South Asian Pornographies Darshana Sreedhar Mini, Anirban K. Baishya, 2024-06-21 South Asian Pornographies is the first consolidated volume that explores the relationships between pornography obscenity law and desire in South Asia. Focusing on case studies from India Sri Lanka and Bangladesh while gesturing towards other countries in South Asia the authors of this volume come from fields as varied as history literature media and communication and the visual arts. The book proposes that as a geo political location South Asia has a unique relationship to pornography given the multiplicity of cultural and legal censorial regimes that define the obscene and the permissible. South Asian case studies can demonstrate how pornography in the region is often defined in oblique terms finding reflection in various modes of popular and sometimes underground culture bypassing legal and censorial constraints. Like questions of identity that can only be answered in the plural identities rather than identity this book demonstrates how a range of pornographies constitutes the force field of sexualized media in South Asia. It will be of interest to researchers and advanced students of Communication Studies Cultural Studies Film Studies History Sociology and Social and Cultural Anthropology. The chapters in this book were originally published in the journal Porn Studies.

Pornistan Aditya Gautam, 2018-07-20 Do you know what porn does to you? We all know what it does to our body but what about our mind? Internet porn: endless variety of hardcore sexual videos streaming at the click of a button. We have all seen it. Our intimate partners have seen it. Most kids by the time they are eleven have seen it too. Why do we humans watch porn in the first place? What role is porn playing in the Indian sexual revolution? Is porn spicing up or ruining our relationships? Should parents let their kids watch porn? Can watching porn make us promiscuous or affect a man's libido? Should we ban porn? Is internet porn hindering or facilitating the sexual liberation of Indian women? Pornistan answers these and tells you everything else you absolutely must know in today's porn-induced sexual culture. Interviews with India's leading experts, latest studies and experiments from around the world, statements from world famous porn stars, scientists and doctors, some incredibly relatable short stories and some amazing illustrations. Pornistan will entertain you, shock you, inform you and leave you with a deeper understanding of how human sexuality works. Pornistan: the sex education you didn't receive at school.

Neighbourhoods in Urban India Sadan Jha, Dev Nath Pathak, Amiya Kumar Das, 2021-04-30 a brilliant exploration of urbanism between the concept city and the lived city. The volume focuses on urban life lived between home and the world, institutions and experiences, representations and affects. Its fascinating range of empirically rich and analytically sophisticated excavations of neighbourhoods make the volume a must have in the bookshelf on South Asian urban studies. Gyan Prakash, Princeton University. A must read for those who wish to study the micro aspects of contemporary urbanity. Sujata Patel, Savitribai Phule Pune University. This book is a powerful addition to the study of Indian urbanism. Ravi Sundaram, Centre for the Study of Developing Societies, CSDS. In the last couple of decades the global South in general and India in particular have witnessed a massive growth of cities. In India more than one third of its population lives in cities.

However urban development growth and expansion are not merely about infrastructures and enlargement of cityscapes This edited volume focuses on neighbourhoods their particularities and their role in shaping our understanding of the urban in India It locates Indian experiences in the larger context of the global South and seeks to decentre the dominant Euro American discourse of urban social life Neighbourhoods in Urban India In Between Home and the City offers an understanding of neighbourhoods as changing socio spatial units in their specific regional settings by underlining the way value regimes religiosity and subjectivities give neighbourhoods their social meanings and stereotypes It unpacks discourses and knowledge practices such as planning architecture and urban discourses of governance It further discloses the linkages and disjunctures between the social practices of neighbourhoods and the language logic and experiences of dwelling housing urban planning and governance and focuses on the particularities and heterogeneities of neighbourhoods and neighbourliness
