**New Guinea** Bruce M. Beehler, 2020-05-19 Combining a wealth of information a descriptive and story filled narrative and more than 200 stunning color photographs the book unlocks New Guinea s remarkable secrets like never before      **The Routledge Companion to Surrealism** Kirsten Strom, 2022-11-08 This book provides a conceptual and global overview of the field of Surrealist studies Methodologically the companion considers Surrealism s many achievements but also its historical shortcomings to illuminate its connections to the historical and cultural moment s from which it originated and to assess both the ways in which it still shapes our world in inspiring ways and the ways in which it might appear problematic as we look back at it from a twenty first century vantage point Contributions from experienced scholars will enable professors to teach the subject more broadly by opening their eyes to aspects of the field that are on the margins of their expertise and it will enable scholars to identify new areas of study in their own work by indicating lines of research at a tangent to their own The companion will reflect the interdisciplinarity of Surrealism by incorporating discussions pertaining to the visual arts as well as literature film and political and intellectual history      *Bones of the Ancestors* Brian Egloff, 2008 The 3 500 year old Ambum Stone from Papua New Guinea is the focus of several archaeological stories The stone itself is an interesting artifact an important piece of art history that tells us something about the ancient Papuans The stone is also at the center of controversies over the provenance and ownership of ancient artifacts as it was excavated on the island of New Guinea transferred out of the country and sold on the antiquities market In telling the story of the Ambum Stone Brian Egloff raises questions about what can be learned from ancient works of art about cultural property and the ownership of the past about the complex and at times shadowy world of art dealers and collectors and about the role ancient artifacts can play in forming the identities of modern peoples Book jacket      *New Guinea Art: Photographs* , 2005      *New Guinea Art: One symphony from many voices: collectors, collecting activities, and the culture of collecting since 1870* , 2005      **How to Read Oceanic Art** Metropolitan Museum of Art (New York, N.Y.), Eric Kjellgren, 2014-09-02 An engaging explanation of Oceanic art and an important gateway to wider appreciation of Oceanic heritage and visual culture      *Important African & Oceanic Art Auction* Heritage Auction Galleries (Dallas, Tex.), 2007      *Oceania* Metropolitan Museum of Art (New York, N.Y.), Eric Kjellgren, 2007 Includes detailed chapters devoted to each of the five major cultural regions of the Pacific Australia Melanesia Micronesia Polynesia and the islands of Southeast Asia      **A Witch's Hand** William E. Mitchell, 2024-05-29 William E Mitchell revisits his early fieldwork with a three part study of the history of colonial rule in Papua New Guinea From 1971 to

1972 William E Mitchell undertook fieldwork on suffering and healing among the Lujere of Papua New Guinea's Upper Sepik River Basin. At a time when it was not yet common to make colonial agencies a subject of anthropological study, Mitchell carefully located his research on Lujere practices in the framework of a history of colonization that surrounded the Lujere with a shifting array of Western institutions dramatically changing their society forever. Mitchell's work has been well known among anthropologists of Oceania, but the material in this book has remained unpublished until now. In this major new work, Mitchell revisits his early fieldwork with a three-part study of the history of colonial rule in the region, the social organization of Lujere life at the time, and the forms of affliction, witchcraft, and curing that preoccupied them. Furthermore, Mitchell offers the first sweeping cross-cultural survey of *sanguma* (magical murder) in Oceania. The book presents a vivid portrait of a society that has since changed dramatically, as well as an approach to anthropology that was typical of the era. This is a significant contribution to the ethnography of Papua New Guinea and is sure to be an invaluable source for researchers of Melanesia, medical anthropologists, and scholars of kinship, myth, and ritual.

**New Guinea Art: Essays**, 2005      **Shadows of New Guinea** Philippe Peltier, Floriane Morin, 2006

A publication revealing the extraordinary talents of the sculptors of New Guinea in turn marked with staggering ferocity and surprising delicacy. The rituals of the native inhabitants of this major island sometimes involved headhunting, perceived as a need to appropriate the enemy's vital forces in order to increase one's own. It is a complex mythology that has given rise to numerous sacred or magic sculptures, the oldest of which were carved with stone tools or sharp shell edges and finished with the pointed teeth of small animals. The Barbier-Mueller Museum presents almost two hundred pieces from New Guinea belonging to its collections, documented by superb photographs, some of which are previously unpublished.
