Morrissey In Conversation Paul A. Woods, 2017-10-01 An English national treasure Steven Patrick Morrissey has made barbed observations about modern culture for more than two decades As renowned for his elegantly waspish interviews as for his celebrated song lyrics his wit and vitriol are finally collected in a long overdue anthology **Berkmann's Pop**

Miscellany Marcus Berkman, 2021-06-03 Marcus Berkman was for many years the pop critic of the Spectator waiting like most freelancers to get fired He is also the author of the bestselling Berkman's Cricket Miscellany concentrating on the ridiculous true stories and the weird characters of that most eccentric of sports Here he combines the two in a wildly entertaining ride through the galloping absurdities of pop from Elvis Presley's real hair colour through Janet Jackson's more intimate piercings to Courtney Love's hatred of cheese Why does Bono always wear sunglasses Did Ozzy Osbourne really urinate on the Alamo What actually happened at Keith Moon's 21st birthday party at the Holiday Inn in Flint Michigan There's sex there's drugs there's violence there's even a little rock n roll from time to time But mainly there are vital questions now finally answered Which notable guitarist has unfeasibly tiny hands Which Britpop star was forced to wear lederhosen as a child Who said The majority of pop stars are complete idiots in every respect And was she wrong *Interconnecting Music*

and the Literary Word Fausto Ciompi, Roberta Ferrari, Laura Giovannelli, 2018-07-27 Dealing with the interconnections between music and the written word this volume brings into focus an updated range of analytical and interpretative approaches which transcend the domain of formalist paradigms and the purist assumption of music's non referentiality Grouped into three thematic sections these fifteen essays by Italian British and American scholars shed light on a phenomenological network embracing different historical socio cultural and genre contexts and a variety of theoretical concepts such as intermediality the soundscape notion and musicalisation At one end of the spectrum music emerges as a driving cultural force an agent cooperating with signifying and communication processes and an element functionally woven into the discursive fabric of the literary work The authors also provide case studies of the fruitful musico literary dialogue by taking into account the seminal role of composers singer songwriters and performers From another standpoint the music in literature and literature in music dynamics are explored through the syntax of hybridisations transcoding experiments and iconic analogies WILDE NOW

Pierpaolo Martino, 2023-05-08 WILDE NOW reads Oscar Wilde through our now through a contemporary sensibility and approach in which literature and popular culture interrogate and are interrogated by critical concepts and categories such as performance celebrity intermediality and consumerism This volume exceeds the shape and meaning of a critical study to turn into a drama of five different acts moments in Wilde's life and work his early performances in Dublin London and Oxford the 1882 American tour his successful season of the first half of the 1890s his prison years and finally his glorious resurrection in contemporary pop culture Most importantly WILDE NOW approaches these moments through contemporary rewritings and performances of Oscar Wilde in the fields of cinema music and literature by such

artists as Al Pacino Rupert Everett Stephen Fry Gyles Brandreth David Hare David Bowie Morrissey Nick Cave Neil Tennant Gavin Friday These artists through their awareness of the importance of being playing Oscar in their specific worlds and cultural contexts will also show us that Wilde can be conceived as a subversive critical role one might successfully perform and appropriate now more than ever

The Art of Noise Daniel Rachel, 2014-10-07 THE ART OF NOISE offers an unprecedented collection of insightful of the moment conversations with twenty seven great British songwriters and composers They discuss everything from their individual approaches to writing to the inspiration behind their most successful songs to the techniques and methods they have independently developed to foster their creativity Contributors include Sting Ray Davies Robin Gibb Jimmy Page Joan Armatrading Noel Gallagher Lily Allen Annie Lennox Damon Albarn Noel Gallagher Laura Marling Paul Weller Johnny Marr and many more Musician turned author Daniel Rachel approaches each interview with an impressive depth of understanding of the practice of songwriting but also of each musician s catalog The result is a collection of conversations that s probing informed and altogether entertaining what contributor Noel Gallagher called without doubt the finest book I ve ever read about songwriters and the songs they write The collected experience of these songwriters makes this book the essential word of songwriting as spoken by the songwriters themselves

Relating Suicide Anne Whitehead, 2023-01-12 Writing against the prevailing narrativization of suicide in terms of why it happened Whitehead turns instead to the questions of when how and where calling attention to suicide s materiality as well as its materialization By turns provocative and deeply affecting this book brings suicide into conversation with the critical medical humanities extending beyond individual pathology and the medical institution to think about subjective and social perspectives and to open up the various sites scenes and interactions with which suicide is associated Suicide is related forward from the point of death rather than taking a retrospective view Combining critical and textual analysis with personal reflection based on her own experience of her sister s suicide Whitehead examines the days months and years following a death by suicide This pivoting of attention to what happens in the wake of suicide brings to light the often surprising ways in which suicide is woven into the everyday places that we inhabit and in which it is related to all of us albeit with varying degrees of proximity and kinship
