

An aerial photograph of a beach at sunset or sunrise. The ocean waves are breaking onto the shore, creating white foam. The sand is a warm, golden-brown color. The sky is not visible, but the lighting suggests a low sun. The text is overlaid on the center of the image.

Love Master Linda Grace Byers, 2018-01-11 Within the past year I set the lofty goal of mastering the art of love According to Malcolm Gladwell skill

mastery requires ten thousand hours of practice I pulled out my calculator and punched in some numbers At eight hours a day seven days a week I could be a love master in approximately 3 434 years All I have to do to accomplish this ambitious feat is to love and to love some more even when I would rather not If this sounds overly simplified you caught me read the book and see how I am doing dear reader Come along with me as I work my way toward God and the way he wants us all to live and love The collection of written pieces originally published as blogs within this book move from heavy to light shadow to brightness and sometimes there is the murky in between You will see a repeat of themes as I make sense of my experiences and gain insights along the way The writing is raw it is soul exposure for the sake of self and others I am assuming we can relate to one another or at least this is my hope My motivation to become a love master stemmed from a keen and painful awareness of my own lack of training in the noble ways of handling difficult situations and interactions with other humans I know there is a better way a godly way Jesus came to show us how and he is the perfect example of the excellence we can live Jesus is the ultimate Love Master I invite you to join me inside the pages of the book you hold in your hands Love Mastery is within your reach *Chicken Soup for the Soul: The Best Advice I Ever Heard* Amy

Self-Worth Erika Rhodes,2018-08-14 Self Worth My Journey to Freedom is filled with a brief history of valuable moments of my life These testimonials consist of life lessons that helped me become the woman I am today I want to share how God used my painful experiences and turned them into the greatest victories As you read through the pages I pray you are helped in many ways If you are struggling with unforgiveness divorce abuse or anything that is keeping you from knowing who you truly are I want you to choose to open your heart to forgiveness to become a victor and to live free **The Tides That Lie** Jenn J McLeod,2024-01-15 There was no saving their father but can they save each other On her sixteenth birthday Layla Scott uncovered an unimaginably cruel secret and over the years tried too many times to stop the hurt Now her sister is in the last place Layla wants to be remembering someone Layla wants to forget and dangerously close to the painful truth Loss grief and guilt have kept Chelsea clinging to her childhood home alienating her husband and kids She is now alone in the house nobody wants to live in but her and surrounded by memories of a beloved father the sea swept away three decades earlier Chelsea hopes to confront her past trauma by returning to Sandbar Campground but her fears only intensify when her estranged sister shows up Can Layla along with local surfing fanatic Thaddeus Poulle help Chelsea see she is holding too tight to all the wrong things and the sea always gives up its secrets **Pardon me, but you're stepping on my heart** Jannette Blair,2022-10-01 Pardon me but you're stepping on my heart is the second volume for the book The Tears Behind My Smile based on the life of a girl who had been through the worst days of her life and still stood like a queen She had been mistreated by her loved ones and taken advantage of by the people she had trusted the most The entire book revolves around her journey in which she saw the true colors of people in her time of need Although her life long lessons tore her into pieces she still learned from them instead of becoming the victim of everything Everyone in her surroundings doubted her for not being strong enough and fighting the demons in her life However she proved all of them wrong and became the best version of herself Whomsoever she trusted always betrayed and wronged her Thus she started to be herself and stay away from everyone who claimed to love or look after her Later she realized that everyone becomes toxic in their life but the true survivor is the one who accepts their faults and improves their selves and she considers the true essence of life There came a stage in her life where she decided to take steps for all those people especially women whose voices were manipulated or suppressed due to someone else's dominance She also remembered how her ex husband mistreated and kicked her out of the house just like her parents did She still understood his mentality who had been a victim of abuse from his parents No matter how many times she had been played manipulated wronged or taken for granted she never looked back because she had an optimistic approach to seeing things In addition in each step of her life she remained thankful to God who did not leave her hand in the hard times She guided her readers to be realistic no matter what social media is showing them because behind the cameras everyone has to go through something they do not speak of To get over her past she made sure to make herself busy at work where she again saw horrible faces behind the kindest smile There too she acted

patiently and saw people reaping what they had sown She remained thankful to her childhood friends who never left her way and helped her fight her toxic ex husband She acknowledged and realized the power of unity and witnessed how it turned the tables She asked the readers to remain grateful and helpful to the people around us because we never know when we might need their help or concern in this predictable life Finally yet importantly she claimed self love above all as when people love themselves they become contagious towards the better things and people in life Thus the main theme is to trust and love yourself no matter where you are and how others treat you *From the Heart* Sherry Norton,2016-08-24 *From The Heart* is a Christian Song Lyric Book dedicated to praising and worshipping God and his Son our Lord and Saviour Jesus Christ If you have a melody in your heart and enjoy singing this is the book for you My hope for you is that this book of Song Lyrics will uplift inspire refresh encourage and comfort any who immerse themselves in its pages In Gods Word the Bible in Psalms scripture says to make a joyful noise Here is one example of my attempt to make a joyful noise Mighty to Deliver Verse Gracious and merciful is Jehovah our God mighty in power to deliver His loving kindness it does surround hiding us in the shadow of His wings Hiding us in the shadow of His wings verse Holy and righteous is Jehovah our God mighty in power to deliver Abba Father creator of all the one and only true living God The one and only true and living God chorus Yes He is mighty to deliver making ways where there are no ways Yes He is mighty to deliver and I will praise Him all of my days And I will praise Him all of my days verse Gracious and wonderful is Jehovah our God mighty in power to deliver He is speaking with a still small voice slow to anger in kindness and in truth Slow to anger in kindness and in truth chorus Bridge He is perfect in all His ways God of the heavens holding us in the palm of His hand the God of the universe God of the universe God of the universe God of the universe The Archangel Michael Radleigh Valentine,2022 **More than a Test Score** Melinda Strickland,2012-05-10 No matter what variety of educational program is used to motivate students the bottom line is knowing the people within the circle of influence are behind every effort the student faces Our students are the future leaders parents workers and citizens of our society While tests and accountability are very important the outcome is far greater than basing achievement on individual performance on tests Information included in *More Than a Test Score* derives from educators who empower students to take ownership in their educational journey by using a variety of strategies and programs to meet the needs of the students The strategies target academic behavioral and social components in education Each successful program has one common element that rises above anything else and that is the element called empowerment Building relationships is one of the main keys to success in school and every endeavor faced by the youth of our society Success stories are included to show how caring has made a difference with all those involved Running To Win Galena Conatser,2004-10 If life has left you feeling like a second class citizen hopeless when it comes to your future or incomplete in any way then get ready for a turn around **Climbing the Corporate Ladder in High Heels** Kathleen Archambeau,2006-04-01 Favoring neither the in your face aggressive tactics of the break through the glass ceiling school of

thought nor the sugar and spice is everything nice little girl approach Climbing the Corporate Ladder in High Heels shows women how to be outstanding successful and personally actualized without becoming just like men There are 63 million working women in America but only nine are top company CEOs While women make up nearly 50 percent of the workforce working women perform 90 percent of household and childcare duties Women are left wondering Do I have to make a choice between my career or my life This book answers that question You can have it all just not all at once
