The Local Museum in the Global Village Insa Müller, 2020-10-06 In remote areas of Europe, local history museums struggle to connect with the rapidly changing and increasingly diverse communities around them. Insa Müller asks how these museums can recast themselves to strengthen the links to their communities. Combining theoretical deliberations, empirical investigations of the case of two Norwegian islands and a museum experiment, she offers starting points for rethinking the local history museum while at the same time providing suggestions for locally adapted museum practice.

Museum Practice Conal McCarthy, 2020-11-19

MUSEUM PRACTICE Edited by CONAL MCCARTHY. Museum Practice covers the professional work carried out in museums and art galleries of all types, including the core functions of management, collections, exhibitions and programs. Some forms of museum practice are familiar to visitors, yet within these diverse and complex institutions many practices are hidden from view, such as creating marketing campaigns, curating and designing exhibitions, developing fundraising and sponsorship plans, crafting mission statements, handling repatriation claims, dealing with digital media and more. Focused on what actually occurs in everyday museum work, this volume offers contributions from experienced professionals and academics that cover a wide range of subjects, including policy frameworks, ethical guidelines, approaches to conservation, collection care and management, exhibition development and public programs. From internal processes such as leadership, governance and strategic planning to public-facing roles in interpretation, visitor research and community engagement, each essential component of contemporary museum practice is thoroughly discussed.

Keeping Their Marbles Tiffany Jenkins, 2018 The story of how the museums of the West acquired their fabulous collections, from the Benin Bronzes to Native American sacred objects, and why they should not be returned to the lands or the people from which they came.
