Social Contract and Political Obligation Peter James McCormick, 1987 *African Traditional Medicine: Autonomy and Informed Consent* Peter Ikehukwu Osuji, 2014-07-18 This book focuses on informed consent in African Traditional Medicine ATM ATM forms a large portion of the healthcare systems in Africa WHO statistics show that as much as 80% of the population in Africa uses traditional medicine for primary health care With such a large constituency it follows that ATM and its practices should receive more attention in bioethics By comparing the ethics of care approach with the ATM approach to Relational Autonomy In Consent RAIC the authors argue that the ATM focus on consent based on consensus constitutes a legitimate informed consent This book is distinctive insofar as it employs the ethics of care as a hermeneutic to interpret ATM The analysis examines the ethics of care movement in Western bioethics to explore its relational approach to informed consent Additionally this is the first known study that discusses healthcare ethics committees in ATM

Neoliberalism and Imperialism: Dissecting the Dynamics of Global Oppression Tatah Mentan, 2016-08-06 Today's neoliberal imperialism crushes all unfavourable conditions through multiple forms of oppression to ensure the creation of a world in its own image The systemic and structural oppression birthed by neoliberal imperialism once again reproduces and implements colonialism armed robbery on a global scale The difference between the old form and the new form is the scale of destruction and the overt use of Weapons of Mass Destruction Hence the militarization of the globe is a natural outcome In this book Professor Tatah Mentan argues that United Fruit Company for instance could not have flourished without the strong support of the Marines the U S State Department and all of its resources In fact the French the German the British and the Belgian financiers could not have been able to suck the blood out of their colonies without their legionnaires soldiers mercenaries preachers merchants and generals Specifically the Western colonial empires in the nineteenth century presented their penetration pillage and rape of Africa Asia and Latin America as modernization and tutelage aided by the ideology of survival of the fittest This conceit pervaded the entire Western bourgeois social science educational and religious institutions And today there is the same clear symbiotic relationship between business and the military Empirical realities demonstrate that companies like Microsoft could not enjoy its overwhelming prosperity without having the strong military that America has This is precisely why neoliberal imperialism operates alongside oppressive militarism war and dictatorship and must be disrupted to liberate mankind from its death grip
