Against White Feminism: Notes on Disruption Rafia Zakaria, 2021-08-17 A radically inclusive intersectional and transnational approach to the fight for women's rights Upper middle class white women have long been heralded as experts on feminism They have presided over multinational feminist organizations and written much of what we

consider the feminist canon espousing sexual liberation and satisfaction LGBTQ inclusion and racial solidarity all while branding the language of the movement itself in whiteness and speaking over Black and Brown women in an effort to uphold privilege and perceived cultural superiority An American Muslim woman attorney and political philosopher Rafia Zakaria champions a reconstruction of feminism in *Against White Feminism* centering women of color in this transformative overview and counter manifesto to white feminism's global long standing affinity with colonial patriarchal and white supremacist ideals Covering such ground as the legacy of the British feminist imperialist savior complex and the colonial thesis that all reform comes from the West to the condescension of the white feminist led aid industrial complex and the conflation of sexual liberation as the sum total of empowerment Zakaria follows in the tradition of intersectional feminist forebears Kimberl Crenshaw Adrienne Rich and Audre Lorde Zakaria ultimately refutes and reimagines the apolitical aspirations of white feminist empowerment in this staggering radical critique with Black and Brown feminist thought at the forefront

The Rulebreaker Susan Page, 2024-04-23 A smart juicy deeply reported Katie Couric biography of the most successful female broadcaster of all time Barbara Walters a woman whose personal demons fueled an ambition that broke all the rules and finally gave women a permanent place on the air written by bestselling author Susan Page Barbara Walters was a force from the time TV was exploding on the American scene in the 1960s to its waning dominance in a new world of competition from streaming services and social media half a century later She was not just a groundbreaker for women Oprah announced when she was seventeen that she wanted to be Barbara Walters but also expanded the big TV interview and then dominated the genre By the end of her career she had interviewed more of the famous and infamous from presidents to movie stars to criminals to despots than any other journalist in history Then at sixty seven past the age of many female broadcasters found themselves involuntarily retired she pioneered a new form of talk TV called *The View* She is on the short list of those who have left the biggest imprints on television news and on our culture male or female So who was the woman behind the legacy In *The Rulebreaker* Susan Page conducts 150 interviews and extensive archival research to discover that Walters was driven to keep herself and her family afloat after her mercurial and famous impresario father attempted suicide But she never lost the fear of an impending catastrophe which is what led her to ask for things no woman had ever asked for before to ignore the rules of misogynistic culture to outcompete her most ferocious competitors and to protect her complicated marriages and love life from scrutiny Page breaks news on every front from the daring things Walters did to become the woman who reinvented the TV interview to the secrets she kept until her death This is the stunning Norah O'Donnell brilliantly written Andrea Mitchell account of the woman who knew she had to break all the rules so she could break all the rules about what viewers deserved to know
