Department of the Interior,1889 **A Memorial of Christopher Columbus from the City of Boston in Honor of His Discovery of America** Boston (Mass.). City Council,1893 An account of the anniversary celebration and exercises at Boston Theater in honor of Christopher Columbus discovery of America The Years of O'Casey, 1921-1926 Robert Goode Hogan,Richard Burnham,1992 This documentary history covers a period of Irish political and dramatic climax that had an impact not only on the nation but on the world as well During these years both Ireland and its major theater attained a position however precarious of stability De Valera and the Republicans laid down their arms and entered politics while by a state subsidy the Abbey was formally recognized as the Irish National Theatre The importance of these years goes far beyond Ireland itself because the Irish masterpieces of Sean O Casey *The Shadow of a Gunman* *Juno and the Paycock* and *The Plough and the Stars* made an impact upon world drama nearly as profound as that of Luigi Pirandello or of Eugene O'Neill As this book is a documentary history the story is told primarily through the words of the writers actors producers critics and members of the audience who themselves lived and created the story However these contemporary accounts are frequently amplified and put into modern perspective particularly at crucial moments such as a major production a final production or a death The authors have particularly done so with writers of some importance such as Edward Martyn William Boyle or T C Murray Since the theater of these years was especially influenced by the state of the country the authors give considerable space to the disruptive political events of the times Always however this is done from the particular vantage point of the theater and its workers for the Irish theater vigorously reacted to and quickly assimilated the turbulent political events of the day the raids the reprisals the burnings and the murders These 1 800 days really break into two periods The first comprises the violence of

the Black and Tan War the exhaustion that led to the treaty and the bitterness occasioned by the treaty that led to the culminating ferocity of the civil war The second is politically and theatrically a time of consolidation and assimilation The two early plays of O Casey might well be seen as symptoms of this healing process The wound in the body politic was deep however and not to be so quickly or so easily healed moreover such matters as The Plough row and O Casey s departure from Ireland inevitably seem to be later more lasting symptoms of divisions that still fester in Ireland today The authors account of Ireland s drama is not merely confined to the capital city of Dublin but also to Belfast Cork and the provinces Also included are a full bibliography and cast listings of all the significant new plays produced or published during the period
