Mexico's Security Failure Collapse Into Criminal Violence:

Mexico's Security Failure Paul Kenny, Mónica Serrano, Arturo Sotomayor, 2012 Mexico has failed to achieve internal security and poses a serious threat to its neighbors This volume takes us inside the Mexican state to explain the failure there but also reaches out to assess the impact of Mexico's security failure beyond its borders The key innovative idea of the book security failure brings these perspectives together on an intermestic level of analysis It is a view that runs counter to the standard emphasis on the external trans national nature of criminal threats to a largely inert state Mexico's Security Failure is both timely with Mexico much in the news but also of lasting value It explains Mexican insecurity in a full dimensional manner that hasn't been attempted before Mexico received much scholarly attention a decade ago with the onset of democratization Since then the leading topic has become immigration However the security environment compelling many Mexicans to leave has been dramatically understudied This tightly organized volume begins to correct that gap

Mexico's Security Failure Paul Kenny, Monica Serrano, Arturo C. Sotomayor, 2013-06-17 Mexico has failed to achieve internal security and poses a serious threat to its neighbors This volume takes us inside the Mexican state to explain the failure there but also reaches out to assess the impact of Mexico's security failure beyond its borders The key innovative idea of the book security failure brings these perspectives together on an intermestic level of analysis It is a view that runs counter to the standard emphasis on the external trans national nature of criminal threats to a largely inert state Mexico's Security Failure is both timely with Mexico much in the news but also of lasting value It explains Mexican insecurity in a full dimensional manner that hasn't been attempted before Mexico received much scholarly attention a decade ago with the onset of democratization Since then the leading topic has become immigration However the security environment compelling many Mexicans to leave has been dramatically understudied This tightly organized volume begins to correct that gap *The Dope* Benjamin T. Smith, 2021-08-10 A myth busting 100 year history of the Mexican drug trade that reveals how an industry founded by farmers and village healers became dominated by cartels and kingpins The Mexican drug trade has inspired prejudiced narratives of a war between north and south white and brown between noble cops and vicious kingpins corrupt politicians and powerful cartels In this first comprehensive history of the trade historian Benjamin T Smith tells the real story of how and why this one peaceful industry turned violent He uncovers its origins and explains how this illicit business essentially built modern Mexico affecting everything from agriculture to medicine to economics and the country's all important relationship with the United States Drawing on unprecedented archival research leaked DEA Mexican law enforcement and cartel documents and dozens of harrowing interviews Smith tells a thrilling story brimming with vivid characters from Ignacia La Nacha Jasso queen pin of Ciudad Juárez to Dr Leopoldo Salazar Viniegra the crusading physician who argued that marijuana was harmless and tried to decriminalize morphine to Harry Anslinger the Machiavellian founder of the American Federal Bureau of Narcotics who drummed up racist drug panics to increase his budget Smith also profiles

everyday agricultural workers whose stories reveal both the economic benefits and the human cost of the trade The Dope contains many surprising conclusions about drug use and the failure of drug enforcement all backed by new research and data Smith explains the complicated dynamics that drive the current drug war violence probes the U S backed policies that have inflamed the carnage and explores corruption on both sides of the border A dark morality tale about the American hunger for intoxication and the necessities of human survival The Dope is essential for understanding the violence in the drug war and how decades old myths shape Mexico in the American imagination today *Policing on Drugs* Aileen

Teague,2025-10-06 Internationally although the war on drugs is widely considered a failure it continues to be deeply entrenched in US diplomacy with partner nations through counternarcotics agreements continued DEA presence overseas and the levels of antidrug aid directed abroad *Policing on Drugs* writes the history of the drug war from the Mexican perspective examining how the punitive prohibitive policies that have been enacted by the US government have impacted Mexico and its institutions over time This bilateral study helps explain how militarized policing came to be the primary approach to policing people and drugs in the second half of the twentieth century **The Taken** Javier Valdez

Cárdenas,2017-01-26 A massive wave of violence has rippled across Mexico over the past decade In the western state of Sinaloa the birthplace of modern drug trafficking ordinary citizens live in constant fear of being taken kidnapped or held against their will by armed men whether criminals police or both This remarkable collection of firsthand accounts by prize winning journalist Javier Valdez Cárdenas provides a uniquely human perspective on life in Sinaloa during the drug war The reality of the Mexican drug war a conflict fueled by uncertainty and fear is far more complex than the images conjured in popular imagination Often missing from news reports is the perspective of ordinary people migrant workers schoolteachers single mothers businessmen teenagers petty criminals police officers and local journalists people whose worlds center not on drugs or illegal activity but on survival and resilience truth and reconciliation Building on a rich tradition of testimonial literature Valdez Cárdenas recounts in gripping detail how people deal not only with the constant threat of physical violence but also with the fear uncertainty and guilt that afflict survivors and witnesses Mexican journalists who dare expose the drug war's inconvenient political and social realities are censored and smeared murdered and disappeared This is precisely why we need to hear from seasoned local reporters like Valdez Cárdenas who write about the places where they live rely on a network of trusted sources built over decades and tell the stories behind the headline grabbing massacres and scandals In his informative introduction to the volume translator Everard Meade orients the reader to the broader armed conflict in Mexico and explains the unique role of Sinaloa as its epicenter Reports on border politics and infamous drug traffickers may obscure the victims suffering *The Taken* helps ensure that their stories will not be forgotten or suppressed **The Punitive City** Markus-Michael Müller,2016-06-15 In the eyes of the global media modern Mexico has become synonymous with crime violence and insecurity But while media fascination and academic engagement has focussed on the drug war an equally

dangerous phenomenon has taken root In *The Punitive City* Markus Michael M ller argues that what has emerged in Mexico is not just a punitive urban democracy in which those at the social and political margins face growing violence and exclusion More alarmingly it would seem that clientelism in the region is morphing into a private political protection racket Vital reading for anyone seeking to understand the implications of a phenomenon that is becoming increasingly widespread across Latin America

Mexican Security Failure Paul Kenny, Monica Serrano, Arturo C. C. Sotomayor, **From Peril to Partnership** Paul J. Angelo, 2024 Plan Colombia and the M rida Initiative represented an unprecedented effort by Washington to stabilize fragile democracies in Latin America by shoring up the Colombian and Mexican security forces respectively *From Peril to Partnership* evaluates the extent to which the US government achieved its stabilization objectives US assistance was more helpful to Colombia than Mexico which adopted a more militarized approach This book highlights the importance of the private sector party system and security bureaucracy in facilitating progress and how their absence obstructs it

Beyond the Drug War in Mexico Wil G. Pansters, Benjamin T. Smith, Peter Watt, 2017-10-30 This volume aims to go beyond the study of developments within Mexico s criminal world and their relationship with the state and law enforcement It focuses instead on the nature and consequences of what we call the totalization of the drug war and its projection on other domains which are key to understanding the nature of Mexican democracy The volume brings together chapters written by distinguished scholars from Mexico and elsewhere who deal with three major questions what are the main features of and forces behind the persistent militarization of the drug war in Mexico and what are the main consequences for human rights and the rule of law what are the consequences of these developments on the public sphere and more specifically on the functioning of the press and freedom of expression and how do ordinary people engage with the effects of violence and insecurity within their communities and which initiatives and practices of justice from below do they develop to counter an increased sense of vulnerability suffering and impunity

The Politics of Drug Violence Angélica Durán-Martínez, 2018 Over the last few decades drug trafficking organizations in Latin America became infamous for their shocking public crimes from narcoterrorist assaults on the Colombian political system in the 1980s to the more recent wave of beheadings in Mexico However while these highly visible forms of public violence dominate headlines they are neither the most common form of drug violence nor simply the result of brutality Rather they stem from structural conditions that vary from country to country and from era to era In *The Politics of Drug Violence* Angelica Dur n Mart nez shows how variation in drug violence results from the complex relationship between state power and criminal competition Drawing on remarkably extensive fieldwork this book compares five cities that have been home to major trafficking organizations for the past four decades Cali and Medell n in Colombia and Ciudad Ju rez Culiac n and Tijuana in Mexico She shows that violence escalates when trafficking organizations compete and the state security apparatus is fragmented However when the criminal market is monopolized and the state security apparatus cohesive violence tends to be more hidden and less frequent The size of drug

profits does not determine violence levels and neither does the degree of state weakness Rather the forms and scale of violent crime derive primarily from the interplay between marketplace competition and state cohesiveness An unprecedentedly rich empirical account of one of the worst problems of our era the book will reshape our understanding of the forces driving organized criminal violence in Latin America and elsewhere *The Politics of Drug Violence* Angelica Duran-Martinez, 2017-12-13 Over the last few decades drug trafficking organizations in Latin America became infamous for their shocking public crimes from narcoterrorist assaults on the Colombian political system in the 1980s to the more recent wave of beheadings in Mexico However while these highly visible forms of public violence dominate headlines they are neither the most common form of drug violence nor simply the result of brutality Rather they stem from structural conditions that vary from country to country and from era to era In *The Politics of Drug Violence* Angelica Duran-Martinez shows how variation in drug violence results from the complex relationship between state power and criminal competition Drawing on remarkably extensive fieldwork this book compares five cities that have been home to major trafficking organizations for the past four decades Cali and Medellin in Colombia and Ciudad Juarez Culiacan and Tijuana in Mexico She shows that violence escalates when trafficking organizations compete and the state security apparatus is fragmented However when the criminal market is monopolized and the state security apparatus cohesive violence tends to be more hidden and less frequent The size of drug profits does not determine violence levels and neither does the degree of state weakness Rather the forms and scale of violent crime derive primarily from the interplay between marketplace competition and state cohesiveness An unprecedentedly rich empirical account of one of the worst problems of our era the book will reshape our understanding of the forces driving organized criminal violence in Latin America and elsewhere **Mexico's Human Rights Crisis** Alejandro Anaya-Muñoz, Barbara Frey, 2019-01-11 Lawless elements are ascendant in Mexico as evidenced by the operations of criminal cartels engaged in human and drug trafficking often with the active support or acquiescence of government actors The sharp increase in the number of victims of homicide disappearances and torture over the past decade is unparalleled in the country's recent history According to editors Alejandro Anaya Muñoz and Barbara Frey the war on drugs launched in 2006 by President Felipe Calderon and the corrupting influence criminal organizations have on public institutions have empowered both state and nonstate actors to operate with impunity Impunity they argue is the root cause that has enabled a human rights crisis to flourish creating a climate of generalized violence that is carried out condoned or ignored by the state and precluding any hope for justice Mexico's Human Rights Crisis offers a broad survey of the current human rights issues that plague Mexico Essays focus on the human rights consequences that flow directly from the ongoing war on drugs in the country including violence aimed specifically at women and the impunity that characterizes the government's activities Contributors address the violation of the human rights of migrants in both Mexico and the United States and cover the domestic and transnational elements and processes that shape the current human rights crisis from the state of Mexico's

democracy to the influence of rulings by the Inter American Court of Human Rights on the decisions of Mexico's National Supreme Court of Justice. Given the scope, the contemporaneity and the gravity of Mexico's human rights crisis, the recommendations made in the book by the editors and contributors to curb the violence could not be more urgent.

North American Integration Gaspare M. Genna, David A. Mayer-Foulkes, 2013-07-18. The course of events since the implementation of NAFTA has had unexpected elements with significant impacts on North American integration. First has been the rise of China as a larger source of imports and production partner than Mexico. Second has been the rise of security concerns since September 11, 2001. The result has been much stronger integration between Canada and the US than with Mexico. Migration issues are now linked with security, which has risen to a top priority in the international agenda. While liberalization has furnished strong economic incentives for integration, it has not provided a sufficient guide for the political process, which requires leadership and appropriate institutions to coordinate and regulate the special interest groups. A coherent and effective North American integration would be a valuable asset in the context of global integration and competition, yet the issues involved are quite complex and varied.

North American Integration: An Institutional Void in Migration Security and Development examines the current state of North American integration. Editors Gaspare M. Genna and David A. Mayer-Foulkes gather an international group of experts to give a broad, coherent picture of the current multifaceted process of integration and find that institutional development is an essential component. Divided into three sections, the book discusses the determinants of integration and shows that the institutional characteristics of the three countries, including democracy and basic rights, are the most important. Provides examples of institutional building in contexts for which institutions are lacking, specifically labor migration and health issues. Examines issues such as overall security arrangements, trade, drug-related violence, energy, and the continuing wage gap among the countries, which have an important bearing on integration.

Selective Security in the War on Drugs Alke Jenss, 2023-01-09. Paramilitaries, crime, and tens of thousands of disappeared persons: the so-called war on drugs has perpetuated violence in Latin America at times precisely in regions of economic growth. Legal and illegal economies are difficult to distinguish. A failure of state institutions to provide security for its citizens does not sufficiently explain this. **Selective Security in the War on Drugs** analyzes authoritarian neoliberalism in the war on drugs in Colombia and Mexico. It interprets the security projects of the 2000s when the security provided by the state became ever more selective as embedded in processes of land appropriation, transformed property relations, and global capital accumulation. By zooming in on security practices in Colombia and Mexico in that decade and juxtaposing the two contexts, this book offers a detailed analysis of the role of the state in violence. To what extent and for whom do states produce order and disorder? Which social

forces support and drive such state practices Expanding the literature on authoritarian neoliberalism and the coloniality of state power thus linking political economy to postcolonial approaches the book builds a theoretical lens to study state security practices Different social groups enjoying differentiated access to the state influenced the state discourse on crime to very different extents Security practices which oscillated between dispersed organization by a multiplicity of actors and institutionalization with the military materialized as horrific insecurity for social groups thought of as disposable In tendency putting security centerstage disabled dissent The security projects exacerbated contradictions driven by a particular economic model and simultaneously criminalized precisely those that this model had already radically disadvantaged

Contemporary Mexican Politics Emily Edmonds-Poli, David A. Shirk, 2020-03-10 This comprehensive and engaging text explores contemporary Mexico's political economic and social development and examines the most important policy issues facing the country today Readers will find this widely praised book continues to be the most current and accessible work available on Mexico's politics and policy

Reforming Civil-Military Relations in New Democracies Aurel Croissant, David Kuehn, 2017-03-20 This book addresses the challenge of reforming defense and military policy making in newly democratized nations By tracing the development of civil military relations in various new democracies from a comparative perspective it links two bodies of scholarship that thus far have remained largely separate the study of emerging or failed civilian control over armed forces on the one hand and work on the roots and causes of military effectiveness to guarantee the protection and security of citizens on the other The empirical and theoretical findings presented here will appeal to scholars of civil military relations democratization and security issues as well as to defense policy makers

Security, Education and Development in Contemporary Africa M. Raymond Izarali, Oliver Masakure, Edward Shizha, 2016-12-01 This volume delineates the critical link among security education and development in Africa and provides a multidisciplinary framework of analyses and possible solutions Africa has had a long history that embodies layers of mass scale criminality and exploitation not merely from neocolonial and apartheid policies but also from political greed This has impacted adversely on security education and development in a way that deprivation of education and underdevelopment in turn re creates security issues The volume aims firstly to help augment scholarly inquiry into the nexus among in security education and development through the multidisciplinary framework of analyses secondly to provide policymakers and educators with tools and a framework to comprehend the complexity and magnitude of the issues to which they ought to be sensitive and respond and finally to provide caregivers and childcare agencies of the state a comprehensible framework of underlying multifaceted sources of trauma experienced by children in extraordinary circumstances It is organized in four sections theoretical conceptualization on security and development country cases on security and development security and educational development and country cases on security and education Serving as a significant compass to understand and respond to the complex interplay and impact of security education and development in Africa it is of great use to graduates and scholars

interested in Africa Politics IPE security studies and development studies Handbook of Emerging Economies Robert Looney, 2014-03-21 A major new volume in the Routledge International Handbooks series analysing emerging and newly emerged economies including the BRICS countries Brazil Russia India China and South Africa and other likely Turkey Indonesia Mexico and South Korea as well as possible Vietnam The Philippines Nigeria Pakistan Egypt Colombia and Argentina candidates for emerging economy status Chapters on theories surrounding emerging markets including the Beijing Washington Consensus debate offer an overview of current issues in development economics in addition to providing an integrated framework for the country case studies Written by experts this handbook will be invaluable to academics and students of economics and emerging economies as well as to business people and researchers seeking information on economic development and the accelerating pace of globalization Liquid Borders Mabel Moraña, 2021-03-14 Liquid Borders provides a timely and critical analysis of the large scale migration of people across borders which has sent shockwaves through the global world order in recent years In this book internationally recognized scholars and activists from a variety of fields analyze key issues related to diasporic movements displacements exiles illegal migrants border crossings deportations maritime ventures and the militarization of borders from political economic and cultural perspectives Ambitious in scope with cases stretching from the Mediterranean to Australia the US Mexico border Venezuela and deterritorialized sectors in Colombia and Central America the various contributions are unified around the notion of freedom of movement and the recognition of the need to think differently about ideas of citizenship and sovereignty around the world Liquid Borders will be of interest to policy makers and to researchers across the humanities sociology area studies politics international relations geography and of course migration and border studies **The Last Door** Gladys I. McCormick, 2025 As guerrilla groups sprouted up across Mexico in the early 1970s the military and police routinely resorted to extreme acts of violence including the systematic use of torture In The Last Door Gladys McCormick provides the most thorough account of how torture became a crucial and routine practice of the Mexican government's war against subversives Drawing from extensive oral history interviews and declassified government documents the reader is taken through experiences of arrest torture and detention in which forced disappearances became all too common and advocates for justice rallied around political prisoners Torture was not always about extracting information it was also about inflicting punishment on a faceless so called enemy and instilling terror into advocates of social change As McCormick argues torture became a quotidian practice of state making in Mexico during the 1970s leaving individuals and their families forever changed The lack of repercussions for government officials notorious for employing torture even in spite of a growing movement for truth and justice has led to entrenched impunity that is endemic in Mexico as its contemporary security crisis continues

Decoding **Mexicos Security Failure Collapse Into Criminal Violence**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Mexicos Security Failure Collapse Into Criminal Violence**," a mesmerizing literary creation penned by a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

Mexicos Security Failure Collapse Into Criminal Violence Introduction

In the digital age, access to information has become easier than ever before. The ability to download Mexicos Security Failure Collapse Into Criminal Violence has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Mexicos Security Failure Collapse Into Criminal Violence has opened up a world of possibilities. Downloading Mexicos Security Failure Collapse Into Criminal Violence provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Mexicos Security Failure Collapse Into Criminal Violence has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Mexicos Security Failure Collapse Into Criminal Violence. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Mexicos Security Failure Collapse Into Criminal Violence. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Mexicos Security Failure Collapse Into Criminal Violence,

users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Mexicos Security Failure Collapse Into Criminal Violence has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Mexicos Security Failure Collapse Into Criminal Violence Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Mexicos Security Failure Collapse Into Criminal Violence is one of the best book in our library for free trial. We provide copy of Mexicos Security Failure Collapse Into Criminal Violence in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Mexicos Security Failure Collapse Into Criminal Violence. Where to download Mexicos Security Failure Collapse Into Criminal Violence online for free? Are you looking for Mexicos Security Failure Collapse Into Criminal Violence PDF? This is definitely going to save you time and cash in something you should think about.
