions to the idea that teenagers juvenile delinquents hippies and student radicals might for better or worse transform the nation George Oppen Gwendolyn Brooks and Robert Lowell in particular built and rebuilt their sixties styles in reaction to changing concepts of youth Contemporary poets continue to fashion new ideas of youth Laura Kasischke and Jorie Graham focus on the discoveries of a specifically female adolescence The Irish poet Paul Muldoon and the Australian poet John Tranter use teenage perspectives to represent a postmodernist uncertainty Other poets have rejected traditional and modern ideas of adolescence preferring instead to view this age as a reflection of the uncertainties and restricted tastes of the way we live now The first comprehensive study of adolescence in twentieth century poetry *The Forms of Youth* recasts the history of how English speaking cultures began to view this phase of life as a valuable state of consciousness if not the very essence of a Western identity

Twentieth-Century Metapoetry and the Lyric Tradition Daniella Jancsó, 2019-02-19 Twentieth Century Metapoetry and the Lyric Tradition reveals the unique value of metapoems for exploring twentieth century poetry By placing these texts into a hitherto barely investigated literary historical perspective it

demonstrates that modern metapoetry is steeped in the lyric tradition to a much greater extent than previously acknowledged Since these literary continuities that cut across epochal boundaries can be traced across all major poetic movements they challenge established accounts of the history of twentieth century poetry that postulate a radical break with the immediate past Moreover the finding that metapoems perpetuate traditional forms and topoi distinguishes metapoetry historically and systematically from metafiction and metadrama After highlighting the most important differences as regards to the function of metareference in poetry on the one side and in fiction and drama on the other the book concludes with a discussion of how to account for these generic differences theoretically With its extraordinarily subtle and perceptive Ronald Bush St John s College Oxford interpretive readings of over one hundred metapoems by canonical anglophone authors it offers the first representative selection of twentieth century poems about poetry in English
