New York Masjid Ed Grazda, Jerrilynn Denise Dodds, 2002 New York Masjid Mosques of New York took root on February 26 1993 in the midst of an urban crisis the World Trade Center bombing But ultimately more destructive to the city at that time were the tidal waves of toxic and reductive one line headlines that followed in the written and televised media Muslim Terrorist leaving a kind of easy familiar code name for terror To counteract this stereotype scholar Jerrilynn D Dodds joined forces with photographer Edward Grazda to document the Islamic presence in New York by focusing on the places Muslims congregate to worship their god the Mosque New York Masjid Mosques of New York is an insightful and unbiased account of a much maligned and rapidly growing culture around the world taken in perhaps the one place in the world where all manifestations of religious adherents live and work New York City The book features photographs essays and interviews documenting the mosques that New York's Muslim communities have built at their center revealing the ways these buildings reflect and create identities for Muslims within a dense and diverse urban fabric Mr Grazda's penetrating black and white photographs and Ms Dodd's insightful commentaries reveal the range of the city's Islamic houses of worship and their ethnic congregations The New York Times *The Encyclopedia of New York City* Kenneth T. Jackson, Lisa Keller, Nancy Flood, 2010-12-01 Covering an exhaustive range of information about the five boroughs the first edition of The Encyclopedia of New York City was a success by every measure earning worldwide acclaim and several awards for reference excellence and selling out its first printing before it was officially published But much has changed since the volume first appeared in 1995 the World Trade Center no longer dominates the skyline a billionaire businessman has become an unlikely three term mayor and urban regeneration Chelsea Piers the High Line DUMBO Williamsburg the South Bronx the Lower East Side has become commonplace To reflect such innovation and change this definitive one volume resource on the city has been completely revised and expanded The revised edition includes 800 new entries that help complete the story of New York from Air Train to E ZPass from September 11 to public order The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations Virtually all existing entries spanning architecture politics business sports the arts and more have been updated to reflect the impact of the past two decades The more than 5 000 alphabetical entries and 700 illustrations of the second edition of The Encyclopedia of New York City convey the richness and diversity of its subject in great breadth and detail and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis **A Community of Many Worlds** The Museum of the City of New York, 2002-06-01 New York City's main Arab communities exemplify the continuity and change that has taken place throughout the city's rich history The Museum of the City of New York in partnership with the Middle East Institute at Columbia University and a group of local Arab and non Arab scholars activists and educators undertook a long overdue exploration of New York's Arab populations The result is a revealing collection of writings and photographs that document

and tell the stories of these communities **Rethinking Place in South Asian and Islamic Art, 1500-Present** Deborah S. Hutton, Rebecca M. A Muslim in Victorian America Umar F. Abd-Allah, 2006-09-21 Conflicts and controversies at home and abroad have led Americans to focus on Islam more than ever before In addition more and more of their neighbors colleagues and friends are Muslims While much has been written about contemporary American Islam and pioneering studies have appeared on Muslim slaves in the antebellum period comparatively little is known about Islam in Victorian America This biography of Alexander Russell Webb one of the earliest American Muslims to achieve public renown seeks to fill this gap Webb was a central figure of American Islam during the late nineteenth and early twentieth centuries A native of the Hudson Valley he was a journalist editor and civil servant Raised a Presbyterian Webb early on began to cultivate an interest in other religions and became particularly fascinated by Islam While serving as U S consul to the Philippines in 1887 he took a greater interest in the faith and embraced it in 1888 one of the first Americans known to have done so Within a few years he began corresponding with important Muslims in India Webb became an enthusiastic propagator of the faith founding the first Islamic institution in the United States the American Mission He wrote numerous books intended to introduce Islam to Americans started the first Islamic press in the United States published a journal

entitled *The Moslem World* and served as the representative of Islam at the 1893 World's Parliament of Religions in Chicago. In 1901 he was appointed Honorary Turkish Consul General in New York and was invited to Turkey where he received two Ottoman medals of merits. In this first ever biography of Webb Umar F Abd Allah examines Webb's life and uses it as a window through which to explore the early history of Islam in America. Except for his adopted faith, every aspect of Webb's life was as Abd Allah shows quintessentially characteristic of his place and time. It was because he was so typically American that he was able to serve as Islam's ambassador to America and vice versa. As America's Muslim community grows and becomes more visible, Webb's life and the virtues he championed—pluralism, liberalism, universal humanity, and a sense of civic and political responsibility—exemplify what it means to be an American Muslim. *Reign of Terror* Spencer

Ackerman, 2022-08-09. A New York Times Critics Top Book of 2021. An impressive combination of diligence and verve deploying Ackerman's deep stores of knowledge as a national security journalist to full effect. The result is a narrative of the last 20 years that is upsetting, discerning, and brilliantly argued. The New York Times: One of the most illuminating books to come out of the Trump era. New York Magazine: An examination of the profound impact that the War on Terror had in pushing American politics and society in an authoritarian direction. For an entire generation at home and abroad, the United States has waged an endless conflict known as the War on Terror. In addition to multiple ground wars, the era pioneered drone strikes and industrial-scale digital surveillance, weakened the rule of law through indefinite detentions, sanctioned torture, and manipulated the truth about it all. These conflicts have yielded neither peace nor victory, but they have transformed America. What began as the persecution of Muslims and immigrants has become a normalized feature of American politics and national security, expanding the possibilities for applying similar or worse measures against other targets at home. As the summer of 2020 showed, a politically divided and economically destabilized country turned the War on Terror into a cultural and then a tribal struggle. It began on the ideological frontiers of the Republican Party, before expanding to conquer the GOP, often with the acquiescence of the Democratic Party. Today's nativist resurgence walked through a door opened by the 9/11 era. And that door remains open. *Reign of Terror* shows how these developments created an opportunity for American authoritarianism and gave rise to Donald Trump. It shows that Barack Obama squandered an opportunity to dismantle the War on Terror after killing Osama bin Laden. By the end of his tenure, the war had metastasized into a bitter, broader cultural struggle in search of a demagogue like Trump to lead it. *Reign of Terror* is a pathbreaking and definitive union of journalism and intellectual history with the power to transform how America understands its national security policies and their catastrophic impact on civic life. **Beyond the Mosque** Rizwan Mawani, 2019-09-19. I B Tauris, in association with the Institute of Ismaili Studies.
