and Church Dr Gordon Arthur, 2013-05-28 Law Liberty and Church examines the presuppositions that underlie authority in the five largest Churches in England the Church of England the Roman Catholic Church the Methodist Church the United Reformed Church and the Baptist Union Examining what has influenced their development and how the patterns of authority that exist today have evolved Gordon Arthur explores the contributions of Scripture Roman Legal Theory and Greek Philosophy This book shows how the influence of Roman legal theory has caused inflexibility and at times authoritarianism in the Roman Catholic Church it explores how the influence of reason and moderation has led the Church of England to focus on inclusiveness often at the cost of clarity it expounds the attempts of the Free Churches to establish liberty of conscience leading them at times to a more democratic and individualistic approach Finally Arthur offers an alternative view of authority and sets out some of the challenges this view presents to the Churches

**Understanding the Synod on Synodality, 2023 Session** James Chukwuma Okoye, 2024-09-24 No synod in modern times has grappled with so much contention and doubt from personages high in the church's hierarchy The author situates this in context guiding the reader through the theological and canonical footprints leading from Vatican II to the Synod on Synodality and outlining the *communio ecclesiology* at the base of this Synod The book studies the Synod documents especially the *Instrumentum laboris* and the Synod Synthesis Report drawing out certain implications for a synodal church renewed by the Spirit and becoming a community of mutual empowerment in mission

**Contracts Between Ecclesiastical Entities According to Canon Law** Joseph Clifford N. Ndi, 2018-08-28 Within ecclesiastical circles both from the perspective of legal practice and ordinary relational matters between ecclesiastical entities the theme of contract very scarcely occupies a place of prominence It is a situation that is due on the one hand and to a large extent to the fact that the canonisation of civil law on contracts c 1290 CIC 1983 has had the consequence of transferring the preoccupation of the entities on this matter to the domain of civil law Besides and still connected to the above is the tendency to attribute a merely pastoral relevance to their relationships with little or no reference to the juridic aspects inherent in these relationships It is a situation that is largely responsible for the crisis which do not uncommonly characterise some of these relationships as verified over the centuries particularly in the relationship between dioceses and religious institutes The issuance of various papal and conciliar exhortations before and after Vatican II as well as the normative instructions and legal provisions contained in various juridic documents most prominently cc 271 520 681 and 790 of CIC 1983 has gone a long way to dissipate some of the tensions of the past However the true nature of how the contractual relationship between ecclesiastical entities including the attendant issues of conceptual understanding civil status of ecclesiastical entities resolution of contractual disputes etc remains a matter of investigative interest for the canonist This is in a nutshell the substance of this research work The conclusions arrived at offer the reader an insight into the available untapped resources within the ecclesiastical legal system as well as some considerable possibilities which remain to be

explored to the benefit of the subjects of canon law      Collaborative Parish Leadership William A. Clark, Daniel Gast, 2016-12-27 These essays explore team based parish leadership theologically sociologically and pastorally in a variety of cultures and circumstances The result is an extended conversation both practical and deeply reflective emerging from the collaboration of theologians social researchers organizational development specialists and pastoral ministers Collaborative Parish Leadership draws on the experience strengths challenges and insights of the long term pastoral academic partnerships out of which it has grown These include Project INSPIRE a pastoral team formation project sponsored by Loyola University and the Archdiocese of Chicago and funded by the Lilly Endowment Inc as part of its Sustaining Pastoral Excellence initiative Another partner initiative is the international pastoral minister exchange Crossing Over involving several Catholic dioceses in northwest Germany and based at Ruhr University Bochum Authors of these essays have also been involved in Emerging Models of Pastoral Leadership the Congregational Studies Team's Engaged Scholars fellowship both also Lilly Endowment funded projects and other projects Collaborative Parish Leadership employs practical theological methods rooted in pastoral experience and integrated with scholarly reflection Opening essays deal with the current situation of U S parishes the parish consultancy model of Project INSPIRE and a case study of several parishes that benefited from the project The following chapters present comparative case studies of collaborative leadership in various settings multicultural parishes in different parts of the U S parish clusters consolidating into single parishes using very different processes and parishes in Chicago and Mexico City meeting similar urban challenges Three authors associated with CrossingOver and its participating dioceses assess the general state of parish reorganization in Germany and the potential of the unique approach to team leadership taken in the French archdiocese of Poitiers The final chapters reflect on the theology of parish leadership from pastoral and systematic perspectives and on the future needs and possibilities of collaborative approaches Overall Collaborative Parish Leadership engages and challenges academic and pastoral leaders in diverse social and ecclesial situations suggests multiple models for cultivating collaboration builds connections between collaborative action and theological development      Handbook of African Catholicism Ilo, Stan Chu, 2022-07-13 A disciplinary map for understanding African Catholicism today by engaging some of the most pressing and pertinent issues topics and conversations in diverse fields of studies in African Catholicism      *Dear Brother* Brian Roberts, 2006-06-01 Dear Brother is a fresh compilation of Catholic Apologetics targeted toward non Catholic Christians However the book was especially written for Catholics who have found themselves in RCIA programs against the wishes of Protestant friends and family It contains an exhaustive biblical defense of essential Catholic doctrines a glimpse of the general councils in Church history and the author's own conversion story It is difficult to find so much material packed into one easy to read volume Dear Brother manages this in a way that is both personal and compelling A real page turner for anyone interested in Catholicism FEATURES the author's personal testimony a summary of each ecumenical council a list of the popes over twenty articles on saints suggested reading

and resource lists quotes from the early Church HUNDREDS of Scriptural references

**International Encyclopedia of Civil Society** Helmut K. Anheier, Stefan Toepler, 2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field

**Religion and Ethnocentrism** Dave Dean Capucio, 2010-05-10 Previous studies reveal that religion despite its ideal of solidarity hospitality and compassion has been the primary origin of ethnocentrism However other researches dispute this sweeping claim by indicating several other factors that affect this complex relationship This empirical theological study is an endeavour to dig deeper into these factors by examining the extent to which a number of religious images which are culled from five religious themes namely God Jesus Spirit salvation and church contribute to ethnocentrism It situates these religious attitudes within the framework of the Dutch civil religion and the different reactions to it by contemporary Dutch catholic believers

**My Call to Priesthood** Ronald Eberley, 2006-01-26 A personal story of one married Roman Catholic male's attempt to become a priest This is the story of Ron Eberley's so far futile effort to become a married priest It is also a clear account of the chequered history and tortuous theology of mandatory celibacy

*A Passion for Justice* G. J. Woodall, 2011 For many the law of the Church canon law has little meaning it appears remote both from the Gospel and from the life of most people in the Church Yet it can impinge on them at times if a parish priest urges that a baptism be deferred where a dispensation is needed for marriage or where there is a query about nullity of marriage Recently the scandals over clerical sexual abuse of children have drawn wider attention to the need for law also in the Church At a time when it is popular to assert rights of all sorts an identification of authentic rights and of corresponding duties in the Church as well as mechanisms to ensure that these are respected in practice in a systematic way justice and law in the Church cannot be neglected This book seeks to root the Church's law in the values of the Gospel in particular in the justice which should guide the lives of those called to follow Christ and in the baptism by which they are incorporated into him and into his Church The canon or measure of how we should treat one another as members of the People of God and participate in our common mission in the service of that Gospel according to our particular vocations and functions is the focus of canon law No law can replace the Gospel or the Holy Spirit but canon law is an instrument of justice in the service of the Church and of its mission The revision of canon law which led to the Code

of Canon Law of 1983 for the Latin Church sought expressly to reflect the key teachings of the Second Vatican Council That Code beyond the general norms for understanding and applying its laws as a whole centres upon the People of God in our common diverse and complementary forms of living the Gospel upon the Church's broad teaching function and upon its sanctifying function especially through the sacraments It attends also to the temporal goods of the Church for which there are responsibilities of stewardship to penal law and sanctions and to procedural law the latter designed to ensure that practical implementation of the Church's law which is essential if its affirmations concerning justice and mission are not to remain vacuous This book attempts to provide a theological and juridical introduction and explanation of these various aspects of the Church's life The schematic presentation of key canons is designed to enable the reader to understand the principal elements of a specific section and to see how those canons can be broken down so that their inter related parts may be read analysed and applied The Code of Canon Law then can be seen as a valuable instrument in fulfilling the Church's mission for those with a passion for justice rooted in the Gospel of Christ

*The Mystery of Marriage: A Theology of the Body and the Sacrament* Perry J. Cahall, 2014-12-01 This remarkable study offers a comprehensive explanation of the Catholic Church's teaching on the sacrament of marriage Incorporating the rich insights found in St John Paul II's Theology of the Body Dr Cahall presents a theology of marriage that incorporates the biblical systematic pastoral and historical traditions which have shaped our understanding of this sacrament
