and minimize study time Our study guides are carefully designed to provide only that clear and concise information you need  
That s precisely why we put Clear Concise on our cover The standard for the study guide industry is to throw in the kitchen  
sink when it comes to making a book meaning you are stuck with hundreds of pages of repetitive information redundant and  
confusing examples and more practice questions than any person could be expected to work through This results in students  
feeling overwhelmed leading to reduced self confidence which leads to lower scores Instead Miller Test Prep has worked  
specifically with tutors Why tutors you ask Tutors specialize in helping students comprehend information that has already  
been presented by a teacher That means they see time and again what students struggle with and what actually works to  
help them They specialize in helping students who have previously failed to succeed We compiled their decades of experience  
helping students just like you into this study guide so you pass the first time In this PERT book we ensure you are thoroughly  
prepared for this critically important test Comprehensive review of all PERT exam sections Reading Mathematics Writing
