**Queer French** Denis M. Provencher, 2016-05-23 In this book Denis M Provencher examines the tensions between Anglo American and French articulations of homosexuality and sexual citizenship in the context of contemporary French popular culture and first person narratives In the light of recent political events and the perceived hegemonic role of US forces throughout the world an examination of the French resistance to globalization and Americanization is timely in this context He argues that contemporary French gay and lesbian cultures rely on long standing French narratives that resist US models of gay experience He maintains that French gay experiences are mitigated through gay French language that draws on several canonical voices including Jean Genet and Jean Paul Sartre and various universalistic discourses Drawing on material from a diverse array of media Queer French draws out the importance of a French gay linguistic and semiotic tradition that emerges in contemporary textual practices and discourses as they relate to sexual citizenship in 20th and 21st century France It will appeal to an interdisciplinary readership in gender and sexuality studies cultural studies linguistics media and communication studies and French studies

**The Unknown Henry Miller** Arthur Hoyle, 2016-08-02 Henry Miller was one of the most distinctive voices in twentieth century literature yet he remains misunderstood Better known in Europe than in his native America for most of his career he achieved international success and celebrity during the 1960s when his banned Paris books beginning with Tropic of Cancer were published here and judged by the Supreme Court not to be obscene The Unknown Henry Miller recounts Miller's career from its beginnings in Paris in the 1930s but focuses on his years living in Big Sur California from 1944 to 1961 during which he wrote many of his most important books including The Rosy Crucifixion trilogy married and divorced twice raised two children painted watercolors and tried to live out a credo of self realization Written with the cooperation of the Henry Miller and Ana's Nin estates The Unknown Henry Miller draws on material previously unavailable to biographers including interviews with Lepska Warren Miller's third wife Behind the bad boy image Arthur Hoyle finds a man whose challenge of literary sexual taboos was part of a broader assault on the dehumanization of man and commercialization during the postwar years and he makes the case for restoring this groundbreaking writer to his rightful place in the American literary canon Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

**The Oxford Companion to American Literature** James D. Hart, Phillip Leininger, 1995-10-12 For more than half a century James D Hart's The Oxford

Companion to American Literature has been an unparalleled guide to America's literary culture providing one of the finest resources to this country's rich history of great writers. Now this acclaimed work has been completely revised and updated to reflect current developments in the world of American letters. For the sixth edition, editors James D. Hart and Phillip Leininger have updated the Companion in light of what has happened in American literature since 1982. To this end, they have revised the entries on such established authors as Saul Bellow, Norman Mailer, and Joyce Carol Oates, and they have added more than 180 new entries on novelists T. Coraghessan Boyle, Tim O'Brien, Louise Erdrich, Don De Lillo, poets Rita Dove, Weldon Kees, playwrights Wendy Wasserstein, August Wilson, popular writers Stephen King, Louis L'Amour, historians James M. McPherson, David Herbert Donald, William Manchester, naturalists Aldo Leopold, Edward Abbey, and literary critics Camille Paglia, Richard Ellmann. In addition, the Companion boasts more women's, African American, and ethnic voices with new entries on such luminaries as Charlotte Perkins Gilman, M. F. K. Fisher, William Least Heat Moon, Ursula Le Guin, and Oscar Hijuelos, among many others. These additions represent only some of the revisions for the new edition. Of course, the basic qualities of the Companion that readers have grown to know and love over the years are as superb as ever. With over 5,000 total entries, The Oxford Companion to American Literature reflects a dynamic balance between past and contemporary literature, surveying virtually every aspect of our national literature from the Pulitzer Prize to pulp fiction and from Walt Whitman to William F. Buckley Jr. There are over 2,000 biographical profiles of important American authors with information regarding their styles, subjects, and major works, and influential foreign writers as well as other figures who have been important in the nation's social and cultural history. There are more than 1,100 full summaries of important American novels, stories, essays, poems, with verse form, noted plays, biographies, and autobiographies, tracts, narratives, and histories. The new edition provides historical background and astute commentary on literary schools and movements, literary awards, magazines, newspapers, and a wide variety of other matters directly related to writing in America. Finally, the book is thoroughly cross-referenced and features an extensive and fully updated index of literary and social history. Ranging from Captain John Smith to John Updike and from Anne Bradstreet to Anne Rice, the sixth edition of The Oxford Companion to American Literature is up to date, accurate, and comprehensive—a delight for both the casual browser and the serious student.

**Aller Retour New York** Henry Miller, 1993

Aller Retour New York is truly vintage Henry Miller, written during his most creative period between *Tropic of Cancer* (1934) and *Tropic of Capricorn* (1939). Miller always said that his best writing was in his letters, and this unbuttoned missive to his friend Alfred Perl is not only his longest (nearly 80 pages) but his best: an exuberant, rambling, episodic, humorous account of his visit to New York in 1935 and return to Europe aboard a Dutch ship. Despite its high reputation among Miller devotees, *Aller Retour New York* has never been easy to find. It was first brought out in Paris in 1935 in a limited edition, and a second edition, *Printed for Private Circulation Only*, was issued in the United States ten years later. It is now available in paperback as a Revived Modern Classic with an introduction by George Wickes that illuminates the people and personal circumstances

Aller(s)-Retour(s) Loïc Guyon, Andrew Watts, 2014-03-17 If the eighteenth century was the age of reason and enlightenment the nineteenth century was undeniably the age of movement This tumultuous period in French history bore witness to the rise and fall of countless political movements from revolutions and coups d'état to popular protests and the first workers strikes It was an age of economic movements as France embraced the new world of finance and banking and underwent its own industrial revolution Social mobility increased as a dynamic commercial bourgeoisie began to challenge the system of aristocratic privilege that neither the 1789 Revolution nor the Napoleonic Empire had dismantled entirely The era was one of artistic ferment as Romanticism gave way to Realism Naturalism Impressionism and Symbolism Intellectual and philosophical movements from Liberalism to Saint Simonianism sought both to reconcile the country with its past and construct the framework for a progressive more harmonious future Through seventeen thematic essays *Aller's Retour's* seeks to understand nineteenth century France as a society in perpetual motion Recognising the instability that is key to the very concept of movement this volume explores how the intellectual shifts and cross currents of the nineteenth century responded

to and impacted upon each other Finally it asks why questions of motion and movement dominated this period as every sphere of French life confronted its own extremes of progress and renewal stagnancy and regression Bibliography of Aeronautics United States. National Advisory Committee for Aeronautics,1923 **A Literate Passion** Anaïs Nin, Henry Miller, 1989-04-22 A lyrical impassioned document of the intimate relationship between the two authors that was first disclosed in Henry and June Booklist This exchange of letters between the two controversial writers Anaïs Nin renowned for her candid and personal diaries and Henry Miller author of Tropic of Cancer paints a portrait of more than two decades in their complex relationship as it moves through periods of passion friendship estrangement and reconciliation The letters may disturb some with their intimacy but they will impress others with their fragrant expression of devotion to art Booklist A portrait of Miller and Nin more rounded than any previously provided by critics friends and biographers Chicago Tribune Edited and with an introduction by Gunther Stuhlmann Normandie John Maxtone-Graham, 2007 A magnificent tribute to the illustrious and ill fated steamship Normandie was unquestionably the most beautiful ocean liner ever built The world's largest at the time she also became the world's fastest Her art deco interiors were unrivaled capacious elegant and chic decorated by teams of France's most talented artists Yet Normandie was plagued with frustrations never attracting more passengers than the competition and tragically ending her days in flames at New York's Pier 88 Celebrated maritime historian John Maxtone Graham confesses to a hypnotic fascination with Normandie In this comprehensive volume enriched by over 200 photographs and illustrations he documents every aspect of the vessel's decorative antecedents design construction and service Always articulate entertaining and devastatingly well informed Maxtone Graham has created the definitive Normandie panegyric a comprehensive and at times heartbreaking account of this fabled liner 200 photographs and illustrations **The Age of Choice** Sophia Rosenfeld, 2025-02-04 A sweeping history of the rise of personal choice in the modern world and how it became equated with freedom Choice touches virtually every aspect of our lives from what to buy and where to live to whom to love what profession to practice and even what to believe But the option to choose in such matters was not something we always possessed or even aspired to At the same time we have been warned by everybody from marketing gurus to psychologists about the negative consequences stemming from our current obsession with choice It turns out that not only are we not very good at realizing our personal desires we are also overwhelmed with too many possibilities and anxious about what best to select There are social costs too How did all this happen The Age of Choice tells the long history of the invention of choice as the defining feature of modern freedom Taking readers from the seventeenth century to today Sophia Rosenfeld describes how the early modern world witnessed the simultaneous rise of shopping as an activity and religious freedom as a matter of being able to pick one's convictions Similarly she traces the history of choice in romantic life politics and the ideals of human rights Throughout she pays particular attention to the lives of women those often with the fewest choices who have frequently been the drivers of this change She concludes with an exploration of how

reproductive rights have become a symbolic flashpoint in our contemporary struggles over the association of liberty with choice Drawing on a wealth of sources ranging from novels and restaurant menus to the latest scientific findings about choice in psychology and economics *The Age of Choice* urges us to rethink the meaning of choice and its promise and limitations in modern life      **Routledge Handbook of Japanese Media** Fabienne Darling-Wolf, 2018-02-01 The Routledge Handbook of Japanese Media is a comprehensive study of the key contemporary issues and scholarly discussions around Japanese media Covering a wide variety of forms and types from newspapers television and film to music manga and social media this book examines the role of the media in shaping Japanese society from the Meiji era's intense engagement with Western culture to our current period of rapid digital innovation Featuring the work of an international team of scholars the handbook is divided into five thematic sections The historical background of the Japanese media from the Meiji Restoration to the immediate postwar era Japan's national and political identity imagined and negotiated through different aspects of the media including Japan's lost decade of the 1990s and today's post Fukushima society The representation of Japanese identities including race gender and sexuality in contemporary media The role of Japanese media in everyday life The Japanese media in a broader global context Taking an interdisciplinary approach this book will be of use to students and scholars of Japanese culture and society Asian media and Japanese popular culture      Round Trip Alfred Perlès, 1946
