Microeconomics William A. McEachern,2009-01-01 Taking a just in time approach by introducing material just as it is needed to develop an argument MICROECONOMICS A CONTEMPORARY APPROACH Eighth Edition truly leads by example In a decidedly non condescending tone McEachern assumes that students are already intuitively familiar with many economic concepts through their own life experiences These life experiences are then explained to students as economic concepts with clear and interesting exposition relevant case studies and a clean focused design The text s major applications take the form of case studies that are meant to be read and therefore are integrated into the flow of each chapter With this eighth edition the book s well crafted approach is enhanced with resources such as Aplia and CengageNOW that will help your students improve their understanding and will help you streamline tasks and save valuable time *Microeconomics* William A. McEachern,2000 McEachern is distinguished by a superior writing style that draws upon common student experiences to introduce economic concepts making economic theory easily accessible interesting and understandable Case Studies and numerous examples take advantage of students intuitive knowledge of economics building upon real life situations A streamlined design places pedagogy and illustrations directly within the flow of the text making it less distracting and more useful for students A fully integrated and sensible Internet strategy sets this text apart by tying numerous in text features to learning enhancements and extensions on a dedicated Web site The Fifth Edition makes unique use of The Wall Street Journal by including resources and exercises utilizing that periodical to help students learn to analyze the latest economic events McEachern is also available in macro split and both micro macro are in the principles text Study Guide [to] Economics, a Contemporary Introduction by William A. McEachern, 2nd Ed John E. Lunn,William A. McEachern,1991

Study Guide John Lunn,2006 *Study Guide, Macroeconomics* John Lunn,2003 *Economics* William A.

McEachern, 2003 In Economics A Contemporary Introduction I draw upon more than a quarter century of teaching and research to convey the vitality, timeliness and evolving nature of economics. This book starts where the students are, not where instructors would like them to be. This edition is filled with down-to-earth examples that turn the abstract into the concrete to help students learn. Topics common to both macro and microeconomics are covered in the first four chapters. My approach to microeconomics underscores the role of time and information in production and consumption. For macroeconomics I use the aggregate demand and aggregate supply model to underscore the fundamental distinction between the active approach and the passive approach. International issues are introduced early and discussed often. I use case studies as real-world applications to reinforce ideas in the chapter and to demonstrate the relevance of economic theory.

Preface **Study Guide** William A. McEachern, John Lunn, 2000 The Study Guide includes the following materials for each chapter of the text: an introduction, a chapter outline with definitions of all terms, a discussion of the chapter's main points, a *lagniappe* or bonus which supplements material in the chapter and includes a Question to Think About, a list of key terms, and a variety of true/false, multiple choice, and discussion questions with answers.
