New Labour In Power Precedents And Prospects

Christopher Pierson, Francis G. Castles

New Labour In Power Precedents And Prospects:

The Political Economy of New Labour Colin Hay, 1999 This text is an analysis of the emergence of New Labour from the electoral wilderness to government It will be of interest to students academic journalists and policy makers in Britain and North America

New Labour Mark Bevir, 2012-12-06 New Labour is the most innovative and powerful political movement in Britain today However New Labour A Critique argues that its apparent pragmatism disguises an ideological commitment to particular forms of social science deploying new institutionalism and communitarianism to respond to the New Right Bevir traces the impact of these forms of social science on the ideas and policies of New Labour paying particular attention to the welfare state and the economy New Labour the new institutionalism and communitarianism typically objectify aspects of the social world to sustain claims to expert knowledge Bevir defends and enacts an alternative interpretive approach to social science This interpretive approach inspires a critique of New Labour as a contingent reworking of a particular socialist tradition rather than the necessary or pragmatic response that it portrays itself as

New Labour in Power Brian Brivati, Tim Bale, 1997 Addressing core themes such as Europe the economy welfare education and the constitution this volume assesses Labour's election victory both in its historical context and through the words of contemporary media commentators

A History of the British Labour Party Andrew Thorpe, 2017-09-16 After 13 years in power Labour suddenly returned to being the party of opposition in 2010 This new edition of A History of the British Labour Party brings us up to date examining Gordon Brown's period in office and the Labour Party under the leadership of Ed Miliband Andrew Thorpe's study has been the leading single volume text on the Labour Party since its first edition in 1997 and has now been thoroughly revised throughout to include new approaches This new edition Covers the entirety of the party's history from 1900 to 2014 Examines the reasons for the party's formation and its aims Analyses the party's successes and failures including its rise to second party status and remarkable recovery from its problems in the 1980s Discusses the main events and personalities of the Labour Party such as MacDonald Attlee Wilson Blair and Brown With his approachable style and authoritative manner Thorpe has created essential reading for students of political history and anyone wishing to familiarise themselves with the history and development of one of Britain's major political parties

New Labour's Pasts James E. Cronin, 2016-09-17 Where other books are either highly partisan dismissals or appreciations of the Third Way or dull sociological accounts this book gets behind the clichés in order to show just what is left of Labour party ideology and what the future may hold New Labour has changed the face of Britain Culture class education health the arts leisure the economy have all seen seismic shifts since the 1997 election that raised Blair to power The Labour that rules has distanced itself from the failed Labour of the 70s and 80s but the core remains Labour remains gripped by its own past unable and unwilling to shed its ties to the old Labour party but determined to avoid the mistakes of which lead to four electoral defeats between 1979 and 1992 Cronin covers the full history of the party from its post war triumph through decades of shambolic leadership

against ruthless and organised opposition to the resurgent New Labour of the 90s that finally took Britain into the new millennium

New Labour's Foreign Policy Richard Little, Mark Wickham-Jones, 2000 On 12 May 1997 the foreign secretary Robin Cook launched a mission statement for New Labour's foreign policy This essay asks whether New Labour have reorientated the path of foreign policy from that established by the Conservatives

New Labour and the European Union Stefano Fella, 2018-05-08 This title was first published in 2002 This book makes a valuable contribution to the literature on the UK EU relationship and on the development of the Labour party since Tony Blair became leader in 1994 providing a detailed examination of the process of policy making undertaken by Labour in relation to the 1996-97 intergovernmental conference IGC of the EU It tracks policy development from opposition to government culminating in the conclusion of treaty negotiations at Amsterdam in June 1997 The book moves beyond the existing literature in providing an original account of policy making based on internal party and government sources It highlights a New Labour approach to the EU set in place by the time of the Amsterdam summit and characteristic of the Blair government's European policy thereafter and suggests that this approach represents both continuity and change with previous UK governments and a break from the European social democratic perspective that had been central to Labour's previous pro-European conversion

The Labour Party and the world, volume 1 Rhiannon Vickers, 2013-07-19 This electronic version has been made available under a Creative Commons BY-NC-ND open access license This is the first comprehensive study of the political ideology and history of the Labour Party's world view and foreign policy It argues that the development of Labour's foreign policy perspective should be seen not as the development of a socialist foreign policy but as an application of the ideas of liberal internationalism The first volume outlines and assesses the early development and evolution of Labour's world view It then follows the course of the Labour party's foreign policy during a tumultuous period on the international stage including the First World War the Russian Revolution the Spanish Civil War the build up to and violent reality of the Second World War and the start of the Cold War This highly readable book provides an excellent analysis of Labour's foreign policy during the period in which Labour experienced power for the first time

Between Nation and Europe Joey-David Ovey, 2012-12-06 The book compares how the SPD and the Labour Party managed relations with MEPs from 1994 to 1999 It shows the link between polity and party organisation and how behaviour within the state is transferred to the European Parliament Europeanisation is shown to entail more than policy choices organisation matters

The Politics of the British Constitution Michael Foley, 1999 The Politics of the British Constitution provides the first major assessment of the properties dynamics and implications of the new area of political exchange

In search of social democracy John Callaghan, Nina Fishman, Ben Jackson, Martin McIvor, 2017-05-26 This electronic version has been made available under a Creative Commons BY-NC-ND open access license The search for social democracy has not been an easy one over the last three decades The economic crisis of the 1970s and the consequent rise of neo-liberalism confronted social democrats with difficult new circumstances tax resistant

electorates the globalisation of capital and Western deindustrialisation In response a new bout of ideological revisionism consumed social democratic parties But did this revisionism simply amount to a neo liberalisation of the Left or did it propose a recognisably social democratic agenda Were these ideological adaptations the only feasible ones or were there other forms of modernisation that might have yielded greater strategic dividends for the Left Why did some social democratic parties feel it necessary to take their revisionism much further than others In search of social democracy brings together prominent scholars of social democracy to address these questions Focusing on the social democratic heartland of Western Europe although Australia and the United States also figure in the analysis it gives the first detailed assessment of how the new social democratic revisionism has fared in government The book begins by considering the underlying causes of the end of social democracy's golden age and the magnitude of the challenges faced by social democratic parties after the 1970s It then proceeds to examine detailed case studies of how particular social democratic parties responded to this changed political terrain Finally it contributes to a broader conversation about the future of social democracy by considering ways in which the political thought of third way social democracy might be radicalised for the twenty first century The contributors offer a variety of perspectives some are sceptical of social democracy's prospects others more sanguine some supportive of the performance of social democratic parties in government others bitingly critical But they are united by the conviction that the themes addressed in this book are crucial to understanding the current politics of the industrialised world and in particular to determining the feasibility of more egalitarian and democratic social outcomes than have been possible so far in the era of neo liberalism

Faith and Social Capital After the Debt Crisis A. Dinham, 2012-04-24 This book explores what becomes of faiths when seen as social capital In the grip of the current debt crisis where the social and capital seem increasingly unbalanced this book examines whether faiths can help rebalance society through drawing communities together

Patriots Richard Weight, 2013-10-17 Who are the British today For nearly three hundred years British national identity was a unifying force in times of glory and despair It has now virtually disappeared In *Patriots* Richard Weight explores the decline of Britishness and the rise of powerful new identities in England Scotland Wales and Ireland Based on a wealth of original research it is scholarly in depth and scope yet never departs from a thoroughly readable and entertaining style Here are the themes of Orwell's *The Lion and the Unicorn* stretched over the subsequent sixty years and widened to embrace the whole United Kingdom Brimming with zest and feel this is politico cultural history at its best Peter Hennessy Wide ranging intelligent sensible and important Max Hastings Sunday Telegraph A marvellously rich ambitious and at times iconoclastic study by a young historian of how in the broadest sense national identity in Britain has changed in the last 60 or so years David Kynaston Financial Times A major work the fruit of long research wide reading and hard thinking engagingly written bubbling with fresh ideas Stephen Howe Independent

The Welfare State Reader Christopher Pierson, Francis G. Castles, 2006-11-28 Includes 20 selections reflecting the thinking and research in welfare state studies these readings are

organized around a series of debates on welfare regimes globalization Europeanization demographic change and political challenges **Fiscal Policy Convergence from Reagan to Blair** Arthur T. Denzau, Ravi K. Roy, 2003-10-30 This book charts the rise of consensus politics over the last two decades that has seen Republican and Conservative economic policy under Reagan Bush Thatcher and Major change little with Democrat and New Labour under Clinton and Blair

Diminishing Welfare Gertrude Schaffner Goldberg, 2001-11-30 Particularly in the 1990s social welfare programs have been cut back in a number of countries Indeed the phrases ending welfare as we know it or dismantling the welfare state have been used to describe this trend In this analysis by well recognized social welfare scholars the nature and extent of changes in social welfare programs in key industrial or post industrial countries is scrutinized Determining if and how social welfare and employment prospects have been cut back in the United States Canada Sweden the United Kingdom France Germany Italy Hungary and Japan helps to identify the population groups hardest hit by cutback In the United States for example poor single mother families have suffered major reductions in income support while more powerful groups have avoided major losses This cross national study not only sheds light on general trends in social welfare but also provides clues to what constitutes successful reform and what has failed This major comparative analysis will be of interest to scholars students policy makers and professionals as well as the general public concerned with social welfare issues full employment poverty and economic inequality **Welfare Policy Under New Labour** Andrew Connell, 2010-11-30 How much freedom of action does an ambitious reforming party have as it moves from opposition to government Drawing on original research and first hand interviews Andrew Connell analyses the development of welfare reform policy following New Labour's ascent to power in 1997 to show how ideas actors and structures can constrain policy options He looks at the contrasting ideas of Frank Field Minister for Welfare Reform in 1997-8 and of Gordon Brown and shows how Brown's approach eventually came to prevail The book also includes a unique exposition of Field's political and social philosophy showing how his consistent Christian socialist beliefs influenced his work as Minister for Welfare Reform Welfare Policy under New Labour will be essential reading for scholars of contemporary politics and social policy and for those interested in New Labour and welfare reform

The Impact of Law's History Sarah McKibbin, Jeremy Patrick, Marcus K. Harmes, 2022-03-30 This book considers how legal history has shaped and continues to shape our shared present Each chapter draws a clear and significant connection to a meaningful feature of our lives today Focusing primarily on England and Australia contributions show the diversity of approaches to legal history's relevance to the present Some contributors have a tight focus on legal decisions of particular importance Others take much bigger picture overview of major changes that take centuries to register and where impact is still felt The contributors are a mix of legal historians practising lawyers members of the judiciary and legal academics and develop analysis from a range of sources from statutes and legal treatises to television programs Major legal personalities from Edward Marshall Hall to Sir Dudley Ryder are considered as are landmarks in law from the Magna Carta

to the Mabo Decision **Developments in British Public Policy** Peter Dorey, 2005-11-05 This work provides a comprehensive review of all the key public policy sectors in contemporary British politics Each chapter is written by a leading authority in their field and includes case studies discussion questions and further reading The Electoral Consequences of Third Way Welfare State Reforms Christoph Arndt, 2025-10-01 In all advanced Western nations policy makers have implemented encompassing welfare state reforms in recent decades breaking with past welfare arrangements In particular social democracy engaged in significant policy change under the Third Way paradigm and broke with its traditional reputation on welfare that had built the ties with the core constituency in the 20th century The Electoral Consequences of Third Way Welfare State Reforms Social Democracy's Transformation and its Political Costs provides a comparative study of the electoral consequences of Third Way welfare state reforms The book demonstrates that Third Way reforms went against the social policy preferences of social democracy's core voters and indeed produced an electoral setback for social democrats at the ballots Moreover and accounting for cross national variation the analysis shows that the nature of the setback is contingent on the electoral system and the party competition social democrats face when reforming the welfare state
