DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in
science PM is the ultimate guide to our high tech lifestyle **Radio Psychics** John Benedict Buescher,2021-09-02 When
radio broadcasting began in the early 1920s the radio was a magic box aglow with the future drawing humanity into a new
age Some thought it would dissolve the distance between time and place others that human minds would become transparent
one tuned to another Performers claiming psychic powers turned radio broadcasting into a fabulous money machine These
mentalists born from vaudeville circuses sideshows and the Spiritualist and New Thought movements of the mid late 19th
century used the language of wireless technology to explain their ability to see the past present and future Casting their
mystical knowledge as a scientifically honed craft these mentalists persuaded millions to pay for dubious advice until
governmental and public pressures forced them off the air This book is a history of over 25 performers who practiced their
art behind studio microphones during the early years of radio broadcasting from about 1920 to 1940 Here laid out for the
first time is the tale of how they made cash rain from the heavens and harnessed the sensation of the radio in search of
wealth health love and success The End of the Innocence Lawrence R. Samuel,2010-08-13 From April 1964 to October
1965 some 52 million people from around the world flocked to the New York World s Fair an experience that lives on in the
memory of many individuals and in America s collective consciousness Taking a perceptive look back at the last of the great
world s fairs Samuel offers a vivid portrait of this seminal event and of the cultural climate that surrounded it He also
counters critics assessments of the fair as the ugly duckling of global expositions Opening five months after President
Kennedy s assassination the fair allowed millions to celebrate international fellowship while the conflict in Vietnam came to a
boil This event was perhaps the last time so many from so far could gather to praise harmony while ignoring cruel realities
on such a gargantuan scale This world s fair glorified the postwar American dream of limitless optimism even as a
counterculture of sex drugs and rock n roll came into being It could rightly be called the last gasp of that dream The End of
the Innocence Samuel s work charts the fair from inception in 1959 to demolition in 1966 and provides a broad overview of

the social and cultural dynamics that led to the birth of the event It also traces thematic aspects of the fair with its focus on science technology and the world of the future Accessible entertaining and informative the book is richly illustrated with contemporary photographs **Prairie Farmer** ,1862 **Monthly Catalogue, United States Public Documents** ,1987
