

The background of the book cover features a hand holding a magnifying glass. The lens of the magnifying glass is positioned over a photograph of the California State Capitol building, which is situated on a hill and surrounded by water. The magnifying glass enlarges the view of the building and the surrounding landscape, creating a sense of focus and scrutiny. The overall color palette is muted, with blues, greys, and the white of the building and text.

News W. Lance Bennett, 2012 Bevat The news about democracy information crisis in American politics News stories four information biases that matter 1 Citizens and the news public opinion and information processing 2 How politicians make the news 3 How journalists report the news 4 Inside the profession objectivity and political authority bias The political economy of news and the end of a journalism era All the news that fits democracy solutions for citizens politicians and journalists

News W. Lance Bennett, 2016-09-14 Can real news survive in an era of social media and spin An updated edition of the smart provocative introduction to media and American politics Paul Freedman author of Campaign Advertising and American Democracy For over thirty years News The Politics of Illusion has not simply reflected the political communication field it has played a major role in shaping it Today the familiar news organizations of the legacy press are operating in a fragmenting and expanding mediaverse as online competitors challenge the very definition of news itself We re inundated with opinions gossip clickbait false equivalencies targeting and other challenges while at the same time the rise of serious investigative organizations such as ProPublica presents yet a different challenge to legacy journalism Lance Bennett s thoroughly revised tenth edition offers an up to date guide to understanding how and why the media and news landscapes are being transformed It explains the mix of old and new and points to possible outcomes Where areas of change are clearly established key concepts from earlier editions have been revised There are new case studies updates on old favorites and insightful analyses of how novel kinds of information and engagement are affecting our politics As always News presents fresh evidence and arguments that invite new ways of thinking about the political information system and its place in democracy Bennett argues that the American political information system with news at its center is broken with serious consequences for democracy Bennett lays out his case and invites readers to make up their own minds Paul Freedman University of Virginia Talk Show Campaigns Michael Parkin, 2014-02-05 Over the past twenty years presidential candidates have developed an entertainment talk show strategy in which they routinely chat with the likes of Oprah Winfrey David Letterman and Jon Stewart In fact between 1992 and 2012 there have been more than 200 candidate interviews on daytime and late night talk shows with nearly every presidential candidate from long shot primary contender to major party nominee hitting the talk show circuit at some point during the campaign This book explores the development of the entertainment talk show strategy and assesses its impact on presidential campaigns The chapters mix detailed narrative with extensive empirical data on audiences content viewer reaction and press coverage to explain why candidates have embraced this strategy and the conditions under which these interviews are most likely to meet their expectations The book also explores how these interviews can enhance campaigns by connecting a critical segment of the voting population with candidates who provide useful political information in a casual setting Talk Show Campaigns shows that this is more than a gimmick it s a key part of how candidates communicate with voters which reveals a lot about how campaigns have changed over the past two decades

**Mediatization of Politics** F. Esser, J. Strömbäck, 2014-05-07 The first book long analysis of the mediatization of politics this volume aims to understand the transformations of the relationship between media and politics in recent decades and explores how growing media autonomy journalistic framing media populism and new media technologies affect democratic processes

**Learning from Baby P** Sharon Shoesmith, 2016-08-20 Sharon Shoesmith was Director of Children's Services for Haringey in 2007 at the time of the death of Peter Connelly also known as Baby P In Learning from Baby P she carries out a dispassionate analysis of the events which followed Peter Connelly's death documenting the responses of the media politicians and the public She explores the psychological and emotional responses we share when faced with such horrifying cases of familial child homicide and how a climate of fear and blame which follows such tragedies can lead to negative consequences for other children at risk of harm and for the social workers striving to protect them Learning from Baby P is a thought provoking book which aims to deepen understanding and shed light on the difficult relationship between politics the media and child protection

**American Gridlock** James A. Thurber, Antoine Yoshinaka, 2015-11-12 American Gridlock is a comprehensive analysis of polarization encompassing national and state politics voters elites activists the media and the three branches of government

**Covid-19 and the Sociology of Risk and Uncertainty** Patrick R. Brown, Jens O. Zinn, 2022-05-25 This book provides a global perspective on COVID 19 taking the heterogeneous realities of the pandemic into account Contributions are rooted in critical social science studies of risk and uncertainty and characterized by theoretical approaches such as cultural theory risk society theory governmentality perspectives and many important insights from southern theories Some of the chapters in the book have a more theoretical conceptual emphasis while others are more empirically oriented but all chapters engage in an insightful dialogue between the theoretical and the empirical in order to develop a rich diverse and textured picture of the new challenge the world is facing and responding to Addressing multiple levels of responses to the coronavirus as understood in terms of institutional and governance policies media communication and interpretation and the sense making and actions of individual citizens in their everyday lives the book brings together a diverse range of studies from across 6 continents These chapters are connected by a common emphasis on applying critical theoretical approaches which help make sense of and critique the responses of states organisations and individuals to the social phenomena emerging amid the Corona pandemic

**The Presidential Leadership Dilemma** Julia R. Azari, Lara M. Brown, Zim G. Nwokora, 2013-01-29 Throughout their time in office American presidents are often forced to choose between leading the nation and leading their party In an earlier time when the major parties were less polarized this leadership dilemma while challenging was not nearly as vexing as it is today American presidents now find themselves with little room to maneuver compelled to serve the Constitution on the one hand and yet caught within bitter partisan disputes and large numbers of unaffiliated voters on the other The contributors to this volume investigate how recent presidents have navigated these increasingly rocky political waters Focusing on campaign strategy presidential rhetoric relations with Congress

domestic and foreign policy The Presidential Leadership Dilemma presents a wide ranging detailed and fascinating study of how contemporary presidents face the challenge at the heart of every presidency *Obama, the Media, and Framing the U.S. Exit from Iraq and Afghanistan* Erika G. King, 2016-05-23 Situating Obama's end of war discourse in the historical context of the 2001 terrorist attacks *Obama the Media and Framing the U S Exit from Iraq and Afghanistan* begins with a detailed comparison with the Bush war on terror security narrative before examining elements of continuity and change in post 9 11 elite rhetoric Erika King deftly employs two case studies of presidential and media framing the weeks surrounding the formal announcements of Obama's December 2009 surge then exit strategy from Afghanistan and the end of combat operations in Iraq in August 2010 to explore the role of mass media in presenting presidential narratives of war and finds evidence of an interpretive disconnect between the media and a president seeking to present a more nuanced approach to keeping America safe Eloquently scrutinizing Obama's discourse on the U S exit from two post 9 11 wars and contrasting the presidential endgame frame with the U S mainstream media's narratives of the wars meaning accomplishments and denouement provides a unique combination of qualitative content analysis and topical case studies and makes this volume an ideal resource for scholars and researchers grappling with the complicated and ever evolving nexus of war the president and the media

**Double Disillusion** Anika Gauja, Peter Chen, Jennifer Curtin, Juliet Pietsch, 2018-04-11 This book provides a comprehensive analysis of the 2016 Australian federal election Won by the Liberal National Coalition by the slimmest of margins the result created a climate of political uncertainty that threatened the government's lower house majority While the campaign might have lacked the theatre of previous elections it provides significant insights into the contemporary political and policy challenges facing Australian democracy and society today In this the 16th edited collection of Australian election studies 41 contributors from a range of disciplines bring an unprecedented depth of expertise to the 2016 contest The book covers the context key battles and issues in the campaign and reports and analyses the results in detail It provides an evaluation of the role of political actors such as the parties independents the media interest groups and GetUp and examines election debate in the online space Experts from a range of policy fields provide an analysis of election issues ranging from the economy and industrial relations to social policy the environment and gender and sexuality Each of the chapters is written on the basis of in depth and original research providing new insights into this important political event

**Shaping Immigration News** Rodney Benson, 2013-08-19 This book offers a comprehensive portrait of French and American journalists in action as they grapple with how to report and comment on one of the most important issues of our era Drawing on interviews with leading journalists and analyses of an extensive sample of newspaper and television coverage since the early 1970s Rodney Benson shows how the immigration debate has become increasingly focused on the dramatic emotion laden frames of humanitarianism and public order In both countries less commercialized media tend to offer the most in depth multi perspective and critical news Benson challenges classic liberalism's assumptions about state intervention's

chilling effects on the press suggests costs as well as benefits to the current vogue in personalized narrative news and calls attention to journalistic practices that can help empower civil society This book offers new theories and methods for sociologists and media scholars and fresh insights for journalists policy makers and concerned citizens      **An Introduction to the Policy Process** Thomas A. Friedland, Dhavan V. Shah, Michael W. Wagner, Katherine J. Cramer, Chris Wells, Jon Pevehouse, 2022-08-04 Battleground models Wisconsin's contentious political communication ecology the way that politics social life and communication intersect and create conditions of polarization and democratic decline Drawing from 10 years of interviews news and social media content and state wide surveys we combine qualitative and computational analysis with time series and multi level modeling to study this hybrid communication system an approach that yields unique insights about nationalization social structure conventional discourses and the lifeworld We explore these concepts through case studies of immigration healthcare and economic development concluding that despite nationalization distinct state level effects vary by issue as partisan actors exert their discursive power      *Critical Political Economy of the Media* Jonathan Hardy, 2014-06-20 How the media are organised and funded is central to understanding their role in society Critical Political Economy of the Media provides a clear comprehensive and insightful introduction to the political economic analysis of contemporary media Jonathan Hardy undertakes a critical survey of political economy scholarship encompassing worldwide literature issues and debates and relationships with other academic approaches He assesses different ways of making sense of media convergence and

digitalisation media power and influence and transformations across communication markets Many of the problems of the media that prompted critical political economy research remain salient he argues but the approach must continue to adapt to new conditions and challenges Hardy advances the case for a revitalised critical media studies for the 21st century Topics covered include media ownership and financing news and entertainment convergence and the Internet media globalisation advertising and media alternative media media policy and regulation Introducing key concepts and research this book explains how political economy can assist students researchers and citizens to investigate and address vital questions about the media today

*Candidate Character Traits in Presidential Elections* David B. Holian, Charles L. Prysby, 2014-10-03 Voter perceptions of the personal traits of presidential candidates are widely regarded to be important influences on the vote Media pundits frequently explain the outcome of presidential elections in terms of the personal appeal of the candidates Despite the emphasis on presidential character traits in the media the scholarly investigation in this area is limited In this book David Holian and Charles Prysby set out to examine the effect that trait perceptions have on the vote how these perceptions are shaped by other attitudes and evaluations and what types of voters are most likely to cast a ballot on the basis of the character traits of the presidential candidates Using the American National Election Studies ANES surveys the authors find that traits do have a very substantial effect on the vote that different candidates have advantages on different traits and that the opinions expressed by media pundits about how the candidates are viewed by the voters are often simplistic and sometimes quite mistaken Character traits are important to voters but we need a better and more complete understanding of how and why these factors influence voters An essential read which provides a clear and original argument to all those interested in furthering their understanding of the importance of candidate character traits for the quality of American elections and democracy

*The Discourse of Propaganda* John Oddo, 2018-10-24 In the early 1990s false reports of Iraqi soldiers in Kuwait allowing premature infants to die by removing them from their incubators helped to justify the Persian Gulf War just as spurious reports of weapons of mass destruction later undergirded support for the Iraq War in 2003 In *The Discourse of Propaganda* John Oddo examines these and other such cases to show how successful wartime propaganda functions as a discursive process Oddo argues that propaganda is more than just misleading rhetoric generated by one person or group it is an elaborate process that relies on recontextualization ideally on a massive scale to keep it alive and effective In a series of case studies he analyzes both textual and visual rhetoric as well as the social and material conditions that allow them to circulate tracing how instances of propaganda are constructed performed and repeated in diverse contexts such as speeches news reports and popular everyday discourse By revealing the agents inter texts and cultural practices involved in propaganda campaigns *The Discourse of Propaganda* shines much needed light on the topic and challenges its readers to consider the complicated processes that allow propaganda to flourish This book will appeal not only to scholars of rhetoric and propaganda but also to those interested in unfolding the machinations motivating America s

recent military interventions      **Politics in Popular Movies** John S. Nelson, 2015-10-23 Popular movies can be surprisingly smart about politics from the portentous politics of state or war to the grassroots everyday politics of family romance business church and school Politics in Popular Movies analyses the politics in many well known films across four popular genres horror war thriller and science fiction The book's aims are to appreciate specific movies and their shared forms to understand their political engagements and to provoke some insightful conversations The means are loosely related film takes that venture ambitious playful and engaging arguments on political styles encouraged by recent films Politics in Popular Movies shows how conspiracy films expose oppressive systems it explores how various thrillers prefigured American experiences of 9 11 and shaped aspects of the War on Terror how some horror films embrace new media while others use ultra violence to spur political action it argues that a popular genre is emerging to examine non linear politics of globalisation terrorism and more Finally it analyses the ways in which sci fi movies reflect populist politics from the Occupy and Tea Party movements rethink the political foundations of current societies and even remake our cultural images of the future
