*A British Education Control Officer in Occupied Germany, 1945-1949* David Phillips, 2023-11-30 Edward Aitken Davies 1899 1981 served as an Education Control Officer in the British Zone of occupied Germany from the early summer of 1945 until December 1949 He thus experienced the implementation of policy in the Zone from the very beginnings of the occupation until the founding of the Federal Republic of Germany in 1949 During the period 1945 to 1947 he wrote weekly letters home to his mother Those letters together with the many speeches he gave in Germany during his time as a leading British officer in the Hanover region have not hitherto been available to researchers but can now be made accessible in edited form The letters are placed in the context of developments in British policy and with explanatory notes on the detail Taken together his letters and other documents provide insights into the day to day lives of the impressive group of individuals who oversaw the development of education in Germany from post war chaos to the reform and stability which restored the education system of the country to a pre eminent status in Europe Teaching Comparative Education Patricia K. Kubow, Allison H. Blosser, 2016-03-01 With chapter contributions from seminal scholars in the field of comparative and international education CIE this book examines the ways in which comparative education is being taught or advocated for in teacher education within higher education institutions worldwide A particular concern raised by the authors in locations as diverse as Germany Singapore the United Kingdom and the United States is the utilitarian approach in teacher education where that which is valued is that which is measurable The implications for what and how CIE should be taught is examined in light of the ideological sociocultural political and economic trends influencing education worldwide The main questions posed in the book include What are the challenges and opportunities for CIE and its practice now and in the future *A History of Western Public Law* Bruno Aguilera-Barchet, 2014-12-31 The book outlines the historical development of Public Law and the state from ancient times to the modern day offering an account of relevant events in parallel with a general historical background establishing and explaining the relationships between political religious and economic events **The Common School Awakening** David Komline, 2020-08-24 A statue of Horace Mann erected in front of the Boston State House in 1863 declares him the Father of the American Public School System For over a century and a half most narratives about early American education have taken this epithet as the truth As Mann looms over the Boston Common so he has also loomed over discussions of early American schooling Other scholarship has emphasized economic factors as the main reason for the emergence of public schools The Common School Awakening offers a new narrative about the rise of public schools in America that counters these conceptions In this book David Komline explains how a broad and distinctly American religious consensus emerged in the first half of the nineteenth century allowing people from across the religious spectrum to cooperate in systematizing and professionalizing America's schools in an effort to Christianize the country At the height of this movement several states introduced state sponsored teacher training colleges and concentrated government oversight of

schools in offices such as the one held by Mann Shortly thereafter the religious consensus that had served as the foundation for this common school system disintegrated But the system itself remained the legacy of not just one man but of a whole network of reformers who put into motion a transatlantic and transdenominational religious movement the Common School Awakening **The School World** ,1903 *Report of the Commissioner of Education* United States. Office of Education,1892 *The Educational record, with the proceedings at large of the British and foreign school society* British and foreign school society,1863 **Report of the Commissioner of Education Made to the Secretary of the Interior for the Year ... with Accompanying Papers** United States.
