Steudeman,2025-08-15 Before the start of the Civil War the US Congress seldom took up the question of education deferring regularly to a tradition of local control In the period after the war however education became a major concern of the federal government Many members of Congress espoused the necessity of schooling to transform southern culture and behavior secure civil rights and reconstruct the Union Absence of National Feeling Education Debates in the Reconstruction Congress analyzes how policymakers cultivated a rhetoric of public education to negotiate conflicts over federalism and civic belonging in the aftermath of the Civil War Reconstruction Era advocates embraced education as a way to orchestrate the affective life of Americans They believed education could marshal feelings of hope love shame and pride to alter Americans predispositions toward other citizens The most assertive educational advocates believed that schools would physically bring together children divided by race or religion fostering shared affinities and dissolving racial hierarchies Schooling promised to be an emotional adhesive holding together the North and South and facilitating US expansion into the West Through protracted debates over national education funding the fate of the Freedmen s Bureau and school desegregation members of Congress negotiated schools potential as a vehicle for social change By Reconstruction s end most members of Congress accepted schooling as an element of national reconciliation To reach this tenuous consensus though legislators sacrificed their call for schools to intervene in the feelings of prejudice resentment and superiority that sustained the culture of slavery Rejecting a transformative educational vision Congress took another tragic step in its abandonment of Reconstruction Focusing on the words spoken in the Reconstruction Congress Absence of National Feeling contends that educational rhetoric appealed to legislators debating whether the federal government could or even should alter public feeling Tracing congressional transcripts between 1865 and 1877 author Michael J Steudeman illustrates that these debates lastingly helped to both define and delimit the possible trajectories of education policy National Library of Medicine Current Catalog National Library of Medicine (U.S.),1971 First multi year cumulation covers six years 1965 70 Catalogue of the Books, Manuscripts, Maps and Drawings in the British Museum
