Sodaro, *The Crisis of Socialism in Europe* Christiane Lemke, Gary Marks, 1992 The revolutions in Eastern Europe and the recasting of socialism in Western Europe since 1989 have given rise to intense debate over the origins character and implications of the crisis of socialism Is socialism in ideological electoral or organizational decline Is the decline inevitable or can socialism be revitalized This volume draws together historians and political scientists of Eastern and Western European politics to address these questions The collection begins with an historical overview of socialism in Western Europe and moves toward the suggestion of a framework for a post socialist discourse Among the topics covered are the birth and death of communism and a regime type in Eastern Europe how different forms of national communism were smothered by Sovietization in the postwar period the origins of revolutions in Eastern Europe the potential for social democracy in Hungary the role of the Left in a reunified

Rudolph,2006-08-05 This book offers a brief broad comparative study of ethnic politics that places ethnic conflict within the context of particular political systems To develop these themes they are explored by comparing and contrasting the experiences of France Czechoslovakia and its subsequent division and Nigeria Comparative Politics Michael J. Sodaro,Nathan J. Brown,2001 *Introduction to Political Science* Fred Van Geest,2017-07-04 Christians are called to be informed about political science as they seek to be ambassadors for Christ in a diverse society In this introductory textbook Fred Van Geest presents a balanced Christian perspective on political science providing a nonpartisan guide to the key concepts institutions and policies that shape politics today *Comparative Democratization and Peaceful Change in Single-Party-Dominant Countries* M. Rimanelli,2016-01-26 One of the more positive international trends as of late has been the transformation of several countries from authoritarian based dictatorships and single party systems into multi party democracies characterized by peaceful political transitions In this volume a group of experts are gathered to analyse this progression on a comparative level The scholars examine previously right wing regimes in Brazil Argentina and South Africa former Communist states in Russia Poland Hungary and Czechoslovakia and single party dominant democracies in Italy Japan Mexico and Israel The essays reveal how the dramatic collapse of the USSR functioned as a crucial catalyst in allowing pent up domestic pressures for change to emerge in a less charged international environment In addition the chapters study the historical and current evolution of these countries focusing on their success in developing long term pluralistic structures and gauging whether these recent trends are more overnight fads than long lasting advancements Patronal Politics Henry E. Hale,2015 This book proposes a new way of understanding events throughout the world that are usually interpreted as democratization rising authoritarianism or revolution Where the rule of law is weak and corruption pervasive what may appear to be democratic or authoritarian breakthroughs are often just regular predictable phases in longer term cyclic dynamics patronal politics This is shown through in depth narratives of the post 1991 political history of all post Soviet polities that are not in the European Union This book also includes chapters on czarist and Soviet history and on global patterns **Comparative politics** Michael J. Sodaro,2001 **The Political Economy of Universal Healthcare in Africa** Philip C. Aka,Hassan Wahab,Yvette M. Alex-Assensoh,2022-04-27 The global rise in pandemics most recently COVID 19 and other health challenges some of which are due to climate change have imposed significant challenges on the healthcare systems in economies around the world Thus this book deals with an issue that is very timely and relevant not just in Africa but globally It critically assesses healthcare reforms in Ghana under the Fourth Republic since 1993 Although it focuses on Ghana s National Health Insurance Scheme of 2003 the book instructively goes beyond this program The book argues that although Ghana is a bellwether of healthcare reforms in Africa its healthcare initiatives are still far from the service haven of

healthcare as a human right Themes that animate the book s argument include the need to translate human rights law such as the right to health into practical policies that work for ordinary citizens Key highlights of the book include an increased accent on health as a human right emphasis on comparative analysis in healthcare studies and the formulation of a four hallmark framework embedded in economics law politics and human rights to act as a guide for assessment of healthcare reforms in Africa in particular and Ghana more specifically Using Ghana as a case study and analytical window into the world the book offers a valuable and timely resource for academics students and policymakers across the disciplines of development and healthcare economics law public policy political science sociology and African and Caribbean studies as well as in various fields in health science

Philosophy has come to dismiss the bogey myth of non existence of the great and noble ideas of African philosophy African theology and African history It has rather come to justify the reality and existence of African philosophy espoused in the early 1970s by people like Professor Innocent Onyewuenyi who propounded the notion of Egyptian African origin of Greek philosophy This has also added to its academic merit and market potential It is indeed a necessary addition to the growing volumes of brilliant books by a number of indigenous African scholars and writers This book is endorsed by Edioms Research and Innovation Centre E RIC

Democratic Consolidation in Turkey Müge Aknur, 2012 Although Turkey began its transition to democracy as early as the 1950s it is still far from having reached a level of consolidated democracy with the country s sixty year history of democratic politics being punctuated by numerous breakdowns and restorations of democracy In an attempt to examine why consolidation of Turkish democracy has taken so long this book aims at analyzing various factors including state political parties civil society civil military relations socio economic development the EU as an international actor and the rise of internal threats political Islam and separatist Kurdish nationalism that both hinder and enhance democratic consolidation in Turkey By highlighting the strengths and shortcomings of the Turkish experience from these perspectives this book suggests the optimal policy priorities for current and future Turkish governments to establish a

Human Rights in Nigeria's External Relations in the Age of General Muhammadu Buhari and His Successors

Philip C. Aka, 2024-07-17 Under the Fourth Republic since 1999 the challenge Nigerian leaders face like never before is how to create a state that matches the expectations of their diverse peoples at home and abroad Taking this proposition as starting point this book advances proposals for a human right policy referred to alternately in the work as principled foreign policy for Nigeria under the Fourth Republic taking advantage of the inestimable opportunity afforded by General Muhammadu Buhari's departure from the political scene on May 29 2023 after the famine domestically and externally wrought by his two terms of office as President It is a broad ranging argument draped in the less arcane constitutional vocabulary and material of human rights for thoroughgoing reforms at home and abroad as the only antidote to the nation building dilemmas Nigeria confronts in the first quarter of the twenty first century Buhari's departure marks the end of military teleguidance of Nigerian politics under the Fourth Republic in the camouflage of democratic rule a birthmark of remote control dating back to the first military intervention in the country in January 1966 These momentous events within Nigeria coincide with equally epoch making developments in the UK Nigeria's former colonial overlord with ripple effects in Nigeria signified by the death of Queen Elizabeth II after seven decades on the throne and the emergence of Prince Charles as King of England A new monarch in Britain adds to the opportunity that falls open for the reconfiguration of Nigeria's external relations with ramifications for the application of human rights in those relations Despite its known disabilities Nigeria has the potential infrastructure including its sizable population to conduct a human right policy if its leaders rationalize the country's resources more wisely

Healthcare and Economic Restructuring Philip C. Aka, Joseph Abiodun Balogun, 2022-04-27 This book explores the intersection between healthcare delivery and national economic health using Nigeria as case study and window into the world Specifically the issue this book tackles revolves around how to repair Nigeria's dysfunctional healthcare system through the medium of a healthier economy that provides sufficient revenue to meet the healthcare needs of citizens

Human Rights in Nigeria's External Relations Philip Aka, 2016-12-20 This book is a broad ranging argument for thorough reforms at home and abroad in Nigeria as the only antidote to the nation building dilemmas Nigeria confronts in the first quarter of the twenty first century Because of its enormous material and human endowments Nigeria is dubbed the Giant of Africa It is a moniker many of its leaders take seriously Yet Nigeria is a state rife with instability some of it periodically erupting into violence Given still ongoing national security challenges in the land that notoriously includes a bloody religion oriented terrorism the Fourth Republic since 1999 the longest period of continuous democratic rule since independence key to the timeline of this book has not been insulated from the spell of instability The main argument of this work is that internationally agreed upon ethical standards embedded in human rights can save Nigeria

This book is a methodologically and theoretically grounded seminal discourse on Nigerian foreign relations that spells out the human rights or lack thereof in those relations including underlying and impinging domestic forces This work is set around six issues of application embedded in a temple of Nigeria s human rights foreign policy comprising two steps and four pillars reconstructed national interest increased human rights at home redesigned peacekeeping reshaped foreign policy machinery increased bilateralism in foreign relations and the use of ECOWAS as human rights tool Although focused on the period since independence for proper understanding of events from the past that shape the current patterns of politics in the land this book also embodies a historical background chapter that overviews the pre colonial and colonial eras Postcolonial Citizens and Ethnic Migration Michael O. Sharpe, 2014-01-21 This book provides a cross regional investigation of the role of citizenship and ethnicity in migration political incorporation and political transnationalism in the age of globalization exploring the political realities of Dutch Antilleans in the Netherlands and Latin American Nikkeijin in Japan Introduction to Politics Robert Garner, Peter Ferdinand, Stephanie Lawson, 2012-04-19 Introduction to Politics brings together an expert team of authors to produce the definitive introductory politics textbook The book is divided into three sections concepts and ideologies comparative politics and international relations
